SUNDAY AT THE CHURCHES

WHAT IS HAPPENING IN CHURCH GIRCLES GENERALLY.

Sermons Delivered From the Different

Pulpits Sunday. A large congregation listened to the farewell sermon of Rev. A. J. Vale, curate of St. Paul's who leaves to take charge of the Hay River Mission, Great SlaveLake, on Thursday next. For over a year Mr. Vale has been curate of the church, and during that time has endeared himself to the people. General sorrow was manifested at his coming depar-

He preached an elequent sermon in the evening on the text, "Lo, I am with you alway, even unto the end of the world."-Matthew, 28th chapter, 20th verse. This was the Master's farewell words to his disciples before his pscension. They had learned to know, love and honor him, and now he was going to leave them. How downcast they would be! Before going he said to them, "Got ye into all the world and preach the gospel to all nations,' . The minister then pictured the joy among the angels at Christ's return but Jesus remembers his earthly friends, "Lo. I am with you alway." "God has called me to a far-off land," continued Mr. Vate. I will have the pversight of a mission of six on seven workers and will need your prayerful assistance. Thirty or more litthe ones will have to be brought up in the knowledge of Christ and many forts and trading posts, some of them over 80 miles apart, will have

to be visited. Mr. Vale then expressed his deep gratitude to all for the great kindnesses they had bestowed on him. ' have appreciated, 'he said, "your kind words of sympathy and co-operation," In conclusion, he made

Extended Over Entire Body - Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate - Disease Ate Large Holes in Cheeks - Hands Pinned Down to Stop Agonized Scratching-Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS A MIRACULOUS CURE

"When my little boy was six months old he had ezcema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have itched most fearfully. "We finally thought nothing could help, and I had made up my mind to my wife with the child to Europe, hoping that the sea air might cure him otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before. F. RUSSIAN DELEGATE SPEAKS

Casts Damper at Opening of Hague Conference-Disarmament Only a Dream-Peace Can Never Be Altogether Attained by Nations-Friendly Message Sent to Czar -Blow to the Pacificists.

The Hague, June 17.—The keynote by M. Nelidoff, on behalf of Russia, at the opening on Saturday of the second international peace conference, was a crushing blow to the pacifists. There was no mineing of words when he deprecated the idea of ultimate disarmament and the inauguration of a regime of universal peace was relegated to the limbo of dreams.

M. Nelidoff described this idea as a "star floating far above this mundane sphere, to be always striven for but never attained. Nations, like individuals, he said, quite frankly, "are human, and not the most perfect judicial system ever invented could put an end to strife and violence.

"When honor and vital interests are at stake," the speaker declared, "regardless of consequences, neither the former nor the latter will recognize any authority except personal judgment and personal feelings."

Stripped of its fine phrases, the speech of M. Nelidoff is considered a deliberate warning to the conference to keep down to the plane of the earth, to continue the work of the first conference in the direction of alleviat- Doums. ing the horrors of war and narrowing the chances of conflict by opening wid-

Locking the doors to the room in which the murder occurred, so his little children could not come upon their mother's body, Jackson went to a neighbor's house and telephoned to the police that there was trouble at his house. Then he walked out to meet the officers who were hurried over, and gave himself up.

Ukase Sets Forth Reasons - Plot Against Emperor Said to Have Been Hatched-Demand for Exlusion of Democrats Turned Down-Refused to Condemn Terrorism -Newspapers Are Gagged.

St. Petersburg, June 17.-Emperor Nicholas yesterday morning affixed his signature to an imperial ukase abolishing the Douma and ordering that the election of members to its successor, which was to meet Oct. 14, was to be held under the new election law, which provides against the "submergence of the educated classes by the uneducated masses." This act constitutes a virtual coup

d'etat and overrules the specific provisions of fundamental laws of the realm, solemnly proclaimed by His Majesty on the eve of the convocation of the first Douma, without the consent of Parliament itself. This breach of the constitution is

justified by the great law of necessity, the Emporor's advisers holding it impossible under present conditions to secure a Parliament capable of cooperating harmoniously with the crown to rescue Russia from anarchy and revolution.

The Reasons Why. The ukase is accompanied by a BEST COBOCONK LIME manifesto setting forth the motives which led the Emperor to dissolve the

Russian Press Gagged - Criticism Means Going to Jail.

St. Petersburg, June 17.-Active preparations for the dissolution of the Russian Douma included an order from Gen. Dracheffski, prefect of St. Petersburg, addressed to the municipal press, announcing that the publication of any article inimical to the Government will be considered a misdemeanor punishable by a fine of \$1,500 and three months in jail.

This is the most drastic measure proclaimed against the press since the days of the Black Reaction, and if it is enforced it will entail the suspension of every Liberal newspaper in St. Petersburg.
