Work-Engineer to be Appointed. (From Evening Post, June 2nd.) At a meeting of the Board of Water Commissioners held last week, offers for pipe and work were opened ard considered. Tenders were put in by Messrs. Walters, Milier and Chalmers, and that of the latter, being the lowest. . was accepted. Since then Mr. Walters, having learned that

Chalmers' tender was put in several days after the time advertised, entered a protest, and the Commissioners met yesterday in special session to discuss the matter. The members present were Mr. J. D. Flavelle, chairman, Mr. McNeillie and Mr. Brady. In the absence of the Secretary, Supt. Begbie took the minutes of the meeting.

Mr. Walters, in outlining his grievance, said he understood the reception of the Chalmers' tender was an

illegal act. Chairman Flavelle-'I think not; of course, if you could show any evidence of collusion it would be a different thing, but no person could have tampered with the tenders." Mr. Walters-"The fact of two partners tendering, and one of them holding back his tender for a couple of days after the date appointed, doesn't look well."
