NEWS OF THE CHURCHES

The Establishment of God's Kingdom on Earth—Articles Bearing on Church Work at Home and Abroad—Carefully Selected Contributions will be Received for Publication in this Column.

THE OLD-FASHIONED HELL.
The belief in a literary hell—a place of torment—was expressed at the closing meeting in the series of camp meetings held lately at Peterboro by the Free Methodists, in an impassioned sermon preached by Elder Northington, of Warkworth, who, for fifty-five minutes, preached on the subject of hell, its nature, those who shall be turned into it, and the condition of the occupants of the place of punishment.

He pictured, in plain and forcible language, the place described as the ultimate end of those who reject God, and warned his audience against the horrors of hell, which he declared God's Word said, was a place where the occupants were forever dying and never dead, where they became more conscious of their suffering condition every hour. The speaker believed God's Word when it stated that hell was a lake burning with fire and brimstone. This place of punishment, he declared, was inhabited by "fallen angels and men who sinned against God and were unrepenting."

In answer to the opinion expressed by some persons, who said that hell did not mean all that the Free Methodists made it mean, he declared that it was not what they said it meant, but what God made it.

People those days, the speaker said, did not like to hear preachers refer to hell, and the sad thing about it was that they did not hear much about it from the modern pulpits orators, who preferred to tickle the people's fancy by telling them about the pearly gates of heaven.

THE HORRID KISS.
Cairo, Ill. July 3.—More evil turks in a poor little town than all the other vices put together, according to the Rev. L. D. Bass, of the Calvary Baptist Church, last night. In his discourse Mr. Bass said the kiss was the devil's most cherished and fruitful weapon for bringing in his harvest, and did more to fill hell than whiskey, drugs, and all evils invented rolled into one.

He said: "There is something magnetic and thrilling in a kiss. When two sets of lips come together it is like two clouds charged with electricity, the one positive and the other negative. And the result is an emotional passion and ecstasy. Nothing has more of heaven's fire or the fire of hell than a kiss. The things people do for a kiss are worthy of the devil. They are as subtle and as damning as a burning, thrilling kiss. Great God, deliver us from the kissing devil!"

PAGAN FUNERALS.
The Rev. Frederick Spurr, one of the best-known Baptist pastors in London, startled the mourners at the funeral of one of the deacons of his church on Thursday by officiating in a gray suit of clothes. When questioned on the subject, the pastor declared himself a believer in cheerful funerals. He said: "I am heartily sick of the paganism connected with Christian funerals. The deacon was 82 years of age. He had been a good Christian all his life, and died of old age, and so at his funeral I wore a gray suit and we sang the Easter hymn."

TORONTO S. A. TEMPLE.
The Salvation Army authorities of Toronto are considering the advisability of selling the present temple on Albert and James-sts. in that city and building a larger and finer building on one of the principal thoroughfares, probably King or Queen-sts. The present headquarters have become too cramped for the growing institution, as the growth during the last few years has been enormous. No difficulty is looked for in selling the present property, as it is in a place which will make it a convenient acquisition to the T. Eaton Co.

Rev. E. A. Langfeldt, rector of St. Luke's church, Peterboro, has received word that the University of Friedrich Franz, at Rostock, Germany, has conferred upon him the degree of doctor of philosophy.

The Bulletin de La Propaganda de Rome says that there were in Canada in 1901, 2,161,370 worshippers, 8,024 priests, and 2,622 churches. In 1906 there were 2,478,183 worshippers, 3,746 priests and 2,900 churches or chapels.

SERMONS DELIVERED AT THE CHURCHES LAST SUNDAY.
The choir took the solo, "Pray for the Peace of Jerusalem," in the morning at St. Andrew's.

In the evening Mr. R. C. Gray took the solo during the offertory, "O Jesus, we adore Thee!" in his accustomed good style. Miss Ada Little, soloist in the First Presbyterian church, London, sang after the sermon, the solo, "Guard Whirl I Sleep." Miss Little is the possessor of a rich, sweet voice, and her solo was much enjoyed.

Non-alcoholic Sarsaparilla
If you think you need a tonic, ask your doctor. If you think you need something for your blood, ask your doctor. If you think you would like to try Ayer's non-alcoholic Sarsaparilla, ask your doctor. We publish the formula of our preparation.

BOARD OF EDUCATION MEET

IN CONJUNCTION WITH COUNTY COUNCIL COMMITTEE.

Vote Money For Agricultural Classes—Other Business Done.
The Board of Education met on Saturday afternoon in conjunction with the County Council's appointee committee and discussed the estimates prepared by Principal Hartstone, Mr. Reed and Mr. Cornish. There were present of the Board Mr. Stewart, chairman, Messrs. Flavelle, Edwards, Jackson, Carey, D. R. Anderson and Mrs. Blanchard and White. The committee appointed by the County Council were Messrs. Grant, Watson and Hopkins. Mr. Grant, reeve of Woodville, and Mr. Hopkins, reeve of Ops, were present. Mr. Watson absent.

The items of expense submitted were read by the chairman.

(Moved by Mr. Flavelle, seconded by Mr. Hopkins, that a sum not exceeding \$330 be expended for apparatus, and a sum not exceeding \$85 for books for the benefit of the agricultural classes, now being established, this money to be expended under supervision of a committee comprising Messrs. Carey, Jackson, J. W. Anderson and J. H. Hopkins.—Carried.)

Mr. Hopkins said a down town office would be necessary for Mr. Reed to make him accessible to the farmers.

The stage of the assembly hall at the Collegiate Institute will be improved for the teaching of the classes, and will be renovated and properly fitted up.

(Moved by Mr. Flavelle, seconded by Dr. Blanchard, that Messrs. Carey, Hopkins, J. W. Anderson and Jackson be a special committee to arrange for the carrying out of the work, as well as to supervise expenditure of the funds for the apparatus and books.—Carried.)

It was thought wise to let the remaining items of the communication from Mr. Hartstone stand for a time.

OTHER MATTERS.
The agreement between the teachers and the board, to be signed by the teachers when engaged, recently formulated was next brought up. This agreement is a departure from the regular agreement authorized by the department, but the local B. O. E. thought it imperative that something should be done to guard the interests and the interests of the students. Teachers leaving at New Year or Easter create a serious break in the school work.

(Moved by D. R. Anderson and seconded by J. D. Flavelle, that the agreement be approved of by the Board, and after being amended where necessary the Board authorized the printing of the same.—Carried.)

The meeting then adjourned. No further meeting of the Board of Education takes place during the summer months unless a special meeting is called by the chairman. The next regular meeting is in September.

WESTERN FLOUR IN ONTARIO.

Purchase of Blended Flour Will Help Our Farmers.
In view of the fact that the freight rate to Montreal from Manitoba is as low as it is to Ontario points, the success of the efforts of the Ontario millers to capture the market of the Maritime Provinces are nothing short of phenomenal.

The farmers of Ontario have lost heavily in the decline in the demand for Ontario wheat, which has resulted not only in lower prices for wheat, but in the present era of high prices for grain and shorts, farmers and stockmen need hardly blame the millers for these conditions when agriculturists contribute to Western prosperity by buying Manitoba wheat.

The Ontario millers, in the purchase of blended flour when they purchase the family groceries at the general store, even in these districts where wheat remains a staple, it is no uncommon sight to see the men who have hauled their own wheat to the mill joggling back with a barrel or bag bearing some well known Western brand.

The people of Ontario have taken Western flour partly on its merits as a "strong flour," and partly as a result of the glamour of the Great West, which has been so well advertised throughout the old and long settled parts of Canada. In spite of the vogue of the flour made from the spring wheat of the West, it is an indisputable fact that the flavor of the Ontario wheat is very much superior. If enough Western wheat is added to bring up the proportion of gluten, the resultant blend is much superior to either the Manitoba or Ontario flour. The bread is nourishing and has all the delicate flavor of the Ontario wheat. It is with Ontario blended flour that Ontario millers have captured the Maritime market, to the mutual advantage of the millers and farmers of this province.

The increased market for Ontario flour is a matter of vital interest to farmers all over the province; it offers an incentive to wheat growers and will enable stockmen to procure feed at living prices. The purchase of blended flour for home use will help create a demand for the new flour right here in Ontario, and will mean an enlarged market for Ontario wheat.

CELEBRATE JUBILEE OF MASONRY

Grand Lodge of Ontario, Instituted 50 Years Ago, Will Meet This Month.
Ottawa, July 4.—The year, that saw the city of Ottawa incorporated, witnessed also the institution of the Masonic Grand Lodge of Canada in Ontario, whose 52nd anniversary will be celebrated at Harmony Hall, on July 17 and 18. Grand Master J. H. Barrett, K. C., of Pembroke, will preside and about one thousand delegates from 21 districts and 500 lodges will, it is expected, attend. In 1906 the meeting took place in Toronto, and several years have elapsed since the province visit of Ontario Masons to the capital. On the morning of the 17th the delegates will be welcomed by the Mayor and the Ottawa brethren will present an address to the Grand Master. Committee business is to be transacted in the Masonic Hall, and for the convenience of those who attend an elevator is being installed. Arrangements for the reception of the visitors will probably be completed on Friday evening at a meeting of prominent Ottawa craftsmen.

Geniemen, If you are Bald,

See Prof. Dorenwendt's Art Coverings in Wig and Toupees, worn on thousands of heads. They are a protection against Colds, Catarrh, etc., and give a most natural and younger appearance to the face. Dyeing on and demonstrating the superior art of these goods free of charge. He will be at the Benson house, Lindsay, on Friday, July 19th.

Advice.

"And now, my son," said the bank manager, "on this, the threshold of your business life, I desire to impress one thought upon you. Honesty, ever and always, is best." "Yes, father," said the young man. "By the way," appended the graybeard, "I would urge you to read up a little on the common law. It will amaze you to find how many things you can do in a business way and still be honest."

Kawartha Summer School.

Over 100 students are registered at the Kawartha Summer School, for Sunday School, Epworth League and Bible workers, now being held at Chemoqua Park, six miles from Peterboro. Among those attending from local points are: Miss Bruce, Beaverton; Rev. G. C. McQuade, Omeo; Mrs. T. H. Reid, Bellevue; A. W. Merrill, Fenelon Falls; Miss M. Beck, Boboyegon; Miss N. Sherin and eight others, Lakeland; C. E. Meeks and wife, Woodville; Bobt. and Mrs. Edwards, Cannington; Miss E. Milson, Lindsay; Miss E. Moore, Orpington.

(Formerly Widdowson).

ANCHOR STORY CORRECT.
Speculation on How It Came to be at Crookston, North Dakota.

The finding of a Norse anchor at Crookston, N.D., is now an established fact, though how it came to be there cannot be satisfactorily explained. It was lying in clay, which apparently had not been disturbed for centuries, and the discovery will be carefully followed up with the hope that other relics may be unearthed. The anchor will be sent to the Smithsonian Institute. It is thought the anchor may be a relic of the little band of Norsemen whom Leif Erikson left at the coast of North America centuries ago, the presumption being that at that time the Red River valley was a portion of Lake Winnipeg, making navigation from the Atlantic to Dakota possible.

A Commendable Offer.
The Ontario Board of Trade offers a flag for the first steamer to bring an excursion or cargo into the port of Orillia from any point on the Keweenaw Lakes by way of the Trent Valley Canal, after the formal opening of the Kirkfield lift lock tomorrow, July 6th. The Board hopes that the opening of this section of the Canal may be the means of working up a trade between the two sections of country hitherto cut off from communication by water, and makes this offer with the view of drawing attention to the possibilities in this direction. Lindsay Board of Trade might follow the example and offer a prize to the first excursion steamer from Lake Simcoe or Couchiching.

The Style of Hair Worn
Is an important factor to produce a younger and refined face and a well shaped head to any lady on Genieman. Prof. Dorenwendt, who will be at the Benson House, Lindsay, Friday, July 19th, can demonstrate this to anyone calling on him at the Benson House. He has Ladies' and Gents' Wigs, Toupees, Bangs, Wavy and Plain Fronts, Switches in every length and shade, and he will gladly adjust on any lady's head a free of charge to prove this. Don't fail to see him.

Midland Case Dry.
The divisional court at Osgoode Hall, yesterday, by judgment, restored Midland's local option by-law, which had been quashed by Chief Justice Mulock, on the ground that it had been passed before the expiring time for application for a scrutiny of the ballot.

The higher court held that the by-law was not rendered void by this action.

Wilson's Fly Pads.
Every packet will kill more flies than 1000 sheets of sticky paper.

SOLD BY—
DRUGGISTS, GROCERS AND GENERAL STORES.
10c. per packet, or 5 packets for 25c. will last a whole season.

GOOD PUMPS

The day of iron pipes and cast iron cylinders is past, as the public know from experience what you want when you buy a pump is galvanized iron pipe, brass cylinder and steel rods, which do not rot or taint the water.

We are making a large bore brass cylinder and steel rod pump which will outwear and throw more water than any pump on the market.

Our practical man, Mr. J. Dennis, looks after all orders and repairs, and we can guarantee satisfaction. Mail orders receive prompt attention.
