IMPORTANT NEWS OF THE DISTRICT

Told in Interesting Form by the Bright Correspondents of The Post at the Various Centres.

PLEASANT POINT (From Our Own Correspondent.) We are having rather cold weather at present.

Most farmers are busy sowing their crop once more. Misses Addie and Argie Beatty, of Bobcaygeon, spent a few days with friends here.

Miss A. F. Erien spent Sunday with her friend, Miss K. Hardy, of West Ops. Mr. J. Ware has a gang of men busy cribbing logs in Drummond's Bay.

The people are beginning to return to the point for the summer. Many were sorry to hear of the death of Mr. A. Clarke, of North Ops.

SCOTCH LINE (From Our Own Correspondent.) The growth of the crops seems to be very slow, and will be slow so long as we continue to have young winters each week.

A fine year-old steer was found dead on the Courtney farm a day or two ago. It is not known to whom the animal belonged or the cause of its death.

Mr. Knight, public school inspector, inspected our school on Monday, and on his way to Bobcaygeon. Service was conducted by the Rev. Mr. Bingham in the Baptist church on Sunday morning.

OMEMEE (From Our Own Correspondent.) The program is now fully arranged for Victoria Day for the reception of the Trent Valley engineers at 11:30, followed by a good program of sports.

We shall look for a goodly crowd from Lindsay. They can come around by water, so long as they are at floating bridge, Gibson Creek being all visitors up the river.

Our village will show up well with decorations on Victoria day, and there will be fireworks at night. The Trent Valley engineers consider Pigeon river one of the most salubrious tributaries on the canal.

There will be a hot football match between Omemee and Peterboro Wanderers on the 24th, seeing our boys were victorious at Peterboro last Saturday.

The village is clear of contagious diseases at present. Isaac Richardson, stock dealer, says our new stock yards are not in the proper place.

Dr. Cameron, Peterboro, formerly of this place, is in the hospital with appendicitis. Division court sittings here June 7th.

HIGHLAND GROVE (From Our Own Correspondent.) Mr. Wm. Anderson, the popular grocery traveller for Davidson & Hay Ltd., paid his monthly visit to our town last week.

"Billie" is getting his name up posing for snap shots. Misses K. McIntyre and T. Atchison spent a very pleasant Sunday at the home of Mrs. J. Basotta, at Euphrates.

Mrs. Wm. Ogilvie returned home from paying a flying visit to her daughter, Ethel, who is teaching school near Minden.

Miss Belia Bowen left last week for Lindsay, where she has secured a position in Dundas & Flavell's dress-making department.

POWNEYVILLE (From Our Own Correspondent.) Rev. Bishop O'Connor, of Peterboro, spent Thursday in Downeyville. He visited the two Catholic schools, and drove several miles through the parish.

lock of help, is working from daylight till dark to get in the crop. However, this can't continue, and after the 24th you may look for something more interesting.

JANETVILLE (From Our Own Correspondent.) Miss Ruby Kennedy, of Dunaford, is the guest of her cousin, Mrs. John Bradburn.

The cheese factory will commence operations June 1st, as the patrons have secured a cheese maker, Mr. Murphy, of Ops. Mr. Murphy comes well recommended, and we wish him a successful term in Janetville.

Mr. McGill, who has been ailing for some time, passed peacefully over the border into that better land on Tuesday, May 14th. The funeral to Janetville cemetery on Thursday, May 16th, was very impressive.

Mr. McGill had always taken a very active part in church work, having been a member and class leader in the Methodist church for years.

MOUNT PLEASANT (Special to The Post.) Farmers are nearly done seeding, although the spring has been cold and backward.

The cheese factory is now in full blast under the management of Mr. McAdoo, who, we hope, will succeed not only in pleasing the patrons, but placing our factory at the head of the list for making the best quality of cheese.

The prospect of the Cavan swamp drain being made is brightening, the steam digger being nearly ready for work. With the opening of roads and the canal, the distance will be shortened to our market city of Peterboro.

If this city were the terminus of Peterboro's street cars it would add greatly to our convenience of the prospect.

NORLAND (From Our Own Correspondent.) Death has again visited our community, taking one of our old friends and neighbors, Mr. Robert John Coutermache to his reward.

Mr. Coutermache was an old resident of the village, and he was also a member of the Salvation Army, for a number of years.

He leaves a wife and five children to mourn the loss of a kind, loving father and a devoted husband.

Mr. Coutermache was nearly sixty-nine years of age, and will be greatly missed by his many friends.

The Methodists have purchased a pipe organ for their church here.
