THE LABOR PROBLEM.

Puzzling the Manitoba Harvest Government Officials.

HARVEST HANDS ARE SCARCE.

Fields Are Already White For Harvest and a Splendid Crop is Assured—Provincial Immigration Agent Insists That the Prospects May Not Have to Advance Far to the Eastward Harvest Hands.

Winning, Aug. 12.—No unfavorable reports in regard to the crops were received yesterday morning and, with a splendid crop assured, officials are deeply puzzled over the labor problem.

They are doubtful whether the requisite number of harvest hands can be induced to come west this year, and, as a result, it may be found necessary to advance far to the eastward, in order to gather the harvest.

J. J. Golden, Provincial Immigration Agent, received word from Jos. Burke, who was sent east to secure harvest hands, that his work in Quebec had not been too successful. He induced about 200 French-Canadians to come west, and they will arrive in Winnipeg early this week, but low as the fare is to the west they encountered many who are anxious to leave, but who cannot raise enough money to do so.

Mr. Burke will visit Montreal and Three Rivers this week and hopes to induce several hundred more harvesters to visit the west. He says that the harvests in Ontario and Quebec will be late this year, and, as a result, there is plenty of work at fair wages in the east.

Mr. Golden, speaking yesterday morning of the situation, said: "We still believe we can get all the laborers we need in the harvest fields from the east, but will not know definitely until the end of the week. The reports I have received from our eastern agents are by no means optimistic."

"Should our expectations not be realized, we will consider the advisability of advancing the fares of laborers. The men will come up under contract and the farmers who employ them can make some arrangements in the matter of refunding to the Government the money advanced. This matter will probably be given consideration by the Government at the close of the present week."

Mr. Golden's reports of the crops yesterday are still of a most favorable nature. The cold weather and rains of the last three days have done practically no injury to wheat. The other grains are in splendid condition in most sections. The C.P.R. weather reports generally indicate cool cloudy weather.

The C. N. R. reports is similar. The weather was beautiful and warm last night.

20 Acres of Wheat Cut. Dauphin, Man., Aug. 12.—A river farmer cut 20 acres of wheat last week. Considerable cutting will be done in places this week. Barley and oats will be generally cut.

Increase in Wheat Yield. Toronto, Aug. 12.—A bulletin is being prepared by the Ontario Agricultural Department, giving an estimate of the crop for the province. It will appear in a few days, and, it is said, will show a big increase in the wheat yield, but a falling off in the hay crop.

Boy Killed Instantly. Dunnville, Aug. 12.—While some boys were playing around the pile driver at the new bridge yesterday afternoon, one of their number, William Brunt, aged 10 years, son of A. S. Brunt, barber, was instantly killed by the lever of the apparatus striking him on the head with terrific force.

Cheaper Postage on Newspapers. London, Aug. 12.—One of the first acts of Mr. Austen Chamberlain as Postmaster-General, will probably be to co-operate with his father in the scheme for the heavy postal subsidy to the new Canadian fast mail service, making the British and Admiralty subsidies not less than \$500,000, to add to Canada's expected subsidy of \$1,000,000. Mr. Austen Chamberlain is also expected to depart from past British post-office administrations by establishing a halfpenny newspaper post throughout the Empire, beginning with Canada. The British Ministers have been strongly urged to take this step in order to counteract the alleged anti-British influence upon Canadian opinion of the American journals, which enter Canada at the one-cent rate.

Where Is This Cook? Toronto, Aug. 12.—There is a mystery about Big Bay Point, Lake Simcoe. Robert Smith, a cook, employed at the Robinson House, is missing since last Tuesday, when he quietly let himself out of the hotel at 4 o'clock in the morning. Smith is a played as cook by the Toronto Hunt Toronto man, and was formerly employed.

Rebels Take Barcelona. Washington, Aug. 12.—Minister Bowen has called the State Department from Caracas, Venezuela, that the revolutionists have cut the cable at Barcelona. Minister Bowen says the cable was cut immediately after the receipt of a message stating that the revolutionists were entering the city. A United States naval force has been landed.

Canada Holds the Cup. Beaconsfield, Que., Aug. 12.—At 4.28.30 yesterday the Trident crossed the finish line, winning the race and the Seawanhaka Cup from her Yankee competitor, the Tecumseh.

Mr. Ross Coming Home. London, Aug. 12.—Hon. Edward Blake and Hon. G. W. Ross will sail for Canada on the Lucania on Saturday next.
