VICTORIA CO. CHEESE BOARD

FIRST SALE OF THE SEASON HELD MONDAY MORNING.

Over 500 Boxes Boarded—10 5-8c. The Top Price, offered by Local Man. From Evening Post of June 11. The Lindsay Cheese Board held their first sale for the season of 1906 this morning, when a very small number were boarded—551 in all by 12 factories. The buyers present were Messrs. H. E. Clomes, for Flavell & Co., J. Brown, representing Hudson Bros., Montreal and buying for Mr. Geo. Fitzgerald, and Mr. J. A. Kerr, of Belleville, buying for the Alexander Co., Montreal.

In his opening remarks President Robertson referred to the demise of Mr. Geo. Lytle, who, said Mr. Robertson, had been a great help in many ways to the Board, taking an active part in its affairs, and the Board would sustain in his death a loss. Although the number of cheese boarded this morning was small, the quality was good. He welcomed to the Board Mr. Kerr, who replied that if his firm did business on the Lindsay Board they hoped to be treated on the square, as he would use them. A short discussion took place relative to changing the date of the sale from Monday to the middle of the week, but nothing definite was decided upon. One objection had that the price of cheese might be lowered somewhat on Saturday and on Monday morning they would bear nothing about the drop.

An extension is about to be made to Point Mer, seven miles distant, on Lake Simcoe, when other farmers will put in phones. Mr. S. K. Railway Notes

The platform leading south from the C.P.R. station has been made just double its former width of eight feet, and is being extended to Queen-st. crossing. This will be appreciated by the public. The American Locomotive and Machine Co., at Longue Pointe, Que., is feeling the buoyant progress of Canada and will spend \$1,000,000 this year enlarging their plant. These works were erected a few years ago at a cost of \$2,000,000. Tenders have been invited for the new International freight car repair shops at Moncton, to replace those destroyed recently by fire. The first of the new buildings will be 35 x 630 feet of reinforced concrete. It is to be completed by September 26. Within a month it is expected C.P.R. trains will be running to Bird's Croc, five miles north of Baneroff, and by September next to Maymont, some ten miles further on.

Kintzino, (Sask.) Echo: Six contractors with hundreds of teams are rushing G.T.P. construction north of Esterhazy, Sask. David Hobbs, who was customs agent for the C.P.R. in Montreal, who last summer absconded with fifty or sixty thousand dollars, has been arrested in New York city. Mr. Herb Card, the Royal conductor of the I.B. & O. Ry., was married recently to Miss Mildred Shea, of Wilberforce. The marriage took place in the church at Wilberforce. Mr. and Mrs. Card reside at Baptiste.

Tramway employed by the International Railway Company at Niagara Falls, Ont., had their wages increased one-third of a cent per hour during the month of April. They are now wear silk hats and frock coats in consequence. Five lake steamers have been chartered by the C.P.R. on account of the great expansion of Western traffic on the upper lakes. Large quantities of flour for the east and cement and structural iron for the west are now awaiting transportation.

Orilla News-Letter: The C. P. R. surveyors will reach Orilla tomorrow, in line from Victoria Harbor, to make the final survey for the making of the line to run through here. It is stated definitely by the party that this route is the accepted one. Moreover they are of opinion that work will be commenced by September 1.

The C.P.R. during the present session of Parliament deposited \$1,000 with the Government to renew the charter of the Campbellford, Lake Ontario and Western railway, a fact which in itself is significant. It is an indication that the road will be to go. If built the road will pass through Campbellford, Warkworth and across to Bowmanville or some town on Lake Ontario.

Rumors are afloat of an intended improvement in the G.T.R. train service on this division by starting a "flyer" from Midland to Toronto, and stopping only at Orilla, Beaverton, Blackwater and Toronto. The Midland Argus says: "There is room for a considerable improvement on this division, the remedy is of course, owing no doubt to the lack of company petition, is neglected both in service and in accommodation."

The C.P.R. is inaugurating afternoon train service on its transcontinental routes. Those wishing to take advantage of it will purchase a ticket for 25c. and in the afternoon will be supplied with a pot of tea, rolls, cakes, etc., which will be brought in the sleeping cars. This is an English custom, and it is expected it will be very popular not only with English people travelling on the C.P.R. but with Canadians and Americans as well. The C. P. R. is the first railway in America to adopt this scheme.

A storm centre of Western Ontario was from Chatham to Hamilton and Niagara Falls. The storm swept along the north shore of Lake Erie and covered the 140 miles in an hour and forty minutes. Its velocity was from 50 to 85 miles an hour, accompanied by hail and lightning.

The observatory reported that, "in Ontario and Quebec thunderstorms during the day were both numerous and of marked severity. An important depression which has been hovering over the Northwestern States for the past few days is gradually breaking up."

BRIDGEGROOM SUICIDES. Wm. Walker, Guelph, Who Failed to Appear at His Wedding, Found Dead. Guelph, June 11.—The lifeless body of William Walker, who was to have been married to Miss Mary Smith on Wednesday last, but who disappeared shortly before the hour set for the wedding ceremony, was found floating in the River Speed, near Goldie's mill, Friday. He had committed suicide. The deed is attributed to the fact that he had been laboring under mental depression for some time past and the excitement attendant upon the wedding no doubt intensified his weakness. Three years ago he was to have been married, but returned a few days later in a state of mental collapse. Coroner Dr. Robinson is holding an inquest.

Immigrant Cuts Throat. Belleville, June 11.—N. Parker, a young English immigrant, only 20 years of age, tried to commit suicide near the Platon, Prince Edward County. THE FARMERS' TARIFF. Mr. Clements Raises the Question in the House. Ottawa, June 9.—There is no tariff revision this session, but once in a while the slumbering spirit of high protection awakens and lifts its voice. Yesterday Mr. Clements, member for West Kent, pleaded for a tariff as high as that of the United States on agricultural products. He was promptly met by the opposite view from several Liberals, who claimed more accurately to represent public sentiment. Some progress was made on the Marine and Mounted Police estimates, under comparatively quiet conditions.

ROOSEVELT AND PACKERS.

Former Has Secret Service Men Preparing Another Darning Report—Latter Say They Don't Care.

Washington, D.C., June 10.—President Roosevelt has Government employees busy at work in the preparation of another report attacking the packing houses of Chicago, and this report will be sent to Congress in a short time if action on the meat inspection legislation is delayed. Under the orders of the president two secret service men were detached from their duty of detecting counterfeiters and sent to Chicago to collect information regarding the use of preservatives and coloring matter in packing house products and methods in the preparation of canned and bottled foods. These secret agents have been in Chicago several weeks. They have been very hard at work and have collected twenty-two affidavits bearing on the subject the president ordered to be investigated. These affidavits come from the most part, from former employees of the stock yards and packing houses. The packers profess to be utterly indifferent to what the president does.
