AT CAMP TOGO, ROSDAL

JOLLY TIMES ON THE SHORE OF BALSAM LAKE.

Camps Swept by Sunday's Terrible Storm - Some Nowdy Items.
Rosdale, Aug. 5th, '06.
The elements had their innings on Sunday and the fiercest wind and rain storm seen on Balsam lake for many a day made the denizens of Rosdale sit up and take notice.

The strangest freak of all was the lighting of the stove of "Tarry Awhie" camp, which had been left in preparation for supper. Splinters were torn of the bridge in several places, which many are holding as souvenirs of the great storm.

"Togo" Camp braved the elements of the storm, being well sheltered throughout the whole storm, and the boys sang throughout the whole blow.

Last week Balsam Lake behaved most beautifully. The most timid could venture out in the trans lake craft, and on Monday she is finishing up Sunday's blowout, and to speak as they do of the big lakes, "the waves roll mountains high."

One of the party is bemoaning his fate—Harry Menzies, who will leave to-night to catch the train at the Falls for Lindsay. He resumes his duties at the G.T.R. office to-morrow.

Hi Henry Meehan's reception Saturday night was a "hummer". When the boys reached the lock they were greeted by a volley of shots from the camp to let go. The two bonfires were lighted, and the rockets, roman candles, giant crackers and colored lights, the south shore of the lake presented a brilliant scene.

Divine service was held in the church Sunday at 3 p.m. Canon Hill, who is a guest at Delamere's Island, preached a very beautiful sermon on "Charity" and in the evening Mr. McDonald, a student, gave a stirring sermon on "Love, the foundation of all true religion".

Mr. Dan Menzies breaks away from camp Wednesday evening, after a ten days' camp. He says he will return in 1907, and not alone. He will be in Peterboro for the big Barnum and Bailey circus and the meeting of the Grand Lodge of the L.O.O.F., where 700 delegates will be present.

The health at Rosdale is fine - have not seen a physician since arriving here, and trust we can keep him out.

The Togo boys, when out for this morning's sail, captured a floating cattle rack used for removing cattle from Grand Island to the mainland.

CRUSH THE LEADERS

Russia Captures and Imprisons Social Democrats.

HOPE CENTRES IN MOSCOW
But it seems to be of the Slimmest Order, For Not Only is the Government Active in Striking Leaders But Rank and File Are Enthusiastically Following Where They Lead—Destroy Railways.
St. Petersburg, Aug. 7.—Late yesterday afternoon it was evident that the Government had practically succeeded in crushing the organization of the strike leaders here.

Work of Expulsion.
The prefect of police of Cronstadt has notified the striking longshoremen there that unless they return to work to-day they will be expelled from the island.

A private despatch from the West-Ingush branch at Moscow received yesterday said that the men were at work, and that the manager had been assured by the prefect of police that a general strike in Moscow was impossible.

Unless despatches from the interior within a few hours entirely change the situation the general strike promises to prove a complete failure. Although the Liberals are strongly opposed to the course of the Government they shrink from precipitating a revolution and the horrors of a civil war, in which the country would be plunged if the plan of the proletariat leaders were successful.

Labor Men Lukewarm.
Not only is the sympathy of the intelligent public lacking, but in St. Petersburg the leaders of the various labor organizations find many of the following lukewarm and even in open rebellion against their orders.

The Council of Workmen's Deputies, which met secretly at Terki, Finland, were so incensed at the timidity displayed by the railroad men that they decided to resort, if necessary, to the blowing up of bridges and the destruction of the roadbeds to bring the trains to a standstill.

At a congress of Baltic landowners held in Riga yesterday a resolution was passed in favor of the sale of crown and church lands, and the gradual expropriation of estates in excess of the establishment maximum.

Moscow Foresees Failure.
Moscow, Aug. 7.—Yesterday's developments presage a failure of the strike. The leaders are divided as to its opportuneness and their irresolution is attacked by the spirits of the market.

PULAJANES ON THE RAMPAGE.

Burned Municipal Buildings of Abuyon, and Kill Six Persons.

New York, Aug. 7.—A special from Manila says:
"One hundred and fifty Pulajanes pierced the military cordon, burned the municipal buildings, killed the ex-president of town, two former members of the constabulary and three policemen at Abuyon, Island of Leyte, twenty miles from the scene of the recent fight. One hundred soldiers and constabulary are in pursuit of the raiders.

Gunners Make New Records.
London, Aug. 7.—Some remarkable scoring has been made in this year's firing exercises in the Mediterranean fleet. The destroyer Bruizer, from her 6-pounder guns, made 46 hits out of 64 rounds, and from her 12-pounder guns 6 hits out of 10 rounds.

Leaves Thirty Millions.
Springfield, Mass., Aug. 7.—Financial men are of the opinion that the inventory of the estate of Daniel B. Wesson, who died Sunday, after having been hounded almost to his grave by "Black Hand" threats, will show that the wealth of the famous revolver manufacturer exceeded \$30,000,000.

Mrs. Armstrong's Suicide.
Hamilton, Aug. 7.—Further enquiries into the case of Mrs. J. J. Armstrong, Toronto, who committed suicide at Kirk's Hotel, Waterdown, show that she was demented. She left a letter for her husband, who keeps the English-chop house in Toronto.

Kingston, Aug. 7.—Michael Hoban of Brockville, sent to the penitentiary for seven years last March, hanged himself on Sunday morning in his cell, using strips of his sheet to do the deed. He was in the insane ward.

Cowie Not to Blame.
Detroit, Aug. 7.—The United States inspectors of steam vessels find that no blame attaches to the steamer John B. Cowie, which sank the Canadian steamer Erin, with a loss of five lives, last night and a policeman after a light fog and the fact that another steamer crowded up alongside the Erin forced the Cowie to the choice of a collision with one of the two upbound boats, and that it was believed to be a case of self-preservation was considered a vindication of the Cowie's crew.

Miracle at St. Anne.
Quebec, Aug. 7.—Over 5,000 pilgrims from different parts of Canada and the United States visited the shrine at St. Anne de Beaupre Saturday and Sunday. On Saturday a cripple walked up the steps of the church aided by crutches. He knelt before the altar in prayer, and in a few minutes walked away perfectly cured, leaving his crutches behind him.

Bank Looted of \$700,000.
Chicago, Aug. 7.—The Milwaukee avenue State Bank, one of the largest banks outside of the downtown district, yesterday closed its doors following a run. Henry W. Hering, cashier of the bank, is missing, and a warrant, charging him with embezzlement, has been sworn out. State Bank Examiner C. C. Jones issued a statement to the effect that the whereabouts of three officers of the bank is unknown to-day, and that the bank is without an official head.

Mine Centre, Ont., Aug. 7.—Sunday night while D. C. Boyington and Paul Lapierre were en route to a canoe from their mining location to Mine Centre, they saw what they took to be a bear in the water.

Lapierre fired at the object, which turned out to be two Indians in a canoe. The canoe capsized, one of the shots taking effect, going through one of the Indian's body. The Indian's name is Peter Skye, aged 21. He died yesterday morning from result of wound.

SAVED BY HER CORSETS.
Mrs. Russell's Clothes Burned Off, But She Will Recover.
Brockville, Aug. 7.—A New York lady named Mrs. Russell, camping at Butterfield Lake, near Alexandria Bay, can attribute the saving of her life to her corsets. Her clothing caught fire from an alcohol lamp which was being used to heat curling tongs, and in an instant she was ablaze.
