OBITUARY.

In Memory of Austin Gilbert Wilson, Son of Mr. and Mrs. John H. Wilson, Who Died July 18, 1907.

TO DIE IS GAIN.

"For me to die is gain, and to die is gain."—Phil 1:21.

Blinded windows, sobs and tear-stained faces,
And a stricken baby in a bed;
Round the room a tiny maiden paces,
Gazing softly, "Little brother's dead,
All his pain is gone, so still he sleeps,
Jesus Christ our little baby keeps."

In our arms we caught the simple creature,
Babe her hush her song for mother's sake,
Tried the tale of death and loss to teach her,
Sings out, wet eyes and hearts that ache.

Pretty baby buried in the ground,
Father, mother, sister, weeping round,
And the maiden listened, wide-eyed,
In the dreary still of churchyard lone;
Then she pleaded (the child faith not failing),
"Yes, I know I shan't see baby more."

But she one of God's own chosen,
May I be a little glad for him?

Edward Moore, Mount Horeb.

On July 18th, he passed peacefully away from the church militant to the church triumphant, a pure-spirited man, in the person of Edward Moore, of Mount Horeb. The deceased was possessed of a friendly and cheerful disposition, and beloved by all who knew him. His home was always open to the Missionary of the Cross, and the minister found a welcome there always.

Mr. Moore was born in the County of Limerick, Ireland, of Irish parentage. He was the second of three children of his father, and was educated in the common schools of his native land. He was married in 1860 to a Miss Jane Wilson, who survives him.

He was a member of the Methodist Episcopal Church, and was a faithful worker in the church. He was a member of the Mount Horeb Methodist Episcopal Church, and was a faithful worker in the church. OPS COUNCIL IN SESSION.

COURT OF REVISION DEALT WITH TWO ASSESSMENT APPEALS.

South Approach to Ops Swing Bridge to be Improved.

A Court of Revision was held by Ops Council on Monday, July 15th, in the forenoon; and other business transacted in the afternoon.

When the appeal list was produced by the Clerk, the members of the Court were pleased to see there were only two appeals against assessment, namely, James Long, owner of the Willock farm, lot 24 and n. h. 23, con. 3, which was assessed at \$6,800 and W. H. Anderson, tenant on the Clarke farm at Shannon's hill, which was assessed at \$4,500.

Mr. Long said he was assessed higher in proportion to the price he paid for the land than others who had bought land about the same time. He was willing to sell the place at \$9,000, and thought it ought to be assessed at \$6,000, according to the assessor's rule for assessing. The assessor said the place was not assessed at over half as much as farms near it, and was in his opinion worth about \$10,000. The Court, were of opinion the assessment was low enough, and on motion of Messrs. O'Loughlin and Wilson, it was confirmed.

Mr. Anderson contended that the farm he is on had become dirty and does not rent as high as formerly. On referring to past assessments, it was shown that the assessment had been reduced, and the assessor said it was not fair to reduce the assessment on that account; that the quality of the soil rather than its condition, was the test for assessing. The Court at length, after a long discussion, decided to reduce the assessment on the farm, and on motion of Messrs. O'Loughlin and Wilson, it was confirmed.

After making some changes in ownership, as requested, and adding about twenty names to the roll—chiefly manhood franchise voters—the Court closed at noon.

AFTERNOON SESSION.

The members again assembled at 1:30 p. m., and proceeded with ordinary business. The minutes of last meeting were read by the Clerk, and were confirmed on motion of Messrs. Wilson and Best.

Mr. Coulter moved seconded by Mr. O'Loughlin, that the assessment roll, as now provided, be accepted, and that the assessor's salary be paid—Carried.

Mr. Smith, Township Engineer, presented a plan of the cutting or excavation of the road at the south approach to the swing bridge, and asked Council to pass a resolution permitting the same. He said the removal of the hill would level the roadway southward to Guy's bridge, which would be a benefit to the township and would, he thought, be sufficient compensation for the Council to gravel the roadbed, if necessary, when the earth would be removed.

Mr. Best said that the roadway was springy along there, and would require to be gravelled, as it is now solid and in good condition. He thought the County should gravel it, and leave it to the assessor to collect the money, and that the assessor should be allowed to collect the money, and that the assessor should be allowed to collect the money.

Moved by Mr. Coulter, seconded by Mr. Best, that the County Commissioners in charge of the swing bridge be permitted to use the material in the hill or from the south approach, to fill the approach to the bridge, in accordance with the plan presented by the Engineer, provided the roadway be left in good condition for public travel, gravelled, and also tiled if it be necessary—Carried.

On motion of Messrs. Coulter and O'Loughlin, the time for receiving the Engineer's report on Stony Creek drainage system be extended for six months from July 31st. Carried.

A deputation from Mariposa, consisting of Messrs. John Coughlin, Lyman Minthorne, John D. Coughlin and Foster Thompson, addressed the Council, and asked for the improvement of the 4th gr. line across the first con. as it is the most direct way to Lindsay for a large section of Mariposa people. Mr. Coughlin said he had been a taxpayer in Ops as well as in Mariposa for the past forty years, and he felt he had a claim on the Council to improve the road to Lindsay, which he had to travel at least once a week.

Mr. O'Loughlin regretted that his limited appropriation, now nearly expended, would not permit him to expend as much on the road as he would wish to do. Mr. Thompson said the boundary road from the quarter line south to his place on the 7th con. was almost in a primitive state, and he hoped both Councils would improve it so that he could reach the quarter line easier.

Mr. Wilson moved, seconded by Mr. Best, that Mr. O'Loughlin view the roads in question and report at next meeting of Council—Carried.

On motion of Messrs. Coulter and Wilson, the Clerk was instructed to notify Mr. Philip Meagher to remove his fence off the 3rd con. roadway, south of 1st gr. line, so that the statute labor may be done on said road.

The following accounts were then passed and paid: Dr. Brown, for services as M. Y. O., \$10; Geo. Murphy, grading and graveling, \$5.25; John Curran, gravel, beat 1, \$2.30; Geo. Smith, Engineer, on account, \$50.

The meeting then adjourned till August 26th, prox., on motion of Messrs. O'Loughlin and Coulter, when the tax rates will be struck.

W. F. O'BOLLE, Clerk.

FAIL IN APPRECIATION.

(To the Editor of The Post.)

Sir,—I shall esteem it a favor if you permit my expression of appreciation, through your columns, of the Sylvester Band performance last Friday evening at the park. As a newcomer, noticing applause is not given by the audience, I feel credit is due to the Band, which is no mean asset to the town of Lindsay and also the municipal authorities for their foresight.

Thanking you in anticipation, I am, Sir,—Yours, etc.

NEIL LUND,
28 Victoria-ave., Lindsay.

A BOOST FOR THE BAND.

(To the Editor of The Post.)

Dear Sir,—Permit us to ask a little space in your valuable paper for a few words of appreciation of the Sylvester Band. On our return home last night from the Southern States we learned there would be a band concert in the park, and we attended. We think Lindsay has an excellent band, and one worthy of the support of every citizen. The class of music rendered, and the splendid way in which it was done, was a credit to Mr. Roenick and the band.

Having traveled in many of the States we have heard some of the best musical organizations in America, and only a week ago we heard Weber's famous band, and we think the Sylvester Band, although smaller in numbers, compares very favorably.

The people should appreciate the work of Mr. Roenick in bringing the band to its present state and show their appreciation by more liberal applause and generous aid. Lindsay is justly proud of our Band, and we wish it continued success.

Thanking you, Mr. Editor, for your space,—(Signed)

THE PEPPER TWINS.

Lindsay, July 16th.

Quite Correct.

"Is this the way to Warsaw?" asked a cyclist suffragist, attired in bloomers, of a Dorset workman the other day. The man looked over the lady's rigour carefully. "Yes, Miss," he said, "you seem to 'ave got 'em on all right."

May be Something in This.

Dr. McCullum, of London, warns girls against the craze for the nurse's profession, and especially against training in U. S. hospitals, where it is said 50 per cent. of the Canadian graduates are broken in health by the severity of the work tax upon them. There is a movement in some of the hospitals now to reduce the term from 3 to 2 years. Physicians say the course is intended to teach nurses an impossible one, and it is better to turn out practical, physically able graduates at the end of two years than to send them forth worn out and broken down at the end of three. In short, that any woman who cannot learn to obey the physicians' instructions in two years ought to seek another vocation.

Mechanical Ingenuity.

(From Harper's Weekly.)

A politician who was once making a tour of a county of Arkansas stopped at a certain farmhouse for a drink of water, and said to the woman who answered his knock: "I observe that there is a good deal of ague in this country. A great drawback. It must unfit a man for work entirely."

"Generally it do," said the woman. "Still, when my man Tom has a right hard fit of the shakes we fasten the churr dasher to him, and he brings butter inside of fifteen minutes."
