DOMINION DAY SPORTS A SUCCESS.

The Coming of the Circus Diminished the Attendance from Country Points, but the People of the Vicinity Turned Out Well—The Aquatic Sports in the Morning Proved a Great Attraction and About 2500 Spectators Witnessed the Opening of the New Half-Mile Track at the Agricultural Park in the Afternoon.

The celebration witnessed by our citizens and visitors last Friday, Dominion Day, was the fifth of the series under the auspices of Lindsay Lodge, No. 100, I.O.O.F., and whilst it cannot be classed as the most successful of them all, those in charge have reason to be well satisfied with the results of their labors for the common good. The committee in charge comprised W. Scott, chairman; R. M. Fee, secretary; Jos. Carroll, treasurer; and E. Williamson, W. Miller, W. Dunoon, and C. D. Dyke.

The day opened fine and the town presented a gala appearance owing to the decorations everywhere displayed. Kent-st. never looked better, the thoroughfare had been sprinkled early, and a majority of our business men had their store fronts made gay with flags, banners and bunting. At 10 o'clock, the hour set for the starting of the water sports, it was realized by the committee in charge that the coming of Forepaugh & Seils Bros' big circus on July 15th had interfered sadly with the attendance from distant points. The trains from Haliburton and Cobocook were not crowded, and the steamers could have accommodated double the number on board. But the citizens and country people turned out as never before.

THE AQUATIC SPORTS.
The water sports took place over the course above the locks, and long before 10 o'clock the river banks and the roofs of buildings commanding a view of the course were lined with spectators numbering probably over 2,000. Great interest was taken in the events, which lasted until 12.30. The Judges were Messrs. Fremont Crandell and John Carew, who were the right men in the right place. The events and winners are given below: Single Canoe Race—1st, Adam McCabe; 2nd, Percy Nicholls; 3rd, Geo. Hudson. Tub Race—1st, Elsworth; 2nd, Hand. Upset Race—Purse divided among contestants—Robt. Spratt, Elias Perrin, Arthur Rathmell and Fred Sadler. Swimming Race, 100 yards—1st, C. Seaton; 2nd, Geo. Walker! Double Canoe Race—1st, Nicholls & Hudson; 2nd, Reeves & McCabe. Gasoline Yacht Race (handicap)—1st, Thomas; 2nd, R. Morgan; 3rd, Jas. Reid. Greasy Pole—1st, A. Rathmell; 2nd, R. Spratt; 3rd, E. Perrin, Burke.

AT THE GROUNDS.
Quite a large crowd assembled at the Agricultural park at 1.03 to witness the commencement of the lacrosse match between the All Saints (Toronto) and Lindsay teams and the crush continued until 2 o'clock, the hour fixed for the opening horse race. At that time the crowd numbered in the neighborhood of 2,000 and the grand stand was crowded uncomfortably, the ticket seller coming in for a great deal of criticism because many persons were given tickets after word had been sent to the grand stand. The result was that the late-comers were compelled to stand, and in that position interfered with the view of those having seats.

The races were tame, and in the opinion of many the money paid out to the horsemen was thrown away. An effort must be made to rescue these speeding events from hippodromic influence or in the near future it will be impossible to attract a crowd no matter how good the horses or how large the purse. Some of the heats were rather exciting, but everything seemed to be cut and dried. The new track is a bit heavy but before Central Fair time it will be levelled down and receive a good top dressing of cinder.

The judges of the horse racing were Messrs. J. W. White, H. A. Middleton and D. Sinclair.

The Lacrosse Match.
The game of lacrosse proved to be a good drawing card and was enjoyed by all, although at times it was a little rough. The All Saints came down with a strong team, but our boys held them down to a tie 3-3. Both teams played a good game, but were hindered in the latter part of the game, by the spectators crowding on to the grounds and hindering the play considerably. The game was well contested throughout, there being neat work done by both teams, together with hard checking and good "com." In a game Saturday the All Saints defeated the Broadviews, of Toronto, in a Toronto league game. The Broadviews play here on August first.

The performance in front of the grand stand were not first class. Some of the work was amusing and a few acts were clever, but taken as a whole it was mediocre in quality. The Glycerator band rendered good music during the afternoon, and added much to the pleasure of the spectators.

ABOUT THE TOWN.
The proprietors of the many booths erected down Kent street report a poor day's business and considerable unsold stock to dispose of.
Mr. Sharpe's merry-go-round was located on the lot opposite the Public Library and was kept fairly busy during the afternoon, but the proprietor cast many yearning glances at the smooth Market Park lawn, where he had attempted to locate it. Mr. Geo. Brown's miniature railway was located on the borders of the west park. He had 100 feet of track and seven coaches in commission, and his full trains would excite the envy of Conductor Dan. Mc-

Millen, in charge of the G.T.R. Petrol Station.
Merchants report a poor morning's business, and the clerks say, "I told you so."
Our hotel men were fairly well satisfied with the day's receipts. Some of them had made preparations to face a multitude, and the receipts from the dining room fell far behind last year, but the bar trade was good.

"KATHLEEN MAYOURNEEN"

The Enjoyable Attraction at the Academy on the Evening of July 1st.
A very good house attended the performance of "Kathleen Mayourneen" at the Academy of Music on the evening of July 1st. Everybody is familiar with the story of this ever popular Irish drama, and the presentation it received at the hands of the Irwin Stock Co. will certainly not detract from its popularity.

Mr. Thos. Irwin gave a very manly and artistic portrayal of Tarance O'More and certainly pleased everyone, while Miss Annie Ashley, as Kathleen Mayourneen, won the sympathy and friendship of the audience, by her clever and painstaking acting. Mr. Edwin L. Benson, in the role of Bernard Kavanaugh, showed himself to be an actor of more than passing ability, while Mr. F. Richard Allen, in the different characters he assumed, displayed uncommon versatility; particularly in the small part of Father O' Cassidy did he impress one as being an actor of intelligence and force. Miss Alice Walker made a very winsome Kitty O'Leary, while the "Lady Dorothy" of Miss Marion Willett contained the requisite touch of dignity demanded by the part. Mr. Morris Monroe, who is none other than Mr. Jack Walker, of local amateur fame, did great credit to himself in the part of Captain Clearfield, and was very heartily received on his first professional appearance. Considerable comedy was extracted from the part of Red Barney by Mr. Frank Jusis, while all the other characters were acceptably taken.

It is to be hoped that in the near future the Irwin Stock Co. will favor the people of Lindsay with a performance of another play.

SOME VALUABLE POINTERS.

How Winter Road Work is Done in Carleton County.
The following item, taken from one of the bulletins issued by the Department of Agriculture, should interest some of our township municipal authorities:

The township of Osgoode, or at least, the greater part of it, has now for two years commuted statute labor, which was paid in our taxes. The road work is superintended by commissioners appointed by the Council. We find that we get more work, and better work, done than under statute labor. The work is done at the right time, and the roads are kept open in winter. Men are appointed in each district to plow out the roads after every storm, and travellers going through the township are never delayed. Common plows attached to the side of the horse-drawn road are used. The cost of this work is 25 cents an hour for man and team. It takes four hours for a man and team to plow out a five-mile route. Very little shovelling is necessary, as the road is never allowed to block up.

The Question of Baldness.

This is a vital question with hundreds of men who are bald or partially so. How to overcome the disfigurement lent by baldness is a simple matter when you consider the perfection of modern art in the making of Wigs and Toupees. The visit of Prof. Dorenwend, of Toronto, to Lindsay on Saturday, July 3rd, when he will be at the Benson house, renders it possible for any who wish to consult him to do so at his private apartments retained at Benson house, or at the Industrial several times. Demonstrations given to show the perfect naturalness of his Wigs and Toupees. Do not miss this opportunity. Remember the days and dates.—dw.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Frank Biggs, of Franklinville, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by all druggists.

Peterboro County Examiners.

Examiner: The Warden and members of the County Council know, and the people should know, that the books of accounts and the accounts of the country are in a deplorable condition of confusion. The Examiner has no desire or wish to take an alarmist attitude, but it seems to be our duty to point out that it is the duty of the county council to see that the books of accounts are in a proper condition. The Examiner has no objection to the opening of the books of accounts to the public, and it is recommended that the books be opened to the public at the County Council's expense. This should be the first step towards an account of the county's affairs. The Examiner has no objection to the opening of the books of accounts to the public, and it is recommended that the books be opened to the public at the County Council's expense.
