

# SUNSHINE FURNACE

DIRECT DRAFT DAMPER

There is no dust nuisance in connection with the Sunshine. Because the Sunshine is fitted with a dust flue (see illustration.) When you rock down the ashes (no back-breaking shaking with the Sunshine) what dust arises is drawn from the ash-pan up the dust-flue, then across the fire-pot to the smoke-pipe, as shown in illustration, where it immediately ascends to the outer air. Only two things to remember in connection with this operation—open both the dust and direct draft dampers. Sunshine is just the cleanest, simplest, easiest managed, greatest labor saving furnace that you can buy. If your local dealer does not handle the "Sunshine" write direct to us for

### A 'CROSS COUNTER TALK

Customer: "How do you know the colors in Sherwin-Williams Paint, Prepared, are durable?" Dealer: "The colors in S.W.P. are durable and lasting because of the high qualities of raw materials used, the care taken in manufacture and the skill employed in mixing and grinding. The S.W. Co. has its own dry color plant and produces dry colors second to none for brilliancy and strength; operates its own limestone to manufacture all pure linseed oil for S.W. products; has its own lead and zinc mines, and employs a large staff of chemists to maintain the standard of all its raw materials and finished products. With materials of such quality, combined with the thorough assimilating they receive in mixing and grinding, is insured the most permanent and durable colors it is possible to manufacture. S.W.P. wears as long as any paint can wear and retains its brightness and freshness for the greatest possible time."

#### YE MARINERS OF ENGLAND.

Ye mariners of England  
That guard our native seas!  
Whose flag has braved a thousand years  
The battle and the breeze!  
Your glorious standard launch again  
To match another foe;  
And sweep through the deep,  
While the stormy winds do blow,  
While the battle rages loud and long  
And the stormy winds do blow.

The spirits of your fathers  
Shall start from every wave—  
For the deck it was their field of fame  
And the ocean was their grave;  
Where Blake and mighty Nelson fell,  
Your many hearts shall glow,  
As ye sweep through the deep,  
While the stormy winds do blow,  
While the battle rages loud and long  
And the stormy winds do blow.

Britannia needs no bulwarks,  
No towers along the steep;  
Her march is o'er the mountain waves,  
Her home is on the deep.  
With thunders from her native oak  
She quells the floods below—  
As they roar on the shore,  
When the battle rages loud and long  
And the stormy winds do blow.

The meteor flag of England  
Shall yet terrific burn,  
Till danger's troubled night depart  
And the star of peace return.  
Then, then, ye ocean warriors!  
Our song and feast shall flow  
To the fame of your name,  
When the battle rages loud and long  
And the stormy winds do blow.
