TELEGRAPH STRIKE SPREADS

Associated Press Now Being Affected -Montreal Operators on G. N. W. Leave Work-More to Quit To-Day Declares President Ahern -Reports From Various Tele-

graphic Centres Are Serious.

Montreal, Aug. 13.—The telegraph operators' strike hit this town yesterday afternoon shortly after 3 o'clock, consequently 30 of the Great North-western Telegraph Co. went out. It appears that one of the operators refused to take stuff from a New York strike-breaker, and he was discharged This was a signal for 25 of his fellow operators to walk out. They are mostly union men who are out, and the nine remaining in the office are nonunion. So far the C. P. R. men have shown no sign of infection. There was a rumor, however, affoat that the C. P. R. operators would leave at 7.30. So far they are at their posts.

New York, Aug. 13.-Many of the telegraph operators employed through. out the country by the Associated Press struck at 8.30 o'clock (eastern time) last night. All of the night operators in the New York office of the Associated Press, with the exception of the chiefs, are out.

At the sound of a whistle blown the operating room at 1 p. m. yesterday, the day operators in the Western Union branch offices joined the strikers at once. As the men and women marched out of the building they were cheered by striking comrades who awaited them in the street, but there was no disorder.

The secretary of the local union said the strike was unauthorized and due to the action of a chief operator in ordering out of the building three men who had refused to work wires with strike-breakers and who had returned for their pay. He said the union would stand by the strikers. The operators in the main office of the Postal Telegraph Co. left their keys at 2.30 o'clock without disorder.

President Ahearn of the local union

in answer to a question as to whether

all operators will be called out to-Chicago, Aug. 13 .- As setting forth very clearly the Postal Co.'s side in the fight, a letter was given out. It has been addressed to striking employes in Chicago, St. Louis, Kansas City and other affected offices in the west by W. I. Capen, general super-

intendent in Chicago. He says: "There is, and probably always will be, malcontents and strike-makers among our employes, ever ready to find fault with those holding higher positions and making mountains out of mole hills. It is against this class berths can be secured at low rates. that I want to warn any man with a family, parent or other dependant upon him for support. Agitators with wagging tongues cause men to leave positions, but they fail to provide food and shelter for their families, and nine times out of ten the agitators hold some union position drawing both salary and expense money out of the fund to which you have contri-

> buted a part." New York, Aug. 13.-Postal operators struck at 2.30 p. m. Philalelphia, Aug. 13.—The Postal operators went on strike at 3.40 p. m. Cleveland, Aug. 13.-The operators employed by the Western Union and Postal Companies here struck yester-

SEEK TO DETERMINE CAUSE

Michigan Central Railway May Be-Prosecuted For the Loss of Life-Crown Attorney Has Taken Up the Investigation - Expert on Ex-

plosives Summoned to Give

Evidence-Jury Empanelled. Essex, Aug. 13.-Responsibility for the cause of Saturday's explosion is to be placed, if it possibly can be done. Not only will a coroner's jury make a searching enquiry, assisted by Crown Attorney Robb, but the Dominion Railway Commission will also enquire. Acting on a request made by the mayor, E. C. Lalonde, chief

inspector of accidents, for the board, has been detailed to come here. Coroner Brien subpoenaed Wallace Ritchie of the Ritchie-Lang Co. planing mills, whose place came toppling over on their heads. Mr. Ritchie is expected to say that the car of explosives remained from Friday, at 9 p. m., over night within the town limits, and this is said to be illegal. Mr. Ritchie was looking at the car half an hour before the crash and saw the stuff leaking to the tracks. Leo Delong, an expert on nitro-glycerine and high explosives generally, will be

brought from Leamington to testify. J. H. Rodd of Windsor, county crown attorney, will have charge of the proceedings. Other witnesses who saw the car blown up are J. H. Coulter, C. E. Naylor, Bert Esselstone, Archie Naylor, members of the firm of Dunbar and Sullivan of Detroit, contractors, to whom the explosive was consigned; Michigan Central officials

and others are subpoensed. It is said here that several Michigan Central officials acknowledge their liability for damages to at least a limited extent. The coroner found yesterday that the car was labelled "explosives." It bore a placard that it was dangerous and must not be placed within eight cars of engine or caboose. The county attorney wants to: examine the firm that sent the dynamite. Both the packing and the sending in the manner done are against;

the strike would affect operators on the law other wires, said, "It is likely that "Whether the Michigan Central officials may be proceeded against criminally for loss of life depends on the evidence produced now and later," said County Crown Attorney Rodd yesterday. "There is no prohibition; against carrying explosives, but a special car must be used, and the common law says the utmost precaution must be used in handling them. "I doubt very much that the proper label-'explosives, dangerous'-was on the car, because at one end of the car was the dynamite and at the other;

was common freight," said Mr. Rodd. "It looks to me pretty clearly like a case of criminal negligence. The stuff was not properly packed, and not put in a special car, and was allowed to remain for 48 hours near the depot. It should have been on a siding three-
