Telegraphy Opens the Way TO A SUCCESSFUL LIFE

Several thousand Telegraph Operators will be required by the various Railway companies within the next nine months. ON AUGUST 1st, I will open a School in Lindsay, to be known as the

National School of Telegraphy

Board here is reasonable, and all ordinary students should graduate here within six months. Write or see me for terms. The greatest and most successful managers of to-day have, with rare exception, risen from the ranks of the operators. Salaries of operators run from \$50 to \$80 per month, according to the importance of the position. Operators who are Agents, make from \$50 to \$100 per month, and are in great demand. Lady operators for commercial work are at absolutely essential, viz: Qualifications necessary are few but absolutely essential, viz: a common school education, strict sobriety, honesty, industry and a carefulness.

Sir William C. Van Horne, of C.P.R. fame, began his railway career as an operator, so did J. W. Leonard, C. W. Spencer, Geo. C. Jones, and scores of others, all now holding high positions. Address NATIONAL SCHOOL OF TELEGRAPHY, Lindsay, Ontario.

A. M. PATON,
Principal.

IMPORTANT NEWS OF THE DISTRICT

Told in Interesting Form by the Bright Correspondents of The Post at the Various Centres.

CENTRE ELDON.
(Special to The Post.)
Most of the farmers around here are almost through harvesting. Several have had some of their threshing done, and report the grain turning out good.

Mr. John Gillanders had a wind-mill erected on his farm. John will make things hum if he will get the wind when required.

Our school re-opened on Monday, 19th, with Miss Post as teacher. We hope success may be with them this term also.

Miss Annie Gillespie, trained nurse, of Buffalo, has gone back after spending a lengthy visit with her parents here.

DUNSFORD
(From Our Own Correspondent.)
The farmers around Dunsford are nearly through harvesting, and the whistle of the threshing engine may be heard every day.

A company of from twenty to thirty men of this vicinity has purchased a new threshing machine and engine. The new outfit is strictly up-to-date, and is giving perfect satisfaction.

The Farmers' Bank of Canada has established a flourishing agency in our village. The new bank, although it is as yet but plainly furnished, is open every Tuesday night and all day Wednesday.

The Dunsford school re-opened for the fall term last Monday, with Mr. R. C. Gray as teacher. Mr. H. L. Lindsay having resigned to take a position in the Farmers' Bank of Canada.

SCOTCH LINE
(From Our Own Correspondent.)
Mech harvesting is still to be done. However, with the weather so favorable, what remains will soon be taken off.

Some threshing has been done already, and the yield, especially of mixed grains, is quite up to the standard.

It is doubtful whether in any other part of the province are the farmers so apparently united in their determination to make agriculture pay as they are on the Scotch Line.

Mr. Wm. McLean's son, Dan, intends working the farm.
