

FORCED TO VACATE from SEPT. 1st, 1906, to MARCH 1st, 1907

Yes, We Must Move so the Prices Are Down on Almost all Stocks

There's a difference between a "manufactured" sale and a sale that is forced by legitimate circumstances. Not necessary to explain our legitimate reasons—people know we must vacate our store by Sept 1st. This necessitates the reductions of stocks at sacrifice prices. It's a case of sell the goods quickly.

We cannot list all the sale goods here, but we want to know if money-saving is anything to you, that there's big profit in coming here for all your summer needs. We must sell out the goods and shall have the bargains. Don't miss these,

OPPOSITE THE POST OFFICE, LINDSAY.

YOUR DINING ROOM

should afford evidence of refinement and good taste, and to convey this impression the furniture must be substantial and present a good appearance. The day for rickety "scrap-heap" furniture in the dining room has passed, just as surely as the crude three-legged stool of the pioneers is no longer to be found in our kitchens.

WE ASK YOUR INSPECTION OF OUR STOCK OF Dining Room Cabinets, Extension Tables, Chairs of all Kinds, etc.

Every housekeeper has an instinctive love for Silverware, fine China and Glassware and spotless Napery, but the effect of these falls short unless the furniture in the dining room is in keeping with the table fittings. No good reason why it should not be, you will say, when you learn the low prices we have put on our beautiful goods.

A COMFORTABLE COUCH finished in Leather or Rug Covering will not be out of place in the dining room. See our stock.

M. E. TANGNEY, No. 25 Kent-st., Lindsay. Nearly Opp. Benson House.

OUR BOARD OF EDUCATION

DISCUSSION ON SUBJECT OF TEACHERS AND THEIR SALARIES.

Chairman Stewart Has Plans, But They Call for Money. The following members were present at the regular monthly meeting of the Board of Education held last Tuesday: Messrs. Stewart, Chairman, Jackson, Carew, Blanchard, Jeffers, Gillespie, Staples, White, McWatters, Anderson.

A letter was read by Secretary Spier from Miss M. Thomas, teacher, stating that she had been on the teaching staff twelve years and thought that an increase would not be out of the way, but as she had secured Miss A. Ward's position at the latter's salary, the Board decided not to entertain the request this year.

Chairman Stewart read a statement of the Town and County fees. Principal Broderick reported to the Board the position taken by Miss Brandon, who was willing to accept the position on the public school staff if the salary was increased. The Board decided that they could not engage any teacher at a salary over the minimum already paid to other teachers, as it would disarrange the whole system.

A snappy discussion then followed over the engagement of Miss Jackson, of Orillia, as teacher. Mr. Staples asked the Chairman if it was wise to make so many changes in the teaching staff of the junior department of the east ward school. He thought that the pupils did not advance fast enough, and that so many changes was unfeasible. He contended that the pupils were not being advanced fast enough, illustrating his remarks by citing an example where a young girl had been in the first book for two or three years. He considered that when a pupil had been in a book that long he or she would soon grow tired of school. No need to say that he wasted three years in the junior book— he wanted an education and didn't want to spend a life-time in getting it.

Dr. Gillespie thought that Mr. Staples was taking the bull by the wrong horn. He was of the opinion that there was a tendency in the present age to go ahead too fast—there was too much ambition to get ahead. The child would find it unprofitable and shouldn't be hurried. Mr. Broderick was asked for his opinion, and said he supposed the question the Board had to consider was as to the wisdom of transferring teachers in the east ward school. He explained that it was hard to secure a good physical teacher for the third book when one was required, and it was for that reason that he had tried Miss Limerick from the east ward school. Mr. Broderick spoke on the lack of accommodation, and said he considered the change in teachers a good thing.

Chairman Stewart said he was satisfied to create Mr. Broderick general manager of the schools. The great trouble was that the Board didn't have enough money, but he thought that they were getting all that the people felt like giving, and they were doing their best with the money they had got. He had various ideas which he would like to see carried off, but for which money was required. At the present time most of the teachers had too much to do. Mr. Stewart said that if they had the money he would like to see tuition engaged.

Mr. Jackson said they would soon need more money anyway as salaries were soaring higher, and the teachers would be leaving towns and villages. A short discussion arose over the ill-health of one of the female teachers on the Board. Dr. Gillespie handed in his resignation, which on motion of Messrs. Carew and Staples was accepted. It was moved by Mr. Jackson, seconded by Dr. Jeffers, that a suitable testimonial of appreciation of Dr. Gillespie's past services on the Board be put on record, after which the meeting adjourned.

DOMINION DAY SPORTS AT MINDEN

Good Crowd in Attendance—Names of Various Prize Winners. Skiff Race—1st Harry Welch and J. Fairfield, 2nd R. H. Baker and Stanley Baker.
Men's Swimming Race—1st J. Hutchings, 2nd Victor Soward.

COAL OIL IN ENNISMORE TP.

HICKSON BROS' FARM BELIEVED TO HOLD THE TREASURE.

Should the Project Proceed Township Will Grow Rapidly. Peterboro Examiner: Will Peterboro County have an oil well within its limits in the near future? This is a question which is being answered in the affirmative by many residents of Ennismore and from present indications, appearances are in favor of the big project being accomplished.

The oil is situated on the farm of the Hickson brothers, about two miles north-east of the Cross. Indications of its presence were first noticed a few weeks ago by Mr. Hickson and at the first opportunity he secured an expert who went over the land where the petroleum was supposed to be hidden.

The expert was Mr. Nelson of Seattle, and although he has not yet given out an official statement, his reticence only lends a more hopeful aspect to the proposition of establishing an oil industry in Ennismore township. Should this be done, and from the present outlook no scheme ever looked brighter, the future history of Ennismore will be materially changed. A large number of men will be necessary to run the factory and railway connections will no doubt be made.
