London, Toronto, Montreal, Winnipeg. Vancouver,

St. John, Hamilton, Calgary.

Local Agent

Customer: "liew do you know the colors in Suc. vin-Williams Paint, Propared, are durable? Dealer: "The colors in S. W.P. are durable and lasting because of the high qualities of raw materials used, the care taken in manufacture and the skill employed in mixing and grinding The S-W. Co. has its own dry color plant and produces dry colors second to none for brilliancy and strength; operates its own linseed oil mill and manufactures all pure linseed oil for S-W. Products; has its own lead and zinc mines, and employs a large staff of chemists to maintain the standard of all raw materials and finished products. "With materials of such quality, combined with the thorough

assimilating they receive in mixing and grinding, is insured the most permanent and durable colors it is possible to manufacture. S. W.P. wears as long as any paint can wear and retains its brightness and freshness for the greatest possible time."

PROFESSOR DORENWEND

DURING THIS VISIT MAN TO MAN-ABOUT BALDNESS

If you are bald, or partially so, you must realize that it makes you look old. Notwithstanding the desire to have back your one time bushy head of hair, you hesitate before wearing a natural hair covering, simply because you imagine it is going to be noticedby others. Now you never made a greater mistake. Thousands of men, who thought the same as you do, are to-day wearing a

DORENWEND PATENT TOUPEE

and instead of carrying the handicap that baldness proved to them, they are now enjoying the advantage of "looking young," and that is what counts to-day in business and social life. They act as a protection, preventing colds and catarrh, so common to bald men. Now do not neglect this opportunity-come and see for yourse'f. A few minutes' demonstration will convince you.
