Canada Life Assurance Co.

W. R. WIDDESS,
Agent Canada Life Assurance Co.,
Lindsay, Ont.

Dear Sir,—
I have pleasure in handing you application for my fourth policy in Canada Life. I am thoroughly satisfied with my present insurance in your Company, \$2000 of which is now fully paid up and participating in the profits of the Company as long as I live. The profits allowed me on these policies has been very satisfactory indeed, and I would strongly advise any young man to invest as largely as possible along this line.

Yours truly,
GEO. A. LITTLE.

W. R. WIDDESS, Agent, Lindsay.

CAMP TOGO, BALSAM LAKE.

Members Are Having the Time of Their Lives—Yachting Trips.

Evening Post of July 30
Everything is fine and dandy with the Togos on Balsam Lake.
We miss two of our most valued members in Mr. Ike Mills and his son Elwyn, who left us on Friday for their home in Pittsburg. They enjoyed the trip immensely, and wonder greatly why so few visit Rosedale and its pretty surroundings.
No trouble to catch fish—Cora Bert has only to call for a fish can and Pinky and his eye his faithful few soon have the required quantity.
Friday and Saturday were very rough days on both Cameron and Balsam Lakes, and very few small boats were seen out.
Togo had to go to Fenelon Saturday p.m. to meet Mr. Seldon Meehan and Frank Lee, who came down on the 8 p.m. train and Percy made the trip from Rosedale back to the dock in 40 minutes, which is nearly a record, but it was rolling a "wee" you may be sure.
Charlie Bunzoyne makes his regular trips to Cobocook, and we appreciate them very much. Cobocook is not too bad a place to put in a quiet hour to break up the monotony.
Judge Leo (Frank) and Mr. Higo Meehan visited our camp over Sunday. Seldon enjoys the fresh, keen air, but prefers the south shore. He reasons better known to himself. Ask him.
M. Leo assumed the responsibility of acting as monologue artist, and his services were much appreciated. Come again, Judge, we miss you.
Great excitement was caused by lowering of the lake. It was due to Frank drinking from a water tube on the yacht Togo, while out for a pleasant jaunt.
We expect to make the trip to Kirkfield and through to Beaverton on Wednesday, July 31st.

RECEIVED A GOLD WATCH.

Sylvester's Brandon Employee Remembers Departing Manager.

The following item from the Brandon Sun of the 25th inst. will interest Lindsay friends, Mr. Waller having visited Lindsay each season for some years past, and being now about to become general agent for the firm in this part of Ontario.
Mr. Fred Waller, late manager of the Sylvester Manufacturing Co., who is leaving shortly for the east, was made the happy recipient of a beautiful gold watch on the part of the employees of the firm during one of the last days of his administration.
The presentation was accompanied by the following address:
Dear Mr. Waller—We your employees and associates in the service of the company, while regretting your departure, welcome it as an opportunity of expressing our attachment to you and appreciation of the many evidences of kindness which we have experienced at your hands during the time in which we have been in your employ and believe that while we may be separated for a time the same kindly interest will continue.
We feel that the good-will and unanimity that have existed have been due to the interest you have manifested in our personal welfare. As a token of our esteem we beg you will accept this watch, and as you consult it from time to time, trust you will be reminded of the many friends you have in the North-west branch, who wish you all the best things that life can bring. Respectfully A. J. Graham, W. F. Parker, J. J. Tookill, A. E. Sliery, Jas. Fowler, W. H. Reid.

LINDSAY'S NEWEST INDUSTRY.

New Company Formed, with a Capital of \$40,000.

The following item from Monday's Toronto papers, will interest our many readers:
The Dominion Wheel Co., Limited, of Lindsay, \$40,000, provisional directors, John Dundas Flavelle, William McEroy Flavelle, and John Carey, managers; Thomas Stewart, and Jessie Hamilton, all of Lindsay.
The new industry will be located in the building formerly occupied by the Hamilton Carriage Company, which is now being fitted up for the purpose. The Company will commence manufacturing about Sept. 1st and will employ fifteen hands at the outset. Mr. James Hamilton will be the manager.

Alderman in an Accident.

While driving down Kent-st. Tues. morning the hind wheel fell off a buggy in which Alderman narrowly escaped serious injury. His spirited horse became frightened and began kicking, injuring the vehicle to some extent.

FLIES AS DISEASE BEARERS.

The Common House Variety Are a Menace to Health.
The United States Department of Agriculture has started a crusade against the common house fly and is carrying on extensive experiments as to the best way of diminishing it from the abodes of man. The fly has been found to be not only a nuisance, but a menace to man's health. Its hairy body carries both disease and death. Many epidemics which sweep over communities in the hot season have been traced to the fly. Having its origin in filth, it brings with it the bacteria which breed in filth. And as it moves about, now crawling over refuse, now over the food on the table, flying from the lips of the sick to the lips of the healthy; it is said to be more dangerous to modern society than were the wild beasts to primitive man.
The high mortality among the children in the congested districts of a city, where families are always closely crowded together, where refuse accumulates fast, where food is often kept in living rooms, is due to a large degree, so scientists now say, to the fly. Infant diseases chiefly prevail in the hot season, when the flies abound. Dr. J. T. C. Nash, in the Journal of the Royal Sanitary Institute, giving his experience as an English health officer, says that the fly is responsible for the death of many children because of poisoning the milk which they drink.
"It is a matter that has been overlooked," said Dr. C. O. Prentiss, recently, "but we now know that the common house fly is an agent of importance in carrying the germs of typhoid fever. It was formerly believed that the germs were only carried in water, milk or other food. Flies both breed and feed in places where the germs are to be found, and then, flying into our houses, no doubt often carry the germs and deposit them on our food."
Hope for Him, Too.
—Are you a vegetarian?
—Oh, no! I love good beef.
—Ah! I wish I were beef.
—Well, I like real beef.

LIVELY DOINGS LAST NIGHT

Englishman and His Spouse engaged in quarrel Assisted by Dogs.

Evening Post of July 30
Nearing the hour of midnight last night Kent-st. citizens were aroused by a hubbub on the corner of Kent and William-sts. The barking of dogs, a man's curses and a woman's screams, aroused considerable excitement. Passersby hurried to the spot, where an Englishman and his wife, residents of the south ward, were engaged in a tussle. The husband was ill-treating the woman, who till lately had been engaged in a local hotel, but is now out of work. The man is said to be an idle fellow. Material assistance was given to the woman, and the man treated to a shaking. The big yellow mongrel which frequents the police court, and is a pet of the constables, then mixed up with another dog, and the excitement was increased. A man who tried to part the beasts was bitten.
When the row had subsided it was found that the man and woman were heading down William-st. Night Constable Short followed them for a short distance, but they walked along peacefully. It is said the woman is half-starved and constantly ill-treated.

COLD NEAR KINMOUNT

Discovery Made on The Farm of a Settler 14 Miles from Village

The Post had the pleasure of calling the other day from a distinguished Zulu mining expert—Mr. D. W. Cetywayo, son of ex-King Cetywayo, who was deposited after putting up a stiff fight against the British troops. The son has been in Canada several years, part of which was spent in the Cobalt district, and seems to have acquired a lot of information about mines and mining which he is turning to good use in our own north country. About two weeks ago he made a discovery of gold on the farm of Mr. A. J. Ford, a farmer living between White and Devil's lakes, about 14 miles from the village of Kinmount. The sample assayed \$35 to the ton. Mr. Cetywayo is in the employ of the Cobalt Mining Development Company.

HAD THEIR BASKETS STOLEN.

Excursionists to Peterboro Bereft of Their "Grab."

Peterboro Review: The visitors at Jackson's Park Friday from Lindsay had a rather unpleasant experience. Several baskets containing provisions were put in an apparently safe place until required, but no one was left in charge. When Rev. C. H. Marsh, rector of St. Paul's church and several of his parishioners, young and old, went to get their "grab" it was discovered that it had mysteriously disappeared. Several had ropes are alleged to have stolen it, and scattered the plates over a portion of the park. The visitors would have to have gone hungry had not some Peterboro ladies, who were having a picnic there, come to the relief of the famished excursionists, and generously handed over their supplies—an act of kindness, which was greatly appreciated by the visiting Lindsayites.

MAY LICENSE GUIDES.

Movement on Foot to Prevent Slaughter of Fish.

The Fenelon Falls Star says: A movement is on foot to license guides to the Kawartha lakes district. It is claimed that at the present time parties of Americans come to this district, and with the assistance of guides make some very large catches of fish, which is contrary to the game laws. These fish are then shipped out in boxes and it makes it very difficult for the overseers to catch the guilty parties. The inspector intends to recommend that the guides keep the fishermen within the limit, and any who permit a larger catch than the law allows, will lose his license. The effect of this should be very beneficial, and will protect the fish from the American slaughterers.
One Alternative.
Dad—"So you can't live with my allowance, eh?"
Kid—"No, sir."
Dad—"Well, then, you'll have to try without it for a while."
