There is no doubt that Bowes & Son have bought the best of the cattle this season, which could be procured in this or any other section. In their last shipment for export Mr. Geo. Foster's and Mr. Trick's are worthy of special mention. Mr. Foster's three year old steer turned the scales at 1670 pounds, for which he received the handsome sum of over one hundred dollars. He also had a two year old, which added to his pile

seventy-seven dollars. Messrs. Eowes & Son are at present taking it a little easy after their hard season's work. They have since Jar 1st, shipped on an average over a carload of live stock every other day, and we doubt much if any other concern in Ontario has done the same. We must congratulate Mr. O'Halloran, of Lindsay, on securing a carload of export cattle from Messrs. Bowes & Son. It is evident he looks after the interests of his patrons.
