## BLAZE AT FENELON FALLS.

### Boathouses Burned But Contents Saved—Two Yachts Destroyed.

The fire which visited the village of Fenelon Falls Tuesday night wrought considerable havoc on the east side of the river between the locks and the railway bridge. Five boathouses were burned, but their contents were saved. Docked along the shore were two launches—one gasoline, the other steam. Both were destroyed by the flames, and the loss will be considerable.

## STURGEON POINT ASSESSMENT.

### An Appeal Will be Taken Before County Judge Harding.

Mr. G. H. Hopkins has filed an appeal on behalf of the Village of Sturgeon Point against the report of the County Valuers upon the equalization of the assessment of the village of Sturgeon Point, and the matter will be brought before the County Judge. The Sturgeon Point village assessment raised and says that the properties are worth three times the present assessment. We understand several other townships will likewise appeal.

## C. M. B. A. GARDEN PARTY.

### Attendance Was Enormous—Good Music and Appetizing Refreshments.

Large numbers of our townspeople spent a very enjoyable time at the C.M.B.A. garden party last Tuesday. It was held opposite the Convent, in the students' playground, which was lighted up with arc lamps hung at different points amongst the trees. In the centre of the grounds the Sylvester band rendered numerous choice selections to entertain the visitors, and on either side were ice cream and pop booths, where the public could cool off at pleasure. The majority of the people stood or walked around the grounds, while a few availed themselves of the benches to sit and watch the passing crowds. All voted the affair a decided success. From a financial point of view nothing better could be wished, since the attendance was close to eight hundred. Everybody, of course, had to have a treat, so that the gate receipts and the money taken at the booths amounts to quite a large sum. The public looks forward to these entertainments, and the attendance is greater every year.

## Sue the Town for Damages.

Mr. F. D. Moore, of Moore & Jackson, has issued a writ against the town of Lindsay for \$1000, acting on behalf of Mrs. N. Braut, of Cobocok, staying with her son in town, who was seriously injured some time ago by the collapsing of the sidewalk. Mrs. Braut sustained a bad fall, and was confined to her bed for some time.

## MARIPOSA COUNCIL DOINGS.

### DRAINAGE MATTERS CAME IN FOR A LOT OF ATTENTION.

#### Steel Bridge at Little Britain to be Erected on New Site.

Mariposa Council proceedings, July 8th. The members were all present, and the minutes of the last meeting were read and confirmed.

Messrs. Alex. Daniels and George Fee waited on the Council respecting matters pertaining to drainage and road improvements.

Messrs. John (Hancock), Thomas Hamlin, Wm. Fowler and J. K. Powell were present to make a settlement respecting the Hancock drain matters. A discussion ensued and a compromise of \$800 was offered and accepted verbally.

Communications were read from the Hamilton Bridge Co., ratifying the agreement for a steel bridge at Little Britain.

From F. D. Moore, County Police Magistrate, re: by-law relating to public morals.

The Treasurer presented his half-yearly statement of the finances of the township, showing total receipts of \$2576.66, and total expenditures of \$2409.34.

Mrs. Mahala Tinney notified the Council that she was assessed for quarter acre of land, \$2.25, on Eglon street, that she did not own or occupy.

Mr. Jos. Grez notified the Council that the people of Little Britain prefer not to have the bridge at Little Britain of the size specified in the contract with the Hamilton Bridge Co.

**RESOLUTIONS.**  
Motion by Messrs. Shaver and Rogers, that in view of a communication received from the County Police Magistrate re public morals, that Council request the township solicitor to prepare a by-law in conformity with the statutes forthwith, and that a copy of this resolution be forwarded to the solicitor.—Carried.

Motion by Messrs. Michael and Varcoe, that the clerk be authorized to notify the Hamilton Bridge Co. that the Council of Mariposa desires the bridge built at lot 18, con. 10, instead of at Little Britain, as specified in the contract.—Carried.

Motion by Messrs. Varcoe and Michael, that the road be authorized to seize a lease for a gravel pit one quarter of an acre, part of lot 6, con. 4, for a term of fifteen years, for the sum of seventy-five dollars, and dated the first day of June, 1907.—Carried.

Accounts aggregating the sum of \$825 were ordered to be paid, including some \$530 of orders by the Commissioners. These accounts include five days for Mr. Stacey, inspecting roads and bridges; \$35 1-2 days making culvert pipe; Hagg & Lytle, for cement; \$130; Messrs. Martindale & Sleggett, for operating the grader, and use of steam, some 22 days each at \$2 and \$3.25 per day; Wm. Hartle, travelling con. 10, \$57.33; J. W. Hancock, travelling boundary of Ops, \$45; and various smaller items.

Motion by Messrs. Rogers and Shaver, that this Council adjourn till Wednesday, the 10th day of July for reading the report of the Brook's drain, and the Court of Revision re the Dunn drain, as previously provided for, and for any general business that may come before the Council.—Carried.

**ADJOURNED SESSION.**  
The Council again assembled on Wednesday July 10th, at 8 p.m. for adjournment. The members were all present and the minutes of the last meeting were read and approved.

The report of the Brook's drain was read, but the Council not being able to reconcile the estimate with the schedule of assessments, the following resolutions were passed:

Motion by Messrs. Shaver and Michael, that the Engineer's report re the Brook's drain be again referred back to the Engineer for corrections, as the estimates for construction expenses, etc., do not correspond to the total amount of the assessments as shown in the schedule for benefit and outlet liability.—Carried.

By-law No. 612, to provide for the drainage of lands known as the Dunn drain, and to raise funds for said drain, was introduced and read a first time and adopted.

Motion by Messrs. Varcoe and Michael, that in the event of an appeal being made from the County valuation by any municipality in the county, that the Reeve and Deputy Reeve be hereby appointed to assist the township's interests.—Carried.

The Council then resolved into a Court of Revision re the Dunn drain, each member of the Council taking the oath of office as required by statute.

The following persons were present: E. Davidson, C. Copplestone, John Hooper, W. H. Webster, Joseph Tinney, C. Dunn, T. B. Noble, G. C. Wallis and Messrs. E. Donald and McCall, officials of the G.T.R. Co.

Mr. Watson was appointed chairman, and the several persons interested were allowed an appeal upon resolution of the Council to that effect. Mr. Donald, of the G.T.R. Co., proposed to build and hereafter maintain the drain across the Company's lands, on condition that they should be freed from all assessments under the ward, and upon the Company assuming full responsibility, this proposition was accepted and the Council authorized to sign an agreement to that effect, so long as it did not, invalidate the by-law.

After further discussion the following assessments were changed: G. C. Wallis, \$178.00 for outlet, was reduced to \$25, and the balance of \$153.00 was assumed by the township; F. H. Noble, \$111.48 for outlet, was reduced to \$80; \$181.00 being assumed by C. Dunn and \$113.47 by the township. The Corporation also assumed the portion allotted to the G.T.R. Co., being \$89, on condition that this amount can be deducted from the total of the by-law. These assessments were confirmed, and the Court adjourned to the call of the chairman.

Messrs. Graham and Channon were present in reference to the Dundas drain and intimated their desire to have that part of the drain completed through Mr. Hardy's lot in con. 8, con. 8. The Clerk was ordered to notify each person interested in said

—Evidently, the Toronto press desire to place Lindsay in the light of a Canadian Chicago.

—Fishing in Lake Simcoe waters, which have been closed for three years, will open on Sept. 1st next. Bass and lunge, of which thousands were destroyed by the unprecedented winter of 1904, are again said to have become numerous, and fishermen are looking forward to some good sport.

—Mr. Harry Pepper, a machinist at Poughkeepsie, N.Y., on the New York Central, a former Lindsay citizen, was severely injured by the explosion of gas in a fire box recently. Joe says this is the best time made by any yacht this season, and that he can do it again.

—Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for piles, and its action is positive and certain, itching, painful, protruding or blind piles disappear like magic by its use. Large nickel can, 50c glass jars 50c. Sold by all dealers.

—Police Magistrate Dumble, of Peterboro: "Seemingly some mothers have no control over their children, and in a good many instances the children are lost. There ought to be a school where mothers could learn how to train their children right. If they knew how, young boys would not appear so often in police court."

—Many of the roads and vacant places are overgrown with weeds. The other day a south ward lady sallied out with an axe and attacked a grove of giant burdocks flourishing on corporation property, her reason being that the weeds obscured the morning sun so that the family had a sumptuous breakfast of burdocks and kept out late for work.

—Peterboro is in great luck. First of all, Mr. Richard Hall, executor of the Nichols Trust, presented to the city authorities the old Nichols Hall building for a public library, and then the executors of another Nichols trust followed suit and distributed a sum of \$20,800 among the Protestant churches, Y.M.C.A., Nicholls' hospital and Children's Aid Society.

—I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, the Heart, or the Kidneys. Troubles of the stomach, heart or kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment and not the cause. Weak stomach, nervousness, indigestion, mean stomach weakness, always. And the heart and kidneys as well have their controlling or inside nerves. Weakness of these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's restorative has made its fame. No other remedy ever claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. [Write me]
