GOOD PUMPS

The day of iron pipes and cast iron cylinders is past, as the public know from experience what you want when you buy a pump is galvanized iron pipe, brass cylinder and steel rods, which do not rot or taint the water.

We are making a large bore brass cylinder and steel rod pump which will outwear and throw more water than any pump on the market.

Our practical man, Mr. J. Dennis, looks after all orders and repairs, and we can guarantee satisfaction. Mail orders receive prompt attention.

NEWS OF THE CHURCHES

The Establishment of God's Kingdom on Earth—Articles Bearing on Church Work at Home and Abroad—Carefully Selected Contributions will be Received for Publication in this Column.

AT THE SET OF THE SUN
At the set of the sun,
When our work is done,
With all its tangled web,
When the clouds drift low,
And the stream runs slow,
And life is at its ebb,

As we near the goal,
When the golden bowl
Shall be broken at its fount;
With what sweetest thought
Shall the hour be fraught,
What precious most shall we count?

Not the flame of the sword,
Nor the wealth we have stored,
In perishable things of earth—
Not the way we have trod
With the intellect broad,
Though that were of precious worth.

Nor the gain we achieved
Through the hearts we have grieved,
And left unhelped by the way,
Nor the laurel of fame,
When, for worldly acclaim,
We toiled in the heat and the fray.

Ah, no! 'tis not these
Will give our hearts ease,
When life sinks low in the west,
But the passing sweet thought
Of the good we have wrought,
The saddened lives we have blest.

And the love we have won,
And the love beckoning on,
From His islands far and dim,
Leaving out of the light,
Shining into the night,
The night which leadeth to Him.

Rev. Fr. McColl, of Peterboro, gave an address at the unveiling of a monument to James' College, Berlin, to its founder.

Dr. Sutherland, of Toronto, announced recently that there was an increase in the gifts of the Methodist church this year of \$35,000 over all previous records.

Miss Mabel Curtis, who has been employed as cashier at Cressman & Son's store, Peterboro, was the recipient of a suit case recently from the other employees before her departure for British Columbia, where she will enter the missionary work at Hazelton, B. C.

There is many a man who would never tell a filthy story, but who, nevertheless, is prepared to listen to one. These are many people from whose lips there never proceeds a foul word, but who are quite ready to laugh at one. It is recorded of King Arthur's knights that they never spoke scandal, "no, nor listened to it."—Rev. J. H. Jowett.

Evidently the congregation of the First Methodist church, Picton, believe that their pastor, Rev. J. J. Roe, last year's president of the Bay of Quinte conference, was cruelly misjudged in connection with the Stetson store picture post card incident, which led to the clergyman's withdrawal from pastoral work for a year. On Tuesday the congregation presented Rev. Roe with a purse of over \$1000 as an evidence of their faith in him.

The Presbyterian: It is reported that on the day on which Mr. Rockefeller was informed that the Standard Oil Company had been fined \$25,240,000 for accepting rebates from the Chicago and Alton railway, he omitted his customary game of golf. But there is already something to be thankful for. The company was only found guilty on 1,462 out of the 1,903 indictments made against it. Had it been found guilty in the other would doubtless have omitted golf on two successive days.

A Peterboro clergyman, in his sermon last Sunday evening, made the statement that there were more drunken men to be seen on the streets of the city than in Toronto, and there did not seem to be any determined effort being made to improve the conditions, which were appalling. It was his conviction, too, that if the dishonesty and secret immorality existing in the city were made public it would be found that only a very small fraction of the violations against the laws of God were taken cognizance of by the laws of the land. These are strong words.

SERMONS DELIVERED AT THE CHURCHES LAST SUNDAY.
AT ST. ANDREW'S.
The congregations were small, owing to the extreme heat, probably. Rev. Jas. Wallace preached the morning sermon from the text, "The young lions do lack and suffer hunger, but they that seek the Lord shall not lack any good thing."—34th Psalm, 10th verse. The minister impressed on his hearers the blessings of the righteous, perhaps not prophecies in worldly goods, but in the true things of life. What is good is worthy of being pursued for its own sake. What can compensate for a pure goodness, character, and a pure life? They that seek God's turning away from sin shall not lack any good thing.

In the morning Miss Beacock, of Ayer's Hair Vigor, new improved formula, does not stain or change the color of the hair, even to the slightest degree. If your hair is blond, gray, or even snow-white, Ayer's Hair Vigor, the new kind, will not make it shade darker. Ask your doctor if this is not so.

Will Not Stain Hair

A BIG BLAZE AT COBOCONK

Presbyterian Church and Another Building Destroyed.

Evening Post of Aug. 10
At an early hour yesterday morning the citizens of Cobocok were aroused by the cry of "Fire!" and on looking into the street discovered that the Presbyterian church was in flames. A bucket brigade was hastily formed, and, by great exertions the fire was confined to the church building and a frame storehouse owned by Mr. W. L. Spield, which contained a stock of groceries.

The cause of the fire is unknown, but it is supposed that it was set by a smoker's cigar stub. There was an insurance of \$2,000 on the church, but nothing on the storehouse.

COMMUNICATIONS

BE TRUE.
(To the Editor of The Post.)

Whilst the singing to fans of the "Red Flag," the Socialist anthem, was progressing in the Salvation Army on Sunday night, one was reminded of the concluding sentence of "Some Remarks on Things in General," by "The Stroller" in Saturday's issue of The Post. He wrote:

"It is wonderful what we will do, even the best of us, for a few extra cents. It would not surprise us one bit were there something after all in the Socialist's plea that if you once eliminate profit you will stop tax, harm. It is worth thinking over very seriously. There has got to be a cure found."

Truly bold, courageous words which should claim the attention of every loyal citizen on this appropriate date, the Civic day of Lindsay.

Let us take stock, covering the past twelve months.

Can we boast of an improvement in the general welfare of the people? Has the sordid making of dollars increased with the production of meat and women with ideals for the common weal? Certainly the name of Lindsay has been besmirched. Men are wanted now to administer the cure, and they cannot be considered favorable thereto if their belief is "Each for himself." Each for all, and all for each, should be the guiding principle. This cannot be, under the present system of individualism.

MUSKRATS CARE OF YOUNG.
Swam the Otanabee with offspring on Their Back.

Peterboro Examiner: Persons who lived in the vicinity of the Otanabee river where the low lying land along the shore is being filled in near Rogers' boathouse were spectators of a somewhat rare and interesting sight. At this point the river bank is covered with small willows which grows very thickly and it appears, provided a fine place for homes for muskrats, which are quite numerous along the stream in that locality.

When the taster's commenced dumping loads of earth among the willows yesterday they disturbed the muskrats and an interesting scene was the result. The rats took to the water, carrying their young with them. When they reached the water the young ones got on the backs of their parents and were carried across the river to a place of safety on the other shore. It was a unique sight to see the old ones swimming with the little fellows on their backs and the workmen and others who were in the vicinity greatly enjoyed the spectacle. Every little while a rat would take to the river and swim across, frightened from their usual haunts by the dumping of the earth and the voices of the workmen.

It is not likely that the rats will return to their old homes, as the willows are being covered up by the dumpings, and the low shore line built up.

Supplied County Coal.
The Carver Lumber Co. supplied the goal with 100 cords of maple for firewood recently. The best maple in years," is Goaler Jackson's opinion of the wood. At the present time wood is selling very fast, the buyers storing it for the winter.

Police Court Calendar.
—William Lorette was sent up for one week by Magistrate Jackson, the charge being drunk and disorderly.

—Richard Mason, a vagrant, was apparently solved the problem. "How to live without work." It is now eleven months since he landed in Canada, and during that period he has "lived like a gentleman." Richard came before the Magistrate, who asked a few awkward questions and regarded him for a week pending inquiries as to the wisdom of deporting Mason as an undesirable immigrant.

Bob, Independent; A man named Sackett, working on the Alexandra was before George W. Taylor, J. P., on Friday night, and will probably remember the visit. Sackett and Joe Wellington, cook for a bribing gang, met at the Rockland in the evening, and after an altercation Sackett struck Wellington in the eye, cutting the flesh badly. Wellington at once obtained a warrant, which the constable served, and to save any delay of the boat, the Magistrate laid quiet forthwith. The charge was admitted and the magistrate imposed a fine of \$15 and costs, a total of \$20.

WHEN YOU ASK FOR

SURPRISE

A PURE HARD SOAP.

INSIST ON RECEIVING IT.

THE CHILDREN'S AID SOCIETY

Meeting on Wednesday—Mercy Davis Sent to Toronto.

A special meeting of the Children's Aid Society to consider the case of a 19 year old girl, Mercy Davis, was held on the Society's hands for some time, and who had proven to be sadly lacking mentally and to be very ignorant, was held in the Council chamber Wednesday afternoon at 4 o'clock.

These present were Dr. White, president, Mr. Rogers, Dr. Herriman, Inspector Knight, Mr. W. McWatt, and the secretary, Mrs. E. E. Sharpe.

A communication was read from Mr. J. J. Kelso, Superintendent of Homes and Neglected Children for Ontario, offering to accept the charge of the girl and put her under proper supervision for a sum of \$15. The general opinion was in favor of the proposition, the Society being burdened by the orphanage.

Moved by Mr. Rogers, seconded by Mr. Knight, that this offer be accepted.—Carried.

CONDITIONS IN THE NORTH.
A communication regarding a family at Deer Lake named Chidge, was discussed. The family were in an extremely bad condition, and the children were growing up in ignorance.

A family named Peters—simple-minded people near the same place—and others named Miller and Bowen, near Wilberforce, demanded attention.

It was moved by Dr. Herriman, seconded by Mr. Rogers, that the secretary be instructed to investigate and report on these cases, under Mr. Kelso's instructions.—Carried.

OTHER MATTERS.
The Society decided to take charge of a boy, the son of a blind man named Jordan, who is going to the House of Refuge, and decide what will be done with him.

A committee comprising the President, Dr. Whites, Mr. Rogers and Chief Vincent, was nominated to investigate into the conditions of the birth of an illegitimate son to an unfortunate girl, Olive Lee, and decide what is best to be done. The man who ruined the girl's life is supposed to be named Hawthorne, and was a former handsman here.
