YOU WANT THIS PARIS GREEN

The potato bugs are coming and if you want to save your potatoes, now is the time to dispose of the bugs. We have a full strength grade of Paris Green that you will find to be the equal of any that you have ever used in its power to kill potato bugs. Doesn't cost any more than the ordinary grades. Pound, 25c.; 3 lbs. 65c.; 5 lbs. \$1.00.

A. HIGINBOTHAM, DRUGGIST. Nearly Opposite Postoffice, Lindsay.

CORRESPONDENTS' PAGE

NEWSY NOTES FROM NEAR BY PLACES.

GLENARM. (From Our Own Correspondent.) We are very much surprised to see that the Watchman-Warder correspondent has not been called to account for his notorious work before this by those interested in keeping a clean paper. One question is - Who is the correspondency? The answer - he does not belong to our town. We suspect him to be of a low character, eagle eye, eagle beak, a sickly appearance. When in his best gab you would take him to be a young lord. During work hours you will find him going around with a cigar between his teeth and holes in the north end of his pants.

OMEMEE

(From Our Own Correspondent.) The regret to hear of the illness of Nathaniel Fleming, of Ops. at the advanced age of eighty-three. Doctor Keith is the attending physician. Thos. H. McQuade is able to be out again. The marriage of J. C. Stephenson and Miss Laidley, daughter of H. Laidley, took place on Tuesday morning of last week. The cricketers were well pleased with the outing to Lindsay and contest with the L.C.I. club last Saturday. The Anglican church lawn social was a great success. Mr. J. J. Miller, contractor, Lindsay, is going in earnest at the school house.

LINDSAY

Lindsay steamers will have a new route to Omemee this year. A goodly number of our citizens attended the Downeyville picnic and thoroughly enjoyed themselves. The Presbyterian choir has been reorganized, under Miss Rowan, as organist. The farmers are rejoicing over such good times in every respect, and the good crop prospects. (Too late for last week) The crops are promising excellent of all kinds. After a perilous trip through bogs and weeds, with a steam pump, scaring all the fish and snakes to the land, Capt. Baker and his crew made the new navigable trip to Omemee with the steam pump on Thursday. Mr. Miller may possibly use this new route for cheap transportation. Large shipments of stock from these points this week by Moore and Richardson.

DOWNEYVILLE

Downeyville's dismissal in the topic in military and political circles. Some theories wonder how the country progresses under such rule, but the majority are willing to hold on to the gold and shekels flowing in as the result of such good government and let side issues slide. Nathaniel Fleming, Ops, and Chas. Shaw, have recovered again. Our doctors have been busy of late, with cases of pneumonia. The help among the farmers is short now owing to the boys going to Brigade Camp at Kingston. There will be no more cricket matches until after Mr. Bent cuts his hay field. There will be a great gathering of Orangemen to attend divine service

WOODVILLE.

(From Our Own Correspondent.)

The farmers' excursion which left here on Tuesday morning for Guelph was well patronized. This is generally looked upon as being one of the most popular outings of the season. Mr. D. Grant and Miss Kite, accompanied Mrs. J. R. Giddes at Saratoga. They purpose visiting the exposition at St. Louis before returning home. Mr. L. I. Stewart visited Beaverton friends on Sunday. He reports a most enjoyable time. The nobbiest and most stylish trap we have seen in this district. For some time is a rubber-tired buggy, driven by Mr. Jack McDuffy, and purchased from Mr. J. A. Vanstone, of this place. He has set the pace for all the young men of this district. Messrs. D. J. McTae, and Tom Grant spent Monday afternoon at Balsam Lake and were successful in landing some fine specimens of the finny tribe. Whilst being there, the British in their views and sticking to the old maxim of "what we have, we hold," yet those gentlemen were forced to consign again to the water some of the smaller fry, which proved to be below the regulation size. (Too late for last week)

ROHALLION.

(From Our Own Correspondent.) One of the largest May weddings occurred at the R.C. church, Victoria Road, on May 17th, when Mr. Henry McIntaggart, of Uptergrove, led to the altar Margaret R., youngest daughter of Francis McGorry, our town postmaster, Rev. Father O'Sullivan performed the ceremony in the course of the celebration of nuptial high mass at 10.30 a.m. The bride was beautifully attired for the occasion in white. Her train and bodice of real lace, low neck and flowing sleeves, trimmed with silk ruffling, with hat of real lace and plume. Miss McIntaggart, sister of the groom, assisted the bride, attired in glibe organza over yellow, with hat to match, while John, brother of the bride, attended the groom. The interesting ceremony then concluded, and Mrs. McIntaggart accompanied by their numerous friends, drove to the home of the bride's parents, where dinner was served to one hundred and twenty invited guests. The day was pleasantly spent in social amusements, also the evening, the music being furnished by the Wylie Bros., which speaks for the merry making till the wee small hours of morn. The brides travelling suit was a blue ladies cloth, faced with white broadcloth and silk medallions, skirt in panel front and en-train plique, with blue hat. After bidding friends and neighbors adieu the bride and groom departed for Orillia, from thence to Toronto, Hamilton and other points, taking with them the best wishes for a useful life. The numerous and costly presents were held in the community. Maggie's cheerful disposition will be missed in the circle, and it is to be regretted that her joy and sorrow whenever most needed to give a helping hand. We all unite in wishing her all happiness and joy in the new sphere of life and new home in Uptergrove.

COBOCONK.

(From Our Own Correspondent.) Dentist - Dr. Boweman will be at Finlay's again on Wed. July 6th. -w.l. The strawberry festival held on Wednesday evening, 22nd inst., under the auspices of the ladies of St. Catharines church, was a most unqualified success from every point of view. The evening being ideal, the grounds in perfect order, and the ladies in charge uniting in their attention to those present, making it one of the most enjoyable functions of the season. The tables, which were daintily spread with the most appetizing delicacies in fruits, ice cream, confectionery, etc., were well patronized, and many were the flattering remarks of those from a distance who attended on the good taste displayed by the management and for the manner in which each detail was looked after. The village band was in attendance and discoursed some of the popular airs of the day, in a most creditable manner, and intervals during the evening. A short program of vocal and instrumental music was given by local talent. A pleasant feature of the evening's entertainment was the presence of the Rev. Mr. McDonald, Methodist minister, and Mr. Donnel, the young student in charge of the Presbyterian church work here. It goes to show the friendly feeling which exists between the different church bodies in this locality and this is only as it should be. It is another step in the direction of church union. The Rev. Mr. Chaffee was most assiduous in his attentions toward all, and can always rely on the attendance of the people of the vicinity whenever called upon to assist in any similar work of the kind. The receipts of the evening were most gratifying, and all present voiced the same sentiments towards the good ladies in charge who were so painstaking in providing such an excellent evening's entertainment. Mr. A. Ryckman, our village blacksmith, who is also agent for the Frost & Wood firm, had a visit from the Co. representative last week. Mr. Ryckman last season introduced some of the Co's high grade moving machines. The result has been that in the localities where placed orders for this season are more easily obtained owing to the immense hay crops which is now assured. He is looking forward for the present season as being a record-breaker in this line of goods. The sympathy of the community goes out to Mrs. T. J. Richard in the loss of her mother, the late Mrs. Burke Swain, of South Mariposa, which sad event occurred on Friday, the 24th inst. Mr. and Mrs. Birchard attended the funeral, which took place on Sunday, the 28th.

GELETT.

(From Our Own Correspondent.) The picnic at the Dutch Line Friday was the event of the season. Everybody was there. The dancing platform attracted a large crowd, as also did the ice cream booths. Mr. May, of Ravenscliffe, Muskoka, is a visitor at Mr. Wm. McEwain's. Miss Selkirk, of Hantsville, is the guest of her sister, Mrs. M. McDonald. The young people spent a pleasant time at the home of Mr. Wm. Newell Wednesday evening. Miss Peacock left this week to spend the vacation at her home in Stayner. Mr. F. Siskelo, of Silver Creek, N. Y., was a visitor at Mr. D. Kellett's lately. Mr. Andrus, photographer, spent a week here lately and found business in his line quite brisk. On Sunday morning last Rev. J. M. Whyte preached his farewell sermon to a large congregation. Mr. Whyte was for four years Methodist minister here, and during that time has gained the confidence and love of a host of people. As a preacher, there are few who excel him in the pulpit; as a student and thinker there are none more painstaking, thorough and earnest; as a pastor in his best and truest sense there are few, if any more popular, or who wield a greater influence. During his pastorate here Mr. Whyte has passed through many trials and sorrows, yet he was ever faithful and ready to comfort others in adversity, and we owe him

WOODVILLE.

(Too late for last week)

KINMOUNT.

(From Our Own Correspondent.) The early closing had struck our burg, and as far as can be learned the farming community are not taking too kindly to the new idea. We think that in a country village like ours it is a mistake, as a large number of the farmers find it more convenient to work in the evening is cool and their days work done on the farm. It may benefit some half-dozen employes or so, but as a convenience to the public we think it is a failure. A little river donned a busy and amateur appearance during the past two weeks. Drives have been the order of the day. Bothham's passed through about two weeks ago and last Saturday Craig and Austin's arrived, comprising some 90,000 pieces, which will be converted into lumber at their mills here. This is by far the largest set this Co. have handled since they started operations here. The sad news reached the village on Monday last of the death of Mrs. Austin Ford at White Lake, after a four days illness. The funeral took place here on Tuesday and was largely attended. Mr. Ford, who is well known in this district, has the sympathy of the entire community in this, his hour of trouble. Mr. Jas. Mansfield's ice cream parlour are the chief rendezvous for the young people during the pleasant summer evenings we are having. The delicacies served are said to equal anything served in the larger towns or cities. Mr. M. Curtin, of Swamp Lake, was a visitor in the village this week, and the hope of some of our fair ones is that his visits may be more frequent. Mrs. Thos. Jones, of Waterloo, is visiting her sister, Mrs. F. Deltman, of the Dunbar house. Mr. Nelson Green, of Trenton, is visiting his brother Norman, of the Dunbar house. Mr. Napoleon Bonder, an old resident of this place, but who has been living in Michigan, where he has been successful in mining operations, is making a pleasant trip home and friends, during the past week. He has many old friends and associates have given him a hearty welcome.

Opening of the Public Library.

The new Public Library building was successfully opened Tuesday. All afternoon the building was thronged with visitors from town and country, and over 200 registered their names in the book provided for that purpose. The majority were delighted with the exterior and interior appearance, and expressed surprise at the address criticism indulged in by some parties. In the evening a sparsely attended public meeting was held in the Council chamber, when addresses were delivered by Mr. Bain, of Toronto Public Library, Archdeacon C. Innes, Knight, Judge Harding, E. A. Hardy, Dr. Devlin, R. M. Beal, and others. A description of the new Library and a report of the speeches will appear next week.

Card of Thanks

To one and all of Mr. J. H. DeSilborg's patrons, all those with whom he has had any dealings for the past eight years. As far as his knowledge of capacity allows him, he thinks he always made a great effort to please and give every person entire satisfaction if it was in his power. Now he again thanks them for their kindness, who helped him out during all those past years which he had the opportunity of being with them, and desires to state that he has purchased one of the finest optical parlors in Canada, which goes under the heading of "The Ottawa Optical Parlors," 119 Sparks-st., Ottawa, where he has located for good and will stay steady at his office. So will be obliged to quit the road. If at any time any of his customers should have a breakage and wishes a duplicate of their prescriptions, they can always be had promptly by mail, and it will be his constant endeavor, as before, to give entire satisfaction, and should any of them ever be in Ottawa he will be indeed very much pleased to receive them at his office and show his partiality to his old acquaintances. -w.l.

deep gratitude for his persevering and untiring efforts. We regret his departure and wish him every prosperity in his new field of labor.

VICTORIA ROAD. (From Our Own Correspondent.) Dentist - At Chirpaw's, Thursday, July 7th. -w.l. Telephone communications with the outside world is one of the possibilities of the near future with us here. Arrangements are under way for having the Bell Telephone line extended from Kirkfield to Raven Lake via our burg. This will be glad news for our citizens. Mr. Anderson's new store is about completed and our village may justly feel proud of having such a bright, modern, up-to-date structure in our midst. His growing trade demanded increased accommodations, and the public will be glad to know that better service will be meted out to them in his new quarters even than in the past. Mr. Gilbert McFadden has opened out in the blacksmithing line. We bespeak for him a fair share of public patronage, as we feel there should be work enough in the vicinity to keep two shops running. Mr. S. A. Cunningham, late G.T.R. agent here, and family, have left us and gone to Milton to reside. Mr. Cunningham is about to accept a position in the Northwest. Mr. E. B. B. purchased the drug business off Mr. Fielding and taken possession. We welcome Mr. Baker and family to our midst. The Raven Lake Cement Co. have everything now in readiness to start operations. It is expected that by the first of July, things will start in full blast. Mrs. R. A. Anderson is at present in the city under the care of a medical specialist. Mr. Anderson returned home this week, after spending some days with Mrs. Anderson, and reports her condition as being somewhat improved. Miss Kate Drury, who spent the past two years in Manitoba, is visiting at home, and may remain for the summer. Messrs. Newton Magwood, of Toronto, and Howard, of Lindsay, are visiting at the home of their uncle, Mr. Henry Magwood.

It may benefit some half-dozen employes or so, but as a convenience to the public we think it is a failure. A little river donned a busy and amateur appearance during the past two weeks. Drives have been the order of the day. Bothham's passed through about two weeks ago and last Saturday Craig and Austin's arrived, comprising some 90,000 pieces, which will be converted into lumber at their mills here. This is by far the largest set this Co. have handled since they started operations here. The sad news reached the village on Monday last of the death of Mrs. Austin Ford at White Lake, after a four days illness. The funeral took place here on Tuesday and was largely attended. Mr. Ford, who is well known in this district, has the sympathy of the entire community in this, his hour of trouble. Mr. Jas. Mansfield's ice cream parlour are the chief rendezvous for the young people during the pleasant summer evenings we are having. The delicacies served are said to equal anything served in the larger towns or cities. Mr. M. Curtin, of Swamp Lake, was a visitor in the village this week, and the hope of some of our fair ones is that his visits may be more frequent. Mrs. Thos. Jones, of Waterloo, is visiting her sister, Mrs. F. Deltman, of the Dunbar house. Mr. Nelson Green, of Trenton, is visiting his brother Norman, of the Dunbar house. Mr. Napoleon Bonder, an old resident of this place, but who has been living in Michigan, where he has been successful in mining operations, is making a pleasant trip home and friends, during the past week. He has many old friends and associates have given him a hearty welcome.

(From Our Own Correspondent.) The early closing had struck our burg, and as far as can be learned the farming community are not taking too kindly to the new idea. We think that in a country village like ours it is a mistake, as a large number of the farmers find it more convenient to work in the evening is cool and their days work done on the farm.
