LINDSAY, FRIDAY, MAY 27.

THE CONVENTION NEXT TUESDAY.

On Tuesday next, May 31st, at 11 a.m., the Liberals of Victoria and Haliburton will meet in convention at the Academy of Music to select a candidate to contest the riding at the next federal elections. According to reports sent in from all sections of the riding, there will be a very large representation of Liberals present, and it may be taken for granted that they will unite in seiceting the strongest candidate, and when the choice is made, and the

nerve to achieve a victory.

if rot publicly, conceds. The proshas been too real and langible to af-Haliburton Counties have shared in struction of the Panama Canal. the benefits of the great industrial, commercial and agricultural expansion that has been fostered by the wise measures of the Laurier Government, it seems to smack of ingratitude to find these counties sending | The Post job department, Workmantwo members to Ottawa who are not ship unexcelled. in sympathy with the Premier and his policy. Now that the Tory nomination has been captured by Col. for his health, and devotes to the service of corporations the talents which should be expended for the ben-

Grit and Tory, decided to put an end to the scheming of an individual who has neglected the interests of his present riding and who would treat his new constituency in the same fashion if elected. We are confident that many Conservatives will take this view of the situation, and will at least abstain from casting their ballots in the hope of ridding themselves of a representative whose usefulness s no longer apparent.

THE GRAND TRUNK PACIFIC.

Sir Wilfred Laurier has displayed great patience in the debate of the Grand Trunk Pacific. The Opposition has been animated by two motivesto gratify the Canadian Pacific b attacking a rival project, and waste time in order, if possible, a throw the general elections over into next wear, when a formable ally, in the form of hard times, might perhaps some to Mr. Borden's aid. Sin Wilfred would have welcomed all fair criticism of the Government's scheme, but, instead of that, the Conservatives have kept the House listening for weeks to far-fetched predictions of disaster, to aspersions upon the good faith of the Grand Trunk directors, and to the mere multiplication of words for the sake of prolonging the session.

It has been argued that the Grand Trunk Pacific is getting too much also that it is getting too little and must return to parliament for re-

scheme has been made much of by Mr. Borden. But he has ignored Mr. Blair's condemnation of his own proposal to acquire the unprofitable Lake Superior division of the Canadian Pacific.

The running power provision has similar provision appears in Mr Borden's plan for reaching Winnipeg, that is to say, he would buy the Laka Superior section of the Canadian Pacific and allow other roads

Mr. Haggart admits that the Canadian Pacific carries wheat in winter from Winnipeg or Fort William o St. John for loading on its Atlantic steamers but insists that Grand Trunk Pacific, with more favourable grades and curvatures, will not be ble to do so.

Mr. Lennox says in effect that the back country of Ontario and Quebec is an irreclaimable desert and the Government, in building the road through it, is simply throwing away money. Then he adds that if there is much good land there, Ministers are neglecting their duty in not retaining control of the line; in other words, in renting it to the Grand Trunk Paci- Gas Co. a couple of 'years ago.

or, denounces the provisional directors of the Grand Trunk Pacific as "fakirs." They consist of such men as Sir Rivers Wilson, who was sent by Lord Beaconsfield to handle the finances of Egypt, and who is chairman of the Grand Trunk Railway, with its 40,000 shareholders in the United Kingdom; Lord Welby, a distinguished public man, and Mr Smithers, one of the best known men on the London Stock Exchange, both directors of the Grand Trunk; to say nothing of Mr. Hays, Senator Cox, and Senator Gibson. "fakirs" have deposited \$5,000,000 as contract. Mr. Osler and his codirectors of the Canadian Pacific deposited only \$1,000,000.

This sort of thing does not enlighten anyone - was not intended to. The Opposition took its cue in this matter from Mr. Osler, and Mr. Osler wants to head off a rival road Meanwhile the West is crying aloud for better rail facilities for handling its constantly increasing crop, and the older provinces, that have been losing ground of late, desire to see their wast tracts of new territory brought within reach of a market. Having to choose between the interests of the Canadian Pacific, and the interests of the country at large Sir Wilfrid prefers to serve the lat-

This is the real issue between the two parties. It became clear when Mr. Bonden proposed to take the Lake Superior section of the Canadian Pacific off its hands, while paying it a price sufficient, at the most battle is on, they will strain every moderate estimate, to complete and equip a better route between Winni-That Sir Wilfrid Laurier and his peg and Sudbury, or North Bay, government will be returned to pow- through American Territory. From er when they seek re-election is a beginning to end the Opposition has fore gave conclusion which even the been steered by Mr. Osler, with the most hide-bound Tory will secretly, object of preventing all-rail competition to and from the West, nationperity of Canada under Liberal rule | al considerations being treated as of no account, just as in the United ford even the slightest cause for dis- | States the existing transcontinental Estisfaction, and as Victoria and roads are fighting against the con-

Was Enjoyed by an Enormous Crowd -It Was a Pitchers' Battle and Lindsay's Daisy Won Out.

Between 900 and 1,000 peop'e assembled at the Agricultural grounds Tuesday afternoon to witness the first league game of baseball. Never before, in the history of the national game in Lindsay has baseball aroused so much enthusiasm or been patzens and visitors as was the case yesterday, when the Peterboro baseball team, with the famous Flaherty, in the box, and Lindsay, the coming champions of the Midland League, clashed together, In yesterday's game both teams

won the good will and praise of the entire crowd by their genial dispositions, gentlemanly carriage, an quist, unassuming manners. The two pitchers had a great battle, only one man reaching first on balls, which were delivered by Flaherty. The latter seemed to be at his best-his head work was fine and the fans were well pleased with his showing. McLaughlin, Lindsay's clever little pitcher, was the hero of the day, his work being very effective. He had speed to ter they had rendered a few numbers | The evening was given up to fire burn and all kinds of balls were deout by both pitchers was large, Belleghem was the receiver for Flaherty and held him down in good style, The Peterboro players were in first-class trim and played good ball, Wareham making two catches, but their hitting was weak. Lamonte, of Toronto, figured on their lineup.

The Lindsay men played an all the way game, and although Miller, Perrin and Workman made costly errors, the playing was of the gilt-edge kind, especially Workman, who figured in a great number of clever plays. On spent Victoria Day under the parenthe whole the two teams played ex- tal roof. cellent ball, as is shown by the score -2-1, but the local men put up the snappiest game, with enough hitting to make it interesting.

THE GAME.

Peterboro went to the bat first, and Sterling friends. batter up for Lindsay, hit to the pitcher, who throw him out at 1st Tend.rs for sewers were next op- Workman also hit to Flaherty, who repeated the trick. Cinnamon hit a high fly and was out,
