#### COUBOURG LOST TO THE LOCALS, WHO PUT UP AN ERRORLESS GAME

Smart Work by Both Teams a Feature — Large Attendance — Score 4-0.

Umpire, Bob McKeevins presided over the game of baseball last week between Coubourg and Lindsay and it was in the way it should be done — satisfactory to both teams and spectators — and when he called the game off, the score stood 4-0 in favor of Lindsay and an innings to spare — shut out for Coubourg. Well, that playing some, but one man did not do it himself — the whole nine worked in perfect harmony with each other, with the result that nothing was missed. There was not one error against Lindsay and only three small ones against Coubourg. The game was snappy and free from kicking. The Coubourg boys are a friendly lot of players and played a good game, and their pitcher, although he got good support, was not very effective; his delivery is not as speedy as he had only five strike outs, while "Curly" was in the game all night, pitching in splendid form, having 13 strikeouts. All the goals (if it well and the 4th 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

#### THE GOSPEL TRAIN

(By S. A. Jewell, Foreman, Yard Of, Fire & P. R. Co., Dallas, Tex.)  
The Gospel train is coming.  
It's coming very soon,  
The headlight gleams around the curve,  
And casts a shadowy glow,  
We know that it's approaching,  
It's coming very fast,  
We hear the rumbling of its wheels,  
As it glides along its path.  
Look, we see the headlight,  
As it bursts upon our view,  
To take aboard the Gentile,  
The Protestant and the Jew.  
The whistle has been sounded,  
The bell is ringing clear,  
It tells us very truly,  
That the time is very near.  
It stops at every station,  
For those that Jesus loves,  
And they are gladly welcome,  
To a ride with Him above.  
Come now, He says, I'm ready,  
To take you all to heaven,  
This is a special Gospel train,  
And your sins are all forgiven.  
I have fully paid the price,  
My blood was shed for thee,  
You have accepted all of it,  
Which cleanses you and me.  
There'll be no weeping upon this train,  
The road is good and smooth,  
The fills and curves are all secure,  
By God and all His love.  
We are travelling for that city,  
The streets are paved with gold,  
And walls of Jasper will enclose,  
In all of their beauty unfold.  
Abound! abound! the cry is made,  
Come now, and with us go,  
Jesus, our Lord, conducts this train,  
And carries us safely over.  
All are invited to take this train,  
In all of our sorrow and grief,  
For the loveless ones that ever lived,  
Has promised to give relief.  
We will ever reign with Him above,  
When sorrow shall be no more,  
Our Lord, comes we will meet and greet,  
Upon that golden shore.

#### Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period.

To Young Women: — I suffered for six years with dysmenorrhoea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds. If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia K. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 15 pounds to my weight, my color is good, and I feel light and happy. — Miss Agnes Miller, 214 Potomac Ave., Chicago, Ill. — 80000. (Subject of original of above letter proving genuineness of compound is provided.)

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention.

"Curly" at last. Workman hit me to short and was out off at 1st. Bentley at short made a hard effort; to stop "Curly" liner, but the runner reached 1st, Miller made the second strike out for Coubourg's crisis. Cinnamon was advanced to 2nd on Menzies hit to left field, and stole 3rd, but was put out while trying to make home. 6th Inning — Floyd hit a fly to 1st; out. Bentley hit a fly to "Joe" Marks, who hung on to it, but Baker hit to "Curly" was an easy out at 1st. "Curly" began by making the ball travel for a two-bagger to left field and Marks hit one over 1st, which the 2nd baseman clinched. Little went out on a high foul fly to P. Duncan. "Curly" stole 3rd. Stalker, er again got a base on balls, and McGill hit to 1st base, leaving two on bases. 8th Inning — Bulger and Duncan fanned, and on a quick delivery by "Curly" and a sure catch by Cinnamon, Bowe followed suit; three strike outs. Butler handled a fly of Workman's bat. Cinnamon now made a fierce long drive to the track and by good timing pitched on 3rd — a three-bagger — which in friend Abernombie's view was a "dandy crack". Miller brought Cinnamon in on a fly over short, stole 2nd, but on Menzies and Carly fanning the bases were left on 3rd. Score 4-0. 8th Inning — "Curly" pulled himself together and Downs and Turpin were retired on six pitched balls. Bulger got to 1st and Floyd fanned. Marks hit infield fly to short and took his rest. Little made a cruel swipe at the ball, which struck his arm, making two outs. Stalker sent a job to the pitcher. 4-0.

9th Inning — Menzies got under Bentley's foul fly. Miller made a neat pickup of Butler's liner and retired the runner at 1st. Cinnamon squeezed three shots, which went through Bulger's bat, and the side was retired. Lindsay won by 4-0 and an inning to spare. The line-up was as follows: Coubourg: 1st base — McGill; 2nd base — Little; 3rd base — Miller; Shortstop — Stalker; Infield — Workman; Left field — Menzies; Center field — Mark; Right field — McLagham. Lindsay: 1st base — McGill; 2nd base — Little; 3rd base — Miller; Shortstop — Stalker; Infield — Workman; Left field — Menzies; Center field — Mark; Right field — McLagham.

Notes on the Game. "Curly" and Cinnamon had a short workout before every inning. It is as the way they do in the big leagues. Bulger, for Coubourg at 2nd, is a good fielder but a very poor batter. Downs, Coubourg's new southpaw, pitched a slow ball. Marks had his eye on the ball. Menzies had his batting clothes on. Geo. Little is as good as over. Downs must have been afraid of Stalker. He gave him two bases on balls. The crowd was large and saw a good game, and they appreciated the kind of ball our boys put up. Butler got one fly in left field. The stick work of our boys was O.K.

### MR. CULVERWELL SAYS "IT'S A HOLD UP"

#### He Complains that he was Detained in Town for a Week Owing to the Refusal of Mayor Sootheran and Town Solicitor Hopkins to Carry Out the Council's Instructions Respecting the Burleigh Falls Agreement—Interesting Doings at Thursday Night's Special Meeting of Council, When Much Uproar Prevalled.

There was a hot time in the old town Thursday 18th in municipal circles. A call had been sent out during the day for a special meeting to further consider the Burleigh Falls power mortgage. At a meeting held on Aug. 8th a resolution was passed, at the request of Mr. J. A. Culverwell, whereby the mortgage for \$1500 against the Burleigh Falls water power and adjoining lands, given by him some years ago to the town as a guarantee that he would bring the power to Lindsay, was to be made subject to a first mortgage for \$6000 on the same property. As a concession to Council for meeting his wishes Mr. Culverwell, at the suggestion of Ald. Cinnamon, agreed to hand over \$1500 worth of paid up stock in the Central Ontario Power Co., Limited. When Mr. Culverwell came back to town some days later, he experienced unexpected difficulty in having the wish of Council carried out, and his story, that he had covered unmistakable traces of an antagonistic feeling on the part of Mayor Sootheran and Town Solicitor Hopkins, Mr. Culverwell refused to sign the form of agreement submitted to him, claiming that it had been altered so as to compel him to acknowledge in the validity of the original mortgage, and this he refused to do, holding that such had not been the intention of Council at the session on Aug. 8th. To right matters he urged day after day that another meeting be called, but one cause or another prevented. Thursday morning Mr. Culverwell was about departing—he had important engagements elsewhere, yet he wished to close the mortgage matter before leaving. His evident distress aroused commiseration, and a meeting was called for 8 p.m.

When the hour arrived a few of the members were present, and others came as they would be in a few minutes. After waiting a few moments Mr. Culverwell became anxious and ran about in quest of the delinquents, in the meantime keeping the telephone wires hot with inquiries as to their whereabouts. As time wore on the first comers began to grow impatient and talk of dispersing, but Mr. Culverwell implored them to wait a little while, whereupon he again set out in search of the delinquents. This time he was so full in getting enough members to form a respectable quorum. Then it transpired that the clerk was absent and that the minute book was locked up in the vault, where it could not be got at, and despair again enveloped Mr. Culverwell, but it happened that he had in his possession a certified copy, under seal, of the objectionable agreement, and it was finally decided that the meeting might proceed. Ald. Storer, who had a desire to go home, but was headed off, and the aldermen took their seats at 9.10 o'clock.

The members present were Mayor Sootheran, Aldermen Robinson, McCrea, Maender, Storer and O'Reilly; absent, Aldermen McWaters and Cinnamon. On motion Mr. McNulty, of the Post, was appointed acting clerk. Council's Resolution. The agreement, purporting to be that passed on Aug. 8th was read, as follows: Moved by Ald. Maender, seconded by Ald. Cinnamon, that the Town Solicitor be instructed to prepare a document postponing and making the fifteen hundred dollars (\$1,500.00) mortgage against Burleigh Falls and certain lands adjoining same, subject to a first mortgage debenture of six thousand dollars (\$6,000.00) and that the Mayor and Clerk be authorized to execute same on behalf of the town upon there being issued to the town fifteen hundred dollars (\$1,500.00) of fully paid up and non-assessable stock in the Central Ontario Power Company, Limited, said stock and mortgage to be released when power is transmitted from Burleigh to Lindsay, provided power is transmitted within five years from date. Mayor Sootheran explained that the final clause relating to the time limit had been added by himself. It was necessary that some term should be mentioned for the fulfilment of the contract.

Ald. McCrea—"Two years should be long enough." Ald. Robinson—"Oh, that is too short—give the man a chance." Mr. Culverwell—"Make it whatever you wish." Ald. O'Reilly—"I move that the term be five years, as fixed by the Mayor." The motion not being seconded, Ald. Maender moved, seconded by Ald. McCrea, that the term be made three years. Mayor Sootheran—"Is that satisfactory, Mr. Culverwell?" Mr. Culverwell—"All I ask is that the agreement be carried out in accordance with the understanding of the other night." Ald. Robinson—"What's it five years we agreed on?" Mayor Sootheran—"You didn't fix any term, and that's why I put in five years." Mr. Culverwell—"What was the Council's intention the other night?"

There was something queer about the whole affair. "An mover of the resolution" the other night I must say that I understood the stock was part of the consideration." Ald. McCrea—"I had the same impression."

Mr. Culverwell—"Of course it was discussed at the time, but I expressed my opinion that the agreement was to be kept distinct from the mortgage matter." Ald. McCrea—"No, but it was considered — it was part of the understanding." Mr. Beal—"What are you getting for swamping the mortgage, anyway?"

As nearly everybody was talking at the moment the remark did not elicit a reply, and Mr. Beal, who happened to be standing behind the chairs occupied by Ald. Maender and McCrea, repeated his question and O'Reilly, who was busy drafting a resolution to be submitted as a notice of motion, heard Mr. Beal's second question, and was up in arms in an instant, with fire in his eyes, to resent what he considered was a gross insult aimed at every member of the Council.

Ald. O'Reilly—"What do you say Mr. Mayor, I think it is an insult for me to come here and see what you are talking about? What did we get, air, (turning to Mr. Beal) when Council passed an illegal by-law and gave you a school rate? We're not here to buy hides and follow." An effort was made by the Alderman O'Reilly to cast oil on the troubled waters by urging that Mr. Beal had been misunderstood, and that gentleman, who appeared to be somewhat alarmed by the storm he had provoked, hastened to explain that his remark was not intended to be insulting.

Ald. Storer—"We've had more trouble since this Culverwell power matter came up than ever before — I mean that we adjourn." Ald. Robinson—"Oh, you're too easily rattled." Ald. Storer—"We might as well listen to a lot of monkeys." Ald. Robinson—"You're used to bees and shouldn't mind a little buzzing."

Taken With Gramps. Wm. Kirme, a member of the bridge gang working near Littleport was taken suddenly ill Thursday evening, with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out, and accordingly several doses were administered with the result that the fellow was able to get around next day. The incident speaks quite highly of Mr. Gifford's medicines—Elkader, Iowa, Argus.
