Two Years Ago Mr. Wm. Reynolds, Havelock, Ont., a Well-known C. P. R. Brakesman, Suffered so From Lumbago That He Could

Pitcher's Backnohe Kidney Tablets Made Such a complete and Permanent cure that he hasn't had a twinge of Pain Since:

There are very few people in Havelock, Ont., or vicinity who do not know Mr Wm. Reynolds, the popular C. P. R. brakesman, whose picture appears here. About two years ago he was laid up with a severe attack of lumbago, which

caused him exercelating pain, so that to stoop aver or turn in bed was agony. He heard of Dr. Pitcher's Backsche Kidney Tablets being a splendid remed. for such complaints as his. He took the Tablets and they cured him. Since then Mr. Reynolds has had no return of his old trouble, and has recommended Dr. Pitcher's Tableta to many men on the road, such as firemen, engineers, conductors and fellow: brakesmen, all of whom from the nature of their occupation are liable to bad backs and kidney trouble, and in every instance the Tablets have done good.

Mr. Reynolds' Statement May 31, 1900. This is what Mr. Wm. Reynolds had to say about Dr. Pitcher's Backache Kid

Tablets on May 31st, 1900, just after he was cured: tti had lumbaga so bad when I got Dr. Pucher's Backache Kidney Tablers from A. C. Denike, the druggist, that I could hardly move. It was most painful to turn There was a dull, nagging aching in the small of my back, continually, and to stoop or assume an upright position after sitting was extremely painful. This was not the only time that I suffered that way ; my case was becoming chronic, and the remedies that formerly gave me relief did not help me now in the least. I found though, that as soon as I started taking Dr. Pitcher's Backache Kidney Tablets, they halped me at once. They have removed the whole trouble. I have neither pain nor lameness now. I cannot say too much for them, and I heartily recommend them. (Signed) "WM. REYNOLDS."

Mr. Reynolds' Statement March 29th, 1902.

When our representative called on Mr. Reynolds recently, he did not hesitate to speak in the highest terms of Dr. Pitcher's Backache Kidney Tablets, and the permanent cure they had made in his case. Said he: -"I have never had any return of that lumbago and kidney trouble which attacked me so severely in the spring of 1900. Dr. Pitcher's Kidney Tablets made a complete and thorough cure then, and I have never been bothered since."

Endorsation of A. C. Benike, Druggist.

Although anyone who knows Mr. Reynolds would not doubt his statements for a moment, still for the benefit of outsiders and strangers, we give the confirmatory statement of Mr. A. C. Denike, Phm. B., the well-known druggist and optician of Havelock, who sold Mr. Reynolds the Tablets:-

"I am acquainted with Mr. Wm. Reynolds, brakesman on the C. P. R., and know that about two years ago he suffered greatly from lumbage and kidney trouble He purchased Dr. Pitcher's Backache Kidney Tablets from me, and claims that they were the means of curing him, and I believe this to be the case. I understand from him that since Dr. Pitcher's Tablets cured him' he has had no return of the

Morgan's Challenge Likely to Be Met by the Dominion.

CONJUNCTION WITH C.P.R.

A Fast Atlantic Steamship and Freight Line, Controlled by Trustees of the Dominion Government, and Working in Unison With the C.P.R. May Be Established-Cabinet Alive to Danger.

Toronto, May 15 .- The Globe's correspondent sends the following: Ottawa, May 15 .- The establishment of a fast Atlantic steamship and freight line, controlled by trustees of the Canadian Government, and working in union with the Dominion's great trans-continental line. This may be Canada's answer to the formation of the great Morgan octopus, which threatens to enfold in its tentacles the trade of this young and bail, and the Crown Attorney agreed | growing country and make the Doto accept two sureties of \$1,500 | minion dependent upon American channels of communication. No mistake is entertained as to the meaning of Mr. Morgan's latest efforts at Commons yesterday, the president of | consolidation. He has not only managed to incorporate the principal Atinformed Rear Admiral Lord Charles | lantic steamship lines in his "merger," but he has with him all the leading United States railways which centre at New York, Boston, Baltimore, Philadelphia and Newport News. The object of this joint railway and steamship car line is to secure a monopoly for the United States of the passenger and freight traffic crossing the Atlantic. The effect of the Morgan combine remaining unopposed would be to make Canadians hewers of wood and drawers of water for the United States.

It is now reported that negotictions have been opened with the C.P.R. looking to the establishment of a fast Atlantic steamship and freight service. The plea is that there should be a weekly passenger service between Canada and Great Britain equal to the best that sails from New York. In order to maintain a good freight service a dozen freight steamers would be required, and the total cost of the undertaking would be \$20,000,000. The Government already has the power to subsidize a line to the extent of \$750,000 a year, but a passenger and freight service, it is said, would involve a million yearly.

The C.P.R. is reported to be willing if the project goes through to allow the fast steamship line to be condovernment. National control would be a guarantee that fair rates would be extended to all Canadian companies and that there would be no discrimination for or against any particular railway.

According to report, the matter is now engaging the consideration of Sir Wilfrid Laurier and his colleagues, and further developments are expected when they proceed to London in June. It is thought that the project will then be discussed with the C.P.R. directors and representatives of the British Government. The unpression is that the handsome subsidy to a purely British undertaking.
