Elder H. H. H. performed the ordinance of baptism on Sunday in the river near the railroad bridge. About 200 people gathered to see the ordinance performed in the proper mode, as under tool by the latter day saints. One of the subjects for baptism was a more child, and if a person can judge from looks, she regarded the whole affair as a huge joke. Elder H. H. H.'s success here so far has been of small dimensions.

If he regards the tearing around the belief of other christian denonations as the road to success, he will find himself badly mistaken.
Work at the Standard Chemical Company's plant here goes steadily on, and the new addition to the capacity lately used.

The main street in this village is a disgrace to a progressive business community like Peniston Falls. Gravel is secured, and it is surprising that a main thoroughfare like Colborne-st. should be allowed to assume such a rough condition. Where is the chairman of the Street and Bridge committee? He should either attend to this matter or resign his seat at the Council board.

The meeting of the tory convention was held here on Wednesday of this week and was fairly well attended by the fire-eating Tories of the riding. It is likely that this country will be safe now for a while after the display of organs.

SANDRINGHAM-ELDON.
(From Our Own Correspondent.)
Come away with us to the Lindsay Exhibition on the 26th, 27th and 28th Sept. Harry Rich is to be there. See Canada's foremost comedian in a series of very funny and amusing songs and sketches.

On the evening of the 4th inst., at the residence of John Forry, there occurred one of those pleasing events which sends a thrill of pleasure through young and old hearts, when his second eldest daughter, Miss Catherine A., was united to Mr. Kenneth Ferguson, of "The Glen," North Mariposa. Long before the hour appointed the majority of the invited guests had congregated on the lawn in front of the parlor.

An interesting ceremony was to be performed, all anxious to get a glimpse of the bride elect, who was highly esteemed by all in the community. At 4.30 the marriage ceremony was performed by the Rev. McDonald, of Manss Grove, E. don, who appears to be quite an expert at tying such knots. The bride was given away by her father, and was charmingly dressed in a color brocaded satin, trimmed with pearl trimming and chiffon. Her sister, Miss Mary, was bridesmaid, and looked handsome in white silk, trimmed with white ribbon and pearls. Miss Ruth Walker acted as maid of honor and looked sweet in white organdie. The groom was assisted through the trying ordeal, by his brother, Hugh Ferguson. The wedding march was delightfully played by Miss Minnie McCrae. The bride and bridesmaid each carried a bouquet of white asters, and the parlor was handsomely decorated with large white asters. The groom's gift to the bride was a beautiful gold bracelet.

Sidon, if ever, have we seen such an array of costly and useful presents as this bride received, which shows the high esteem in which she was held. After congratulations extended to the happy couple, all repaired to the tables, which were fairly groaning with all the best of the season. Soon afterwards the sweet strains of the violin were heard and the light fantastic was tripped till the "wee sma' hours ayont the twal." Mr. and Mrs. Ferguson left by the morning train for Toronto, where they intended to take in the exhibition; from there to Niagara Falls and then to Buffalo to visit the Pan-American.

We wish the young couple long health and prosperity. Your reporter was naturally come to the conclusion, when he took an observation of the many young ladies and gentlemen who sat down to the tables that there is a rich harvest in store for the Rev. Mr. McDonald in the near future.

We hear they are offering larger and better prizes for all stock at the Lindsay Fair this year. We may expect to see a very fine display in all classes.

On Sunday and Monday, Sept. 8 and 9, the E. L. C. Endeavor had a reunion. On Sunday morning Mr. Crews, of Toronto gave us a splendid sermon, everybody being delighted with it. He also preached in the evening. The church was crowded, there being six hundred or over present, and no one went away without feeling that they had been benefited by his sermon. On Monday evening Mr. Down from Wilfrid, delivered a fine lecture on the Model League, after which Mr. Charles, of Lindsay, gave us a short talk, both were well served. The proceeds from collection on Sunday and Monday both were \$27.50.

..MOTHERS..

Read What Gough Can Do for Your Boys in the Clothing Line

Spare yourself the labor of making up your boy's clothing, or making over for the little kids the old clothes that the bigger boys have worn. COUGH has made a mighty slash in prices of Boys' Suits. Actually you can purchase them this week at prices that won't pay you to bother making them at home.

"Don't Spoil the Ship for a Ha'porth of Tar." When one considers COUGH'S Boys' Section is one of the busy departments of this great clothing store. No wonder that parents the great variety of styles always kept on hand, and the matchless cheap prices, no wonder that parents make COUGH'S their headquarters for Boys' Clothing. We have said several times that this store sells as many Boys' Suits as all the other stores in Lindsay. The assertion is not quite accurate; to be nearer the truth we should have said "more than all the other stores in Lindsay." Why is this so? Come in, look at the suits and compare the prices—your question will answer itself.

(From Our Own Correspondent.)
Come with us to the Lindsay Fair to see Yarin & Turanne, the celebrated Mexican axe jugglers, showing their wonderful skill in handling a perfect shower of axes, Sept. 26th, 27th and 28th.

This month Oakwood has been somewhat livelier than usual, the council meeting, regular division of court and court of revision being held here which brought a good many into the village on special business.

Thanks to the efforts of some of our townsmen the graveyard at East Oakwood is once more taking on a presentable appearance. The condition it was kept in has long been a disgrace to the community. It is the intention to have the property fenced and have it divided up in lots. When finished it will certainly be a vast improvement.
