FINLAY & CHANTLER

Says we Have an Untidy Town. A gentleman from Owen Sound who is spending a few days with friends, says that Lindsay is a fine town but its citizens have fallen into

vetidy ways, as evidenced by the tivator, that was recently perfected! condition of the streets in all parts by Snider & Mann, of Brockville, and of the town. While admitting that the Council may be partly responsible our visitor places most of the blame on the shoulders of the householders, because they do not evince a proper regard for the neatness of their individual surroundings, the roadside in front of many dwellings being littered with ashes, tree cuttings and refuse of all kinds. He thinks the Council should keep the grass and weeds cut down and prosecute parties who dump refuse on the streets ininstead of having it carted away.
