

# PREVENT SMUT

The fact is demonstrated that if seed wheat, oat, barley, etc., are properly treated with formaldehyde, smut is certain to be prevented.

Costs too little not to take this precaution. A pound of reliable formaldehyde will destroy the germs on 75 bushels of oats or barley.

## Potato Scab

can be prevented by the same means. We have a special quality of formaldehyde that we guarantee to be reliable. We can tell you how to use it.

## CORRESPONDENT'S LETTERS

### LIFFORD.

(From Our Own Correspondent.) Mr. Robt. Staples, of Cobourg, was visiting friends last week.

Miss Scott, of Fleetwood, was in our village on Sunday.

Mr. and Mrs. Stinson, of Janetville, were visiting friends here on Sunday.

Mr. and Mrs. Hawkins, of Reaboro, were the guests of Mr. McMullin this week.

Miss Ethel Mulligan was home from Port Hope on Sunday.

Mr. Rich Wilson has purchased an interest in that fine stock horse McQuahe. We wish him success in his new enterprise.

### WOODVILLE.

(From Our Own Correspondent.) Mr. C. H. McKee, of the meat market, has been a busy man this spring overhauling his premises and remodeling things generally.

His growing trade has demanded increased accommodation and storage plant of the most modern design has been installed and will compare favorably with anything to be found in the city.

Fresh meats can be kept at freezing point the year round. He has added a line of canned goods of the most toothsome varieties, and has devoted considerable space to this department.

Shelving has been put in the front building, and is being filled with fresh goods as required. Mr. McKee is one of our self-made men, who has been foremost in every public enterprise that has helped to build up our village.

to build a fine new shop, on his old stand, which will improve the appearance of the corner on which it is to be located.

House-cleaning and gardening are the order of the day now-a-days.

GRASSHILL. (From Our Own Correspondent.) Mr. P. Ayres, of Fenelon Falls, is looking after the grain business here for the past few days.

Mr. Arch. Smith is erecting a kitchen to his new dwelling.

Miss Ethel Maybee, teacher, took to the convention at Woodville recently.

Mr. Arthur Saunders is suffering from a severe attack of pleurisy.

CAMBRAJ. (From Our Own Correspondent.) On Friday last the stock force and loading platform at the station were destroyed by fire. The fire is supposed to have been caused by a spark from an engine.

The cheese factory opened on Monday last with the prospects bright for a big season.

Miss Maud Wood was visiting at Glenarm for a few days last week.

On Friday last, Mr. R. Weldon took about 300 cattle to the ranch. It was the biggest number pulled through this season.

Mr. W. Hancock held a small barn raising last Thursday afternoon. Several ladies were also present, which helped to make things in general very lively.

Mr. Perse Owens has been laid off work during this past week owing to a swollen knee.

Miss Edna Webster was the guest of Miss Jewell, Linden Valley, for a few days last week.

Mrs. Arnold, of Lindsay, is visiting her parents, Mr. and Mrs. Cowieson, this week.

Mr. Harrison and family, of Peterboro, are moving to the Fanning cottage this week.

HARTLEY. (Special to The Post.) A word about the Road Commissioners for our Hartley ward this year. We see by the Council proceedings that the Council have imported a Road Commissioner from Lorneville ward, in the person of Duncan A. McFadyen, who is a very intelligent young farmer, but never had any experience in road construction.

We are really surprised that Mr. McFadyen would allow himself to be used as a cat's paw by any person, let alone by the man of great ideas, the intelligent electors of Hartley ward, consider this a gross insult, for they have in Hartley ward men that have had years of experience in road construction, and know the state of all the roads in the ward. This appointment reminds us of the story of the Irishman, who had a mule, so Pat turned the mule out to pasture. "Begorra," says Pat, "I have not seen the mule since I turned her out to pasture." So Pat turned the mule out to pasture to see how he would come along.

It was his usual way to get the mule when she was in the stable, so Pat in his usual flurry, went to get her in the field, but alas! before Pat got his hands on her back, the mule wheeled around and kicked Pat with both hind feet and landed him several rods away from her. When Pat came to his senses after the shock, and was able to stand up, he looked quite sternly at the mule and remarked, "Begorra, what else could I expect from a jockey but this." So the electors could not expect much more from a member of Council than Pat did when he went getting the mule. Such narrow-minded men are very few in our community. But did the other members of the Council go and import their Road Commissioners. No, they knew their business as intelligent men, and selected their Road Commissioners from the respective wards.

We think it would be more honorable for Mr. McFadyen to resign his appointment as Road Commissioner for Hartley ward, and the Council to appoint a man from our own ward.

HARTLEY ELECTOR.

KIRKFIELD. (Special to The Post.) One of the saddest events which have taken place here for many years was the funeral of William Boyd, last of the late William Boydton, aged 21 years, the eldest son of Albert Boydton, of the 8th con. of Eldon. The young man left home last August for the Northwest, and met with his death very unexpectedly on Monday, May 24th, by drowning, while attempting to cross a culvert on his way to Winnipeg. It appears that his horse was compelled to swim, and it is thought he was thrown from his back and possibly struck by the horse in falling. The funeral in Winnipeg on Sunday, May 23rd, from the undertaker's to the station was attended by about forty of the Kirkfield old-time friends. A young brother brought the body home after a few days' delay at North Bay. He arrived in Lorneville on Wednesday morning and was met by several friends, who accompanied the body to the funeral on Wednesday afternoon at 2:30 o'clock on Wednesday afternoon the funeral service was conducted by Rev. T. Wickert, of Victoria Road, the casket for his lesson the story of the raising of Lazarus from the dead, for his text the very appropriate words, "What is thy life?" Mr. Wickert spoke to the young people mainly, and tried to impress upon them the importance of being always ready for the angel of death. He spoke very kindly of the deceased young man and closed his remarks with the warning "Be ye also ready" and doubtless many of the friends present will remember the address for many years to come. After the singing of "Jesus Lover of my Soul" and "Rock of Ages" a closing hymn was sung and all proceeded to the Lorneville cemetery, Kirkfield, where the remains of the deceased were buried in the family plot. Very much sympathy is felt for Mr. and Mrs. Boydton and family and especially for the young brother, who left here only six weeks ago and who was compelled to give up his position of bookkeeper for Mr. A. C. McKenzie, late of Kirkfield, and return home under very sad circumstances. As a mark of their sympathy for the bereaved family a number of the young people of the village met at the home of Mr. and Mrs. Boydton on Tuesday evening and presented them with a very beautiful wreath to be laid on the casket on its arrival, with the simple words, "At Rest," and a card attached seemed to express the sentiment of all his young friends in very appropriate words. "We loved him well, but God thought best, to take him home with him to rest. On the anchor was the one word, "Will-

and a very pretty little sheaf of wheat and two very handsome bouquets were also among the flowers from the young people and other friends. He will be greatly missed here, but he is now enjoying that rest which we all may enter into if we but take the advice of the Rev. Mr. Wickert, "Be ye also ready."

PLEASANT POINT. (From Our Own Correspondent.) Mr. W. Edicott is on the sick list. Mrs. T. W. Brian is visiting her parents in Emily.

Pleasant Point is as popular as ever. Mr. John Hay is putting up a fine cottage for Mr. R. Playfair.

DOWNEYVILLE. (From Our Own Correspondent.) Mrs. Joseph McGuire and baby, Marion, left lately to join her husband at Kinmount. Mr. McGuire, who has recently returned from Michigan, has decided to move his family there. Before leaving Mrs. McGuire paid a farewell visit to her old friends and neighbors, and during her stay, Mrs. McGuire and Mrs. Matthews, who were excoerators of their mother, the late Mrs. Edward Morrissey's will, sold the property and wound up the estate satisfactorily. Mr. McGuire on his way to Michigan spent Easter at Downeyville. We all join in wishing Mr. and Mrs. McGuire success in their new home.

OMEMEE. (From Our Own Correspondent.) The singing was completed. We regret to learn of the serious illness of F. H. McQuade, Dr. Cornwall, the attending physician, pronounces it pneumonia.

Mrs. McKinley, one of our oldest residents, died on Saturday from natural causes and was buried on Monday.

The Victoria Day celebration on May 24th will attract large crowds. Our cricket grounds have been put in good shape. Lindsay cricketers will give an exhibition game with Omemee's fast eleven. A varied program of all kinds of sport on land and water will be contested for prizes.

We do not hear much about the Reform convention at Lindsay, which the Omemee Fire Co. has reorganized. (Balance next week.)

WOODVILLE. (From Our Own Correspondent.) Died, at his family residence, on Saturday last, Mr. George Danes, in his 77th year. The funeral service, which was held in the Methodist church, was largely attended, as the deceased was widely known and highly respected. He leaves a widow and family, all of whom are married.

Miss Mabel Bannister, of Cannington, visited her home on Sunday.

Mr. Malcolm MacEachron, of Hartley, was home on Wednesday evening.

G. A. McKay—as he your tailor? If not, why not? Try him for your spring and summer suit and get satisfaction.—W.

The annual convention of ministers and laymen of the Cannington District, was held in the Methodist church on Tuesday and Wednesday. There was about twenty-five ministers present. Fuller report next issue.

The Citizens' band marched down to the G.T.R. depot and back on Monday evening and gave a few choice selections. They have not lost any of their ability, which won them so much praise this summer, and we hope to hear them many times again this season. Their first engagement is at Cannington on Victoria Day.

Miss Mabel Prouse, who has been visiting friends here, returned home last week.

For a suit or overcoat, try G. A. McKay. His price is right, and work satisfactory.—W.

There is some rumor of the Woodville girls organizing a basketball club. The town should be proud to host of such an excellent team. Villages as Cannington and Beaverton. The Maccabees lodge, of Lorneville, intend holding their annual excursion this year to Niagara Falls on June 1st. It will be a delightful trip, and no doubt will be well attended. Woodville Citizens' band will accompany the excursionists.

KING'S WHARF, (EMILY). Owing to the breaking away of a span of the floating bridge, traffic in that direction has been suspended. It is a great inconvenience to the public in the section. The bridge has been a menace for a number of years. The counties interested have shown a narrow spirit in making appropriations towards the maintenance of the said bridge, more especially the officials of Peterboro county, but they will be glad to supply the money, if it is not too much to ask. The opening of the L. B. & P. Ry. through this section will find a market nearer home.

Mr. J. C. Leary, our leading general merchant, found that his business was outgrowing his late premises, and as a result has moved to more commodious quarters across the way. The day is gone when the people of this section need have to drive to Peterboro or Lindsay, as Mr. Leary has laid in a stock seldom found outside the large towns. The public owe a debt of gratitude to Mr. Leary for being foremost in all enterprises that have benefited the village here, and for his courteous and obliging manner as a post office official, and in his dealings with the public generally, he has made many warm friends.

Miss Stella O'Leary returned home last week, after spending a pleasant visit with Peterboro friends for the past three weeks.

Mr. Chas. Millage has erected a large barn of modern design, with basement, which will be fitted up for stock feeding. The raising took place on Friday afternoon and was attended by a large number of neighbors from the surrounding vicinity.

Miss Piggott, our popular young teacher, who is now in her second year with us, is proving herself a favorite with parents and pupils alike. Not alone in school work is she making her influence felt, but in having an appearance of neatness and cleanliness visible everywhere. Last Wednesday was children's Arbour Day, and many willing hands were employed in putting things to rights. It will be a pleasure for parents and trustees to visit the school and see the appearance of cleanliness that prevails everywhere.

Mr. Don O'Neil has material on the ground for a new dwelling. Work will be commenced on it immediately.

Mr. P. A. Devine, our energetic iron plate dealer, is wearing a broad smile these days. It is a boy.

## THE SQUALID DRAMA

Lord Cecil's Characterization of the Protection Idea.

### CLASP HANDS ACROSS OCEAN

Schoolmasters of England Discuss the Question of Closer Connection of the Empire—Suggestions by Sir Richard Jebb and Dr. Mahaffy—Death of Only White Man Who Could Throw a Boomerang.

London, May 18.—(C.A.P.)—Lord Cecil, speaking at a free trade meeting at Devonshire House, opposed the Chamberlain policy, urging that the people must not let the British Empire be used as a mere stage property of the squalid drama of protection. He should like to offer the colonies commissions in the army, the navy, the Indian and the civil consular service. By being allowed to serve the Empire the colonies would become centres of Imperial feeling, proceeding on the basis of winning for the Empire, and not seeing how much profit could be got out of it.

Clasp Hands Across the Sea. London, May 18.—(C.A.P.)—Sir Richard Jebb, M.P. for Cambridge University (Conservative), speaking at a conference of the Head Masters' League of the Empire, at Canada House, Lord Strathcona presiding, moved a resolution in favor of co-operation in education and the interchange of ideas between institutions at home and beyond the seas. As ties of Empire some 150 schools were already linked for the purpose by the League of Empire, and would be trained in sentiments and convictions in sympathy, kinship and common loyalty to the great Empire of which their several homes formed part.

Dr. Mahaffy argued for some kind of common study of history—some syllabus that would guide all teachers within the British Empire. Historical museums in the different schools of the Empire should be encouraged to enter into mutual exchange. He advocated the foundation of historical scholarships, which should be awarded to each colony in succession, and be held by all the recognized universities of the Empire and he appealed to the educated public of the Empire to carry out the scheme.

English Boomerang Thrower Dead. London, May 18.—(C.A.P.)—The Hon. Harved Finch Hutton is dead of heart failure. He was one of the founders of the Imperial Federation League. He was the fourth son of the tenth Earl of Winchelsea, and was born in 1856. From 1895 to 1898 he sat in the Imperial Parliament as Conservative member for Newark, Notts. Perhaps his most notable title to fame was the fact that he was the only white man who ever could throw boomerangs, like the black aborigines of Australia, where he was a squatter for a number of years.

Aberdeen's Daughter to Wed. London, May 18.—(C.A.P.)—A marriage has been arranged and will shortly take place between Lady Marjorie Adeline Gordon, only surviving daughter of the Earl and Countess of Aberdeen, and Capt. John Sinclair, member of Parliament for Forfarshire since 1897, and one of the Liberal whips. Lord Aberdeen was Governor-General of Canada from 1893 to 1898. Lady Marjorie was born in 1880.

To the Privy Council. London, May 18.—(C.A.P.)—The London Gazette contains the appointment of Sir Henri Elzéar Taschereau as a member of the Imperial Privy Council. Sir Louis was born in 1826, was appointed a judge of the Quebec Superior Court in 1871, and made a judge of the Supreme Court of Canada in 1878. He has been chief justice since 1902.

THE KING'S MAN. Much is Expected in St. Petersburg From New British Ambassador.

St. Petersburg, May 17.—Sir Charles Hardinge, the new British Ambassador to Russia, arrived in St. Petersburg at 1 o'clock yesterday. Because of the part the ambassador is expected to play in carrying out King Edward's desire for closer relations between Great Britain and Russia, more than usual interest in his arrival was displayed in official and unofficial circles. The Government was extremely punctilious in the ceremonial imposed by international etiquette of the arrival of an Ambassador.

So soon as the Emperor returns to St. Petersburg Sir Charles Hardinge will present his credentials, and at the same time deliver a speech, which, it is expected, will reveal, guardedly, of course, the object of his mission. The authorities here attach considerable importance to the Ambassador's relations with King Edward. It will be regarded as being as much an expression of the views of His Majesty as one of the British Government.

In official and diplomatic circles it is generally known that the establishment of better relations between Russia and Great Britain is the object of Sir Charles Hardinge's mission. The specific purpose, however, are still veiled, despite the discreet enquiries made by foreign diplomats of their British colleagues here.

New Crowds Attorney. Hamilton, May 18.—S. F. Washington, K.C., was officially notified yesterday afternoon of his appointment as County Crown-Attorney.

HARTLEY. (From Our Own Correspondent.) Crops are looking fine since Sunday's refreshing showers. All the farmers are now nearly done seeding.

Mr. Wm. Thornbury, insurance and bicyclist agent, of Lindsay, was in our village for a few minutes last week.

Arbour Day on Friday last presented a very busy scene at our school. Mr. D. Mackin had moved to Cambridge.

Large herds of cattle are to be seen daily wending their way to the ranch these days.

## Drawing the Crowds

### More Sensational News OF SUIT SELLING.

We sold more Suits and Summer Clothing last Saturday and all week than any week this season. Get ready for VICTORIA DAY, MAY 24th,

for this week we will put on sale many new stylish lines of Single and Double Breasted Suits, Light Summer Overcoats, Furnishings, Hats, etc., that will make you wonder.
