

THE FIELD OF SPORT

What is Occurring in the Town and District, and Sporting Circles Generally.

BASEBALL

TOWN LEAGUE TALK.
The Sylvesters may play at Black-stone on May 24th.

Joe Suggitt is settled at last. He will catch for the Orientals. Tom will pitch "Teddy" Miller to drop the pitching game with the Orioles on May 24th.

Artie Parkin has retired from the game for good. Too bad, isn't it? Ryan will in all likelihood play second for the Wideawakes. One will have to be blessed with a good number of pounds, averduoids, and all kinds of nerve to endeavor to push that bag.

Ch. Jenkins looks good for the initial bag with Sylvesters.

Fred Moynes, last year with the Y. M. C. A., will hold down the first corner again this year with the men of the "Rising Sun."

With those awkward slants and spit-balls Bill Cannon will puzzle a few of the wise ones this season.

The C. L. S. have been practising to some extent, and are getting the measure out of their limbs.

Mr. Sam Ferguson, who has been the official scorer for the T. B. L. for the past two seasons, was re-appointed to that position last Friday.

A motion was passed at the meeting of the executive last night, fixing the date before which the certificates have to be returned, on Saturday, May 4th.

TOWN LEAGUE SCHEDULE

The following is the preliminary schedule for the T. B. L., drawn up by the executive last Friday. Paste it in your hat.
May 14—Wideawakes vs. Orientals.
16—C. L. S. vs. Sylvesters.
17—Wideawakes vs. C. L. S.
18—Sylvesters vs. Orientals.
19—Wideawakes vs. Sylvesters.
20—C. L. S. vs. Orientals.

JUNIOR LEAGUE GOSSIP

Mr. Henley expects to have the silver trophy on exhibition in a week or two. It will be a beauty.

TO PLAY ON MAY 24th.

Secretary R. J. Menzies, of the Wideawakes, informs us that he has completed arrangements with the first Sillers-Gough team of Toronto for a game here on May 24. The Sillers-Gough team play clever ball, and defeated St. Michael's last season.

LEADS THE LEAGUE.

Clarence Currie, once the idol of the Toronto fans, but now with Buffalo, was knocked out of the box by his one-time fellow players on Monday, Toronto won by 9 runs to 3, and had the Eastern League with 3 wins and no losses. Big Jack Thoney was the star of the Canadian outfit, and the way he landed on the ball made the fans sit up and stare. His fielding was first class, and he had four hits and two runs were his record for the game.

"KING KEL" GOOD.

Manager Kelly, of the Toronto's, is bound to have his bunch of Maple Leafs win if he has to knuckle down to do the needful himself. No, you don't catch Kelly pulling grass. Instead, he's banging out singles, doubles and three baggers and pulling down the high ones at first base. In the recent Rochester-Toronto game, when the Maple Leafs won by 2 to 1, he secured three of the six hits and drove in the winning two runs with two out in the eighth. Moffitt headed Rochester's only run on a wild pitch and a mess of a slow pitcher.

Eastern League standing up to Monday:

Club	Won	Lost	Pct.
Toronto	3	0	1.000
Montreal	2	1	.667
Jessup City	2	2	.500
Newark	2	2	.500
Providence	2	2	.500
Baltimore	2	2	.500
Buffalo	1	2	.333
Rochester	0	3	.000

Here is Kittredge's opinion of Montreal: "I have a great team this year. Not a weak spot anywhere, and some places very strong. Hill and Shearn at third and short stop are especially fine. The six hits I have a very hard hitting outfield. My pitching staff is first-class; in fact, I don't see how we can lose. We should have had two out of three here, but rain beat us one day and we were three runs to the good."

Bill players, the hardest worked and probably the best conditioned athletes in the world, are the looziest in training rules. Most of them either chew or smoke a few d'ohs, and some are famous for early house or light eating.

SWIMMING.

M. Daniels, of the New York Athletic Club, last Wednesday night, in the tank of the East Liberal baths, slipped 3-5 seconds from the world's 30-yard swimming record, covering the distance in 43.2-5. The record was made in competition. Guy M. Dwyer, of Pittsburg, and two New York swimmers participating.

WRESTLING.

CANADIAN WON
Eugene Tremblay, the stout little Montreal light weight wrestler, is the victor in the match between him and Ackerman, the Yankee. The conditions provided for a weight of

CASTORIA.
The Kid You Have Always Bought
C. H. H. H. H.

138 pounds, the lightweight limit, but Ackerman weighed considerably more and a new match was arranged. Ackerman going in to down Tremblay twice within an hour. The smaller man was too sippy for the big Yankee, however, and his shoulders never once touched the mat.

YACHTING

At Chicago Frank Gatch defeated Beel on the first and third falls for the American championship.

LACROSSE

"NO PLACE LIKE HOME."
So says Pat McDonough, the Beaverton crack, and the Irishman is now safe at home under the wings of Harry Capron. After tantalizing every lacrosse team of repute in Ontario Paddy thought it was getting near May 1st and went back home. They're riled, too—Peterboro, Newmarket and the rest of them, and predict trouble for the rambling Checker.

RUNNING.

THE BOSTON MARATHON.

They're off, the multitude all about, and the great race has begun. More than a hundred runners over the dusty road are strung. Five and twenty miles to Boston ere the trying race is over. Yet each runner hopes to win it, and the record perhaps to lower. Up hill, down dale, the runners go, some falling by the way; But who will be the winner, no one, as yet can say. Where, where is gallant Bennett, and oh! where is our LeBarre—Both men still in the running—from the leaders are not far. But how the rain begins to fall, mud clogs their weary feet; Still onward, ever onward, with the moisture perhaps a treat. Now, the race is nearly over, for the leader is in sight. With no one near to push him, yet he runs with spry might. Hurray! a dusky runner wins it! Oh glorious sight to see. Our maple leaf is on his breast stamped with Toronto's T. Tom Longboat, Canada greets you, and may there be a hot time when you strike Toronto's town.

THE YANKEES CLAIM HIM

It's always a cinch but that when a Canadian accomplishes anything out of the ordinary in an athletic event that the United States papers will claim him as their own. Here's the latest from New York: "Longboat is a Canadian runner. It is true, but it is impossible to get away from the fact that he is just of all an American, with a better claim to that name than any other athlete, and he enters the Marathon race in the Olympic games next year he is picked as the man who will win for the western continent."

HIS FIRST RACE.

Tom Longboat's very first race was run when he but twelve years old. It was with a cow belonging to a neighbor. Tom got her by the tail and ran her around a field till she died. He reaped more trouble than glory from that race.

A HARRIER CLUB.

Long distance running is the craze throughout Canada and everywhere harrier clubs are springing up and training promising youngsters for future honors. A sport that exercises and strengthens every muscle in the body, it must necessarily be looked upon with favor by lovers of beautiful outdoor sports and exercises. The stamina that carries a youngster through the grueling part of a long run is a desirable quality in every walk of life and the "stick-stiveness" is one that must be fostered.

Every city, town and village has men of wind and speed, and a harrier club would be a desirable feature. In our own town, as was evidenced at last year's 10-mile race, we have good runners. Then why not form a Harrier club, under the Y.M.C.A. or some independent colors, and indulge in weekly or fortnightly runs? Every athlete in Lindsay would be interested, and some splendid runners developed.

Longboat and Petch will probably be the Canadian representatives in the Olympic games in England next year.

Brockville is the latest addition to the harrier ranks. The new club has some fast men, and intend having a word to say in a few of the big meets.

Peculiar Railway Accident.

A singular accident happened at Claremont, on a train was going east when a little west of Claremont, a cattle car loaded with ties, situated in the centre of the train, jumped the track and went over the embankment into a farmer's field. The train came together again, coupled up, and went on without stopping.

The Use of Intoxicants.

Peterboro Examiner; Whiskey is the cause of perhaps ninety per cent. of the police court cases. Caution was drunk when he did the stunting, and several young men appeared on a charge of disorderly conduct, also while under the influence of liquor.

A Baker's Triumph

The Mooney Baker cannot produce anything better than **Mooney's Perfection Cream Sodas**. The very best of flour, butter and cream—the most modern plant the very best baker in Canada. A biscuit superior to any other you have ever tasted. Say "Mooney's" to your grocer.

G.T.R. WRECK AT WHITBY

DRIVER ELMHIRST AND BRAKEMAN FARRELL INJURED.

Double-Header left Lindsay at 6 p. m.—Wreck occurred at 9 o'clock.

Last evening at nine o'clock a double-header freight from Lindsay crashed into a car lying "foul" on a siding at Whitby. David Farrell, the front brakeman, was on the engine, and was badly injured. His leg was broken in two places above the knee, and his head badly out. He is in the Ross Hospital at present. Phillip Elm-hirst, driver of one of the engines, had his foot gashed, and a couple of stitches were necessary to dress the wound.

The two engines—Nos. 272 and 273—were badly wrecked, the cabs being torn off. The train was in charge of Conductor A. Seaton, of town. Harry Wilson was the driver of the other engine, and was uninjured.

The freight left Lindsay at eight o'clock. At Whitby a main line train was in the siding to allow the freight to pass. The siding could only accommodate 27 cars and there were 29 on the train, thus leaving one foul. It is not yet known whether it was through the negligence of employees, or whether others had been tampering with the cars, that they were left in this condition. An engine was dispatched from Lindsay this morning about 5 o'clock with the wrecked engines and the injured man. Farrell was taken to the Ross Hospital, where he is progressing favorably. His name is at Stirling, and he has been in town only about two weeks, boarding at Mrs. Hill's, Lindsay-st. He is young, unmarried, and has been on the road but a short time. It will be some time before he recovers. Elm-hirst resides on Cambridge-st. South, and is married, and has a family. His injury is not serious.

MAKES NEW BLOOD

That is How Dr. Williams' Pink Pills Cure the Common Ailments of Life.

Making new blood. That is just what Dr. Williams' Pink Pills are always doing—actually making new blood. The new blood strengthens every organ in the body and strikes straight at the root of anaemia, and the common ailments of life which have their origin in poor, watery blood. Mrs. A. H. Seely, of Stirling, Ont., tells what Dr. Williams' Pink Pills did for her fourteen year old sister, Miss Annie Sager, after other treatment had failed. She says: "For some years Annie had not been well. She would take spells of dizziness and headaches that would last for several days, and her whole body would become dry and hot as though she was burning up with fever. Her lips would swell until near the bursting point, and then when the fever would leave her the outer skin of the lips would peel off. She consulted two or three different doctors, but they did not succeed in curing her, and the trouble seemed gradually to be growing worse. Then we began giving her Dr. Williams' Pink Pills and under this treatment she has recovered her health. The headaches and dizziness have gone, her color is improved, her appetite better, and she has had no further attacks of the fever which baffled the doctors. We are greatly pleased with what Dr. Williams' Pink Pills have done for her, and recommend them to other sufferers."

It was the rich, red blood Dr. Williams' Pink Pills actually make which cured Miss Sager. That is why these pills cure all common ailments like anaemia and debility, headaches and backache, indigestion, rheumatism, neuralgia, St. Vitus dance and the special ailments that prey on the health and happiness of girls and women of all ages. Get the genuine Dr. Williams' Pink Pills for Pale People, with the full name on the wrapper around each box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE CARTERS' GRIEVANCE.

A number of town carters having entered the chamber, it was surmised they had a grievance, and they were invited to unobscure themselves. Messrs. Alf. Robinson and James Hutton were the spokesmen. The former objected to the new rule laid down by the Board of Works that a load of gravel shall measure one and one-quarter yards, and that six loads shall be drawn daily from the town pit by each cart in the employ of the town. It might be possible to do so, if the roads became bad, but it would be impossible to do so. Ald. Rea—"Would it make it any easier if we put a man in the pit to help at loading?" Mr. Robinson—"It certainly would." Ald. Rea—"I told Mr. Bezz that I would draw as big a load as the others, and we really have enough now who are willing to do the right thing. Why, the people were making sport of the bits of loads drawn last year by the carters."

EXCELLS COBBLER'S PLAN

Proposed That the Town's Supply of Coal Ashes Be Used on Parks and Roads.

Meeting of the Council Last Monday Night—Duties of Market and Town Hall Caretakers Defined—The Town Carters' Kick—Other Matters.

A special session of our Town Fathers was held Monday evening, Mayor Vrooman and all members present. The object was to receive the report of the special committee appointed to consider and define the duties of the Market Clerk and caretaker of the Clerk's office, Council chamber, etc., but some general business was also taken up.

COMMUNICATIONS.

From Jas. O'Connell, offering to plant trees on the north end of the town park.—Town Property committee.

From James Chambers, offering to cut the grass on the town parks at the same rate as last year—17s. per hour.—Town Property committee.

From Messrs. McLaughlin, Peol & Fulton, with reference to accounts sent in by G. H. Hopkins, ex-Town Solicitor. The claim for refund on sewer connection was an untenable one—many citizens were paying towards sewers which they were not using. The claim for payment for services in case McDonald vs. Chalmers was likely correct.—Laid on table.

From G. W. Essey, of Toronto Crushed Stone Co., with reference to supply of material.—Board Works.

From G. H. M. Baker, protesting against new granite-like walk placed close to fence.—Board of Works.

From A. W. Cartwright, secretary Board of Railway Commissioners, notifying Council of a session to be held in Lindsay on Tuesday, May 7th, at 10 a.m., and asking that necessary accommodation be provided. Business—to consider the application of the Grand Trunk, re crossings on Kent and Lindsay-sts.—Fyled.

From Messrs. Baker & Bryans, Malvelles Limited and Maund & Son.—Laid on table.

From Dennis Wire & Iron Works, Ltd., quoting prices for expanded metal and beams for walk on west side of St. Paul-st.—Chairman Rea—"I have accepted the offer, it being the lowest."

A number of accounts were read and referred to the proper committees.

From Market Clerk Callaghan, reporting the collection of \$67.67 in weighing fees and tolls during the month of March.—Fyled.

From Chief Neilson, presenting report for March and April.—Fyled.

From secretary Board of Health, enclosing copy of resolution passed at meeting of 3rd April, asking Council to appoint a town scavenger who would have full control of the situation; also to appoint a veterinary surgeon to inspect the cattle supplying milk for town dairies.—On table.

PEITIONS.

From Ira Leslie, George Ingle, and others, asking that a ditch be made for storm water on St. Lawrence-st., from Glenelg to Melbourne-st.—Board of Works.

Ald. Rea, chairman Board of Works, presented a petition from E. Crozier, T. D. Staples, Albert Nichol and others, asking for a granite-like walk on the local improvement plan on north side of Glenelg-st. from Albert to Sussex-st.

From John Hore, Robt. Naylor and Michael Hezen, asking for a granite-like walk on the corner to Regent-st., from Colborne to Regent-st.—Town Clerk, for certificate.

THE BAND'S AFFAIRS.

On motion, Mr. Richard Sylvestre was granted permission to speak.

The band affairs was his theme—the boys were doing good work and were a credit to the town, but he (Mr. Sylvestre) felt they were not getting the support they deserved. The band had been in his firm's debt since organization, and at the present time owed about \$250. Now they require new uniforms, the present ones being nearly three years old, and this item, the salary of a leader, and other necessary expenses, would call for an outlay of \$1200 this year. His firm were willing to be at a considerable cost in order to help the band along, but they could not face the whole thing. Unless the Corporation was fit to contribute \$500 this year, instead of \$300, the band would fall to pieces.

The matter was referred to the Finance committee.

Mr. Hutton ventured the opinion that the men who were drawing the big loads now would quit when the bad weather came—then the town carters would have to go on duty.

Reeve Bezz—"The carters can haul a yard and a quarter all right; when the roads become bad the street overseer can exercise a little discretion and let them load a trifle lighter. The overseer should see to it that all the boxes are measured carefully and are fit to contain the quantity mentioned."

Ald. McLean—"A yard and a quarter of gravel is not too much to draw under favorable conditions, and if the foreman has any horse sense he will know when to make the load light. We should place a good shoveller in the pit to help load and keep the pit roadway in shape to allow heavy loads to be taken out."

Mr. Hutton—"Give us 50c a yard and let us do our own loading."

Ald. McLean—"No, that plan will not answer."

Dep.-reeve Jordan—"Isn't a yard and a third a big average load?"

Ald. McGeough—"It is, I can tell you that when I was working for the town on Wellington-st. bridge I had more trouble with the carters than all the rest bunched together. They removed a bottom board and skimped the load by pinching the box sides, and when I caught them at it they asked for a man in the pit to help at loading. Then they began to deliver one load less per day, and when I jumped on my wheel and went to the pit to investigate I found them sitting around while the man I sent to help them was filling their wagons. I then made up my mind that I would attempt no more work for the corporation, and I haven't."

Ald. McLean—"They are willing to do the right thing now if we give them a man to help."

Ald. McGeough—"Well, he'll have to be a big one or else they'll run on him."

Mayor Vrooman—"The plan may be tried, at any rate."

Reeve Bezz—"The overseer should make it a point to measure all boxes."

CEMENT TENDERS.

Moved by Reeve Bezz, seconded by Ald. McLean, that the lowest tenders for cement—those of Maund & Son and Fincel—be accepted, and the quantity required be divided between them.—Carried.

DUTIES OF CARETAKERS, ETC.

The following report of the special committee appointed to define the duties of the market and town hall caretakers, etc., was submitted by Reeve Bezz:

At a meeting of the committee appointed to investigate and suggest amendments as to the duties of certain town officials, all the members being present, the following suggestions were unanimously concurred in:

1st.—That in addition to the duties of the market clerk, as already defined under the market by-law, he shall keep clean, or have the public closets kept clean, also the drinking fountain and drinking cup attached.

2nd.—That the market by-law be amended by placing the market clerk under the control of the chairman of Town Property, instead of under the control of the Town Property committee, as at present.

3rd.—That the duties of the caretaker, as already defined under the by-law, should be added the taking care of and keeping clean the large hall upstairs, and to heat the same when required to do so. If shall be the duty of the caretaker to keep clean the lock-up and cells, and these duties to be performed under the supervision of, and under the direction of the chairman of Town Property.

4th.—That officials must not purchase supplies without first having an order from the chairman of Town Property.

5th.—That the watering of the streets be under the control of the chairman of Town Property, and that he be authorized to dictate the route and distance for each team.

6th.—That the following by-laws and amendments be repealed: By-laws No. 748, 800, 882, No. 964, and that the Clerk be instructed to draw new by-laws in conformity with the above suggestions.

J. B. BEGG, A. E. VROOMAN, J. O. EYRE.

Mayor Vrooman advised that the by-laws proposed to be repealed be read clause by clause—it was possible that not all of them would have to be interfered with. This was agreed to.

While Clerk Knowlson went on a trip to the vault upstairs for the by-laws required, his Worship took occasion to refer to the open ditch on east side of York-st., from Kent to Pel-st. It turned out that the ditch had been opened by the late John McDonald. On motion Ald. Bezz was instructed to have the ditch tiled and covered in.

Some discussion followed—led by Ald. Eyres—as to the advisability of transferring the granite-like walk proposed for on south side of Glenelg-st., between Cambridge and Victoria-ave. to north side of some street.

Alderman Rea, chairman Board of Works, explained that it would not be necessary to do so, a petition being in circulation for the block mentioned.

The by-laws referred to in the committee's report were next read by the Clerk, whereupon a division of opinion arose as to the advisability of requiring the market caretaker to look after the closets. As Dep.-reeve Jordan and Alderman Devit

of money by not using our coal ashes on the roads. They make grand filling."

Ald. W. Jordan—"On a mud road coal ashes make a grand foundation."

Moved by Ald. McLean, seconded by Ald. Weldon, that carters being formed through the press that they may deposit clean coal ashes on the streets or park under the direction of the town overseer.—Carried.

TOWN SCAVENGING.

HOUSEFURNISHINGS.

Was there ever a time when new furnishings were more needed than in the spring? When the glaring light of the sun streams into a room, whose every corner is laid bare beneath the scrutinizing gaze, 'tis then the particular housekeeper shudders at the picture presented; old worn and faded carpets, lace curtains, frescoed with a legion of holes, which at this season look so appalling. The good master of the house, if considerate, will know that nothing will so rouse the flagging spirits of a tired wife as a few new articles of housefurnishings.

We have some fine new goods in these lines:—

- New Union Carpets, 1 yd wide, from 25c to . . . 50c per yd
- New Wool Carpets, 1 yd wide, from 60c to . . . \$1.00 per yd
- New Tapestry Carpets, from 50c and 65c up
- New Brussels Carpets, in stair and body carpet, \$1.00 up.
- New Union and Wool Art Squares, 3x4 yds, beautiful floral designs, from \$6.00 to . . . \$14.00
- New Brussels, all woven in one piece floral designs, in Brown, Green and Reds, from \$16.00 to . . . \$20.00
- New Floor Oilcloths, 2 yds wide, per square yard, 25, 35, 50c
- New Scotch Linoleums, 4 yds wide, at . . . 50c yd
- New Door Mats, all prices.

In our Curtain Dept. all we can say is we'll maintain our reputation for the best value and assortment of lace curtains in the trade, from 25c to . . . \$8.00 per pair

Art Muslins, Bobinettes, Spotted Muslins, Madras Muslins, Netts, Tapestry Curtains, Chenille Curtains, Curtain Poles, Roller Blinds, Table Covers, Couch Covers, Cretonnes, etc.

These and a host more of other pretty fixtures will transform a plain room into a "thing of beauty."

O'Loughlin & McIntyre.

CASH AND ONE PRICE.

Two Hundred Thousand Pounds of Wool Wanted

For which we will pay the highest Toronto market price at our WOOLLEN MILLS IN LINDSAY.

The usual extra allowance in trade. We have contracts for Government supplies for Indian Blankets, Miners' Clothing for the Cobalt, Blankets and Yarns for the great wholesale house of Winnipeg and Montreal. Wool is what we want. Wool we must have, either washed or unwashed, whichever is the most convenient to the grower. Our increasing retail trade has made it necessary for us to build a new store. You will find it directly opposite our factory on William st., where we will keep a large and well assorted stock of woollen and staple dry goods, and will now be in a position to meet the requirements of our patrons better than ever before. Nothing but the best quality and at the lowest prices. White or Grey Blankets, Flannel Sheetings, fine, firm and closely woven, Home-made Blankets, warranted for 20 years, Unwearable Tweed Pants, made to order, Waterproof Mackinaw Clothing—our own make, Yarns of every description, Hosiery, Socks and Underwear.

Our stock of Shaker Flannels, Singhams, Shirts and Cotton Goods are especially good value. Our connection with the manufacturing trade places us in a position to secure choice selections for our customers' benefit.

Do not promise your wool until you call and see the benefits of dealing direct with the manufacturer.

THE HORN BROS. WOOLLEN CO., LIMITED

and McGeough pointed out, the sentiment connected with the thing was not nice, and while the caretaker was known to be a cleanly man, and might look clean, the recollection of his other duties might prejudice buyers and others.

Ald. Weldon was in favor of having the caretakers attend before Council while the question was being discussed, whereupon Ald. Eyres said he was surprised to hear his legal friend talk that way, he having been one of the first to propose a committee.

Finally, on motion of Ald. Weldon, seconded by Ald. McLean, the several clauses of the report were adopted.

When the appointment of a town scavenger or scavengers was before the Council, Ald. Eyres referred to the town's supply of waste ashes, remarking that if they were placed on the town park or streets they would be of more use than when carted away to the dumping ground.

Reeve Bezz outlined the cause of the scavengers' strike, and Council agreed that the price for removal of night soil be increased from 75c. to \$1.

Mr. Tompkins, caretaker of the dumping ground, was heard. He favored the appointment of a couple of responsible men.

Dep.-reeve Jordan made a sensible suggestion when he said the citizens should not have to run about looking for a scavenger—orders should be left at the police office or with the sanitary inspector. The latter was agreed to.

Moved by Ald. Weldon, seconded by Ald. McGeough, that two scavengers only be licensed, and that the rate be \$1 per bin.—Carried.

Ald. McLean—"To have a load of coal ashes taken to the dumping ground costs 60c., while they could be delivered at the park for 25c. Then again, they could be used on the roads."

POLICEMEN'S CLOTHING.
Night Constable Short appeared before the aldermen to strengthen his request that he be supplied with a new uniform and helmet for summer wear. The winter uniform he was wearing was 18 months old and was shabby, while the cap was weighty—"heavier than his head," as Dep.-reeve Jordan remarked, in jocular mood. He proposed that the purchase of the clothing for the police be left with the Commissioners, and was backed up by Ald. Eyres, but Mayor Vrooman (a member of the Commission) said the act gave them no such power. Finally Ald. McGeough, chairman of the Police and Lighting committee was empowered to act.

By-law No. 1118, appointing an assistant town treasurer, was read a third time and passed, after which Ald. Eyres gave notice of his intention to introduce a by-law regulating fire escapes.

Successful L. C. I. Students.
At the recent Queen's University examinations the following former L. C. I. students were successful:
Douglas P. A. Donnell passed in M. A., Philosophy and Senior English; P. G. McPherson took 3rd class honors in Intermediate Honour English; W
