NEW CANADA.

Manitoba, Assiniboia, Saskatchewan and Alberta contain, in round figures, 250,000 000 acres of land. About 20,000,000 acres have already been given away as free homesteads, and 50,000,000 acres is a large estimate of the lands unfit for cultivation, the lakes, rivers, and so on. This leaves 180,000,000 acres still to be settled, including, of course, the grants to the Caradian Pacific and other railways. Over and above this there is an area of 16 (060,000) acras of first-class ratch and grain-growing land in the urorganized district of Athaba, sea, saibracking the Peace River country. All told, then, there are 340,000,000 acres of good land waiting for the plough and locomotive in the Northwest. To put it differently, there is sufficcient to furnish 160-acre farms for 2,000,-

000 heads of families. It is just as important, however, that the wiid lands in the older provinces should be opened to colonization. Not having any such reserve, the New England States have almost cosed to be farming States and their population is increasing but slowly. Ontario, Quebec, Nova Scotia and new Brunswick are getting into the same tondition. These old provinces have not spared themselves in their efforts a develop the West, and the West Will agree that it is tome they did sorething for themselves. Making a liberal allowance for bad lands, the area fit for cultivation which will be stand by the Grand Trunk Pacific in Washie, New Brunswick and Ontario s arge enough to provide 100-acre arms for over 1.000,000 heads of minis, say 5,000,000 souls. Without the mirway, this vast territory must temain a howling wilderness of no usa to Canada, whilst at the same time our surplus population will continue to now, during periods of depression.

the United States. The hostility shown to the Grand Truck Pacific scheme demonstrates beyond the shadow of a doubt that the tory cry, "Canada for the Canadians," is nothing more than a hypocritical whine. If Mr. Borden and his ollowers could have their way the great tide of immigration and depment set moving by the Laugovernment would be stayed, many of Canada's sons would be

obliged for lack of homes or employment to go into exile and help build up a foreign country.

ONTARIO FOR ONTARIOANS.

Who will command the Midland Ontario general trade when the Trent Valley Canal opens up that district? asks the Toronto Star. The business men of Toronto, Ham-

or those of Montreal. This is the pith of the Trent Valley outlet question looking at it from the

point of view of local interest. Is Montreal going to be made the recipient of another slice of Ontario

conto and Western Ontario business men sit idly by and watch her obtain another artery of transportation that will extend her operations into a field that a Rochschild predicted would one day be one of the busiest manufacturing centers in Canada if Lot on the continent? If the canal reaches the lake front via Trenton. Montreal will get the major portion of the supply trade because of cheap transportation afforced by returning

"Outerio's trade for Ontario's bisiness men!" that should be the motto. In addition, the advantages or ar open lake port to the Midland district itself must be considered.

An outlet at Port Hope will no interfere with the great object of the Treut Valicy Canal, a safe, all-Canadian barge route to the seaboard for Western wheat. It is the easy andn atural outlet, and Ontario should rouse herself in this impor-

TORONTO'S SITUATION

(Daily Star.) If Trenton gats the Trent Valley Capal the anerchants of Toronto might just as well bid the trade of the Midland district far well. They would not have a chance in competition with Montreal. As matters stand now the Montreal wholesaler can lard his goods on the wharf at Port Hope for exactly the same price as a Toronto man can place his bates and boxes at the same point. It

addition, the Montroal man's would be carried by craft that ald was return freights as incital and charge accordingly, while

Toronto man, to obtain transtation, will have to pay a rate that will reimbursa the barge owntrip light, if inderd he secured nce to thip by water via Trenton to that district at all. The charges are that if the outlet is at Trenton there will be no western traffic at all, and the Toronto man will have to meet Montreal competition with goods sent by rail. Every shipper knows what that means. In the interests of Toronto, Hamilton, and other points, and in the interests of the Midland district itsalf, the outlet should be located at Port Hope.

EDITORIAL NOTES

After a very lengthy review of the Grand Trunk Pacific agreement, the Toronto News concludes: "We disapprove many of the details, and ap- morning's gospel taken from xvi prove the general lines of the bar- chap, of John, Trans The gain. Was there even an important a ords of the dries at pontained piece of legislation every detail of many useful lef and a mewords of which pleased every critic?

to submit to the exactions of the fire insurance company. At a meeting first communion to them. After held Monday they resolved to engage an expert to go thoroughly into the matter, and hinted at introducing competition in the insurence business from the continent. It was asserted that the increase of fire rates was a greater calamity to the city than was the fire itself.

hard on the people. The returns I go you know, and the way you from the Provincial Board of Health show that March was the most fatal month of any during the last seven years, the death rate being 15.1 per 1,000. Consumption carried off 197, while other contagious diseases combined only caused 78 deaths. These figures may well spur on those interested in combatting the white plague, for its ravages are truly appalling.

St. Catharines has a bonus-school tax question, too. The Separate School people compiain that they have to share the burdens of bon:13es and exemptions to aided industries, jet get no share of the school taxes ilton and Western Ontario generally, therefrom. They think that in any future arrangements of the kind provision should be made for an equitable adjustment of the pecuniary matter as it affects them. That does not appear to be unreasonable.

How many words do you use in The scaport city controls general your everday communications with trade to Belleville by reason of her your fellows? Fewer than you think, superior railway facilities. Will To- perhaps. Dr. M. Harris, of St. ents and children alike. It is right Louis, in speaking of the small number of words necessary to ordinary converse, says he has studied the vocabulary of a six-year old draghter who is able to talk freely and express her ideas, and he finds that the total number of words she knew and used was about 352, omitting proper rames, and that 54 per cent thes: were nouns, 18 per cent. verbs, and 11 par cent. adjectives, the remainder being made up of conjunctions, prepositions and pronouns.

> Those Tory organs that laid down the rule that \$225 was sufficient for the election expenses of a candidate for the Legislature, and dec'ared that the Tory "Purity Fund" had been apportioned on that scale, are now confronted with the problem of Young Mr. Dunlop's admitted bill of expenses in the North Renfrew by-election. It amounts to \$7,278.19, plus who knows how much that is not admitted. And \$3,810.25 of the amount is returned as "for liveries and driving," while Mr. Dunlop's "personal" expenses ar eplaced at \$1,626. Was it a "buy" election?

Speaking of the Trent Valley Canal the Hamilton Spectator Says "A very brief glance at the map will show any man having sense that Port Hope is, geographically speak- lad rescued from drowning a tweck ing, the proper place for the outlet. It is the most convenient place, par- Cameron at the iminent risk of his ticularly for Hamilton and other points on the western half of the take, while it is just as convenientto say the least-for the eastern the outlet at Port Hope would put ten. So it has been-apparently-by Peterboro, Orillia, Lindsay and all that country 85 miles nearer Hamilton than by way of Trenton.

LAST SUNDAY. Sermon on the Gospel of the Day by Rev. Fr. O'Sullivan.

At St. Mary's on Sunday morning, after 10.30 o'clock mass, Rev. Fr. O'-Sullivan spoke from the words of the our divine Loreq And I wed to his disciples on the mid of mis passion. The Toronto manufacturers are not His was after instructing them in many things and administered their the last Supper He spoke to them of their parting and said, "You shall know you are my disciples, for the world will persecute you. Let, not your hearts be troubled-you believe in God, believe also in Me. In my father's house there are many mansiors. If I shall go and prepare a place for you, I will come again and This old fashioned winter has been I am you also may be, and whither know." After this the disciples grew sad because Christ was about to leave them -- were sad first at parting with their divine Lord after having remained with him so long here on listening to his teachings daily; and secondly, knowing the suffering and persecution they would

have to undergo from the world. Parting is always sad-which it it be friends separating for a time to go en a journey, perhaps to a foreign land, or on the battle field, or at the grave side. Our divine Lord was also sad at parting with his discirles. He tried to relieve the anguisa of that parting by talling than that "I goeth to Him that sent me." The disciples did not have the courage to ask him whith: r no was about to go; knowing they were sad our Lord said, "It is expedient for you that I tro; If, I go not, the Paracisto will not come, but if I go I will send him to you." Those words of the gospel are applicable to parents who sometimes may be a hindcance to enildren desirousi of embracing a religious life; their opposition arising ont of werdly considerations or illdirected love. The son or daughter should think of those words of our divine Lord, "It is expedient for you that I go." If I go the grace of God may be more fully bestowed on parnot to murmur in a fault-finding If the child goes to heaven it may bring graces to those left hehird; if left on carth it might be certied away by earthly pleasures. As the tree falls so shall it lie." If the tree of our life leans away from God wo cannot expect His faults are corrected. If we lean towards God He will strengthen us.

Saturday's Market

Cwing to the dampness of the weather, the market on Saturday was not very well attended. Eggs sold at 12c. and 14c.; butter, 18c.; chickens, 70c per pair; small pigs, \$5 per pair ; hay, \$10 and \$11 per ton. Mr. Callaghan weighed six or seven loads of hay yesterday, the average price

Found a Cure for Indigostion,

I use Chemberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost alnything I want now .- Geo. W. Emory. Rock Mills, Ala, For sale by all druggists.

Presented With Cuff Links.

Master Harry Bryans, the young ago last Sunday by Mr. "Sandy" life, the other evening presented his saviour with a sett of gold cufflinks suitably engraved, as a memento of the fateful occasion. Mr. Cameron was taken by surprise, as he points as Trenton would be. To fix thought the incident had been forgotthe citizens at large, but gratitude still dwells in the hearts of the parents and the boy. Mr. Cameron is very proud of his gift.

Protective Association. Bob. Independent: A mumerously attended meeting was held at Mr. D. Cain's store on Monday evening to discuss the advisability of forming a Fish and Game Protective Association. It was pointed out that while the fishing in these waters was comparatively good, yet it was necessary that all means should be taken for preserving the fish from unnecessary destruction, and protecting them during the spawning. The regulations were discussed, some favorably and others not so. The opinion that an Association should be formed was generally agreed upon as most desirable and on motion it was carried that those present constitute the Kawartha Fish and Game Protective Association. The following officers were then appointed: Pres. Claes Arabeng, vice ores., Jos. Hunter draft by-laws, Messrs. D. Cain, sr. W. J. Read and the Secretary. A meeting of the Association is called for cil chamber to receive the report of | be found in the Province. committee and get further organized for business. There can be no doubt that the Association will exercise a good influence and that it will assist in the enforcement of the law. We comment the enterprise of the Bobcaygeon people. Similar as-sociations should be formed in Lindsay and Port Perry, and at other points, especially Coboconk. In the course of a few years our fish may mean a million a year expended by

CLEAN SEEDS

We Offer the Best We can Buy in Alsike and. Red Clover, Timothy and other Seeds.

T WILL BE ADMITTED by most farmers that notwithstanding the improved appliances for the tilling of the land, it is a rare thing to find a clean farm The Government, recognizing that the spread of noxious weeds is on the increase, has passed a law to prevent the. sale of impure seed, but it will not deter the farmer from

elling seed to his neighbor. It is a sad fact that a farmer who will work hard early and late, toclean a field and prepare it for a good crop, will very likely sow it with impure seed because he can buy the risky kind cheaper tham the sure kind. This we consider is very poor conomy as many farmers have found to their great cost.

There are over 100 impure seeds to be guarded against While we do not guarantee our seeds to be absolutely pure from all of these, we offer you the very best we can buy, and the cersec.-treas., W. Arnberg; committee to tainty that in any event only a few of the least objectionable will be found therein. REMEMBER, it is necessary to sow good, sound, clean seed to insure a good crop and a good price. Try ours and Wednesday night next, at the Coun- you may rest satisfied that you have secured as good seed as can

SPRATT & KILLEN.

PROVISION AND SEED DEALERS

Ladies! To You We Talk.

This is the Skirt Season and the Ready-to-wear Skirt Season.

You know it's not always possible to get a Skirt made to suit you in fit, hang and style. This fault is corrected and the trouble saved in the neatly fitted, stylishly trimmed, and properly hanging skirts we sell. They are in every quality and color, from \$2 to \$9, and sizes from 32

It Promises again to be a Great White Waist Season.

We have never had such beautiful materials in Cottons and wool. Our Ready-to-wear Waists embrace all the latest creations The Embroidery and Medallion fronts continue to be the favorites, sizes range from 32 to 44.
