TO SUBSCRIBERS IN ARREAR

By actual count there are over 900 subscribers for the current year, and a considerable proportion of them for two years. This delinquent list represents the large sum of \$1,500. Don't you think it is too bad, in view of the large and interesting paper we are giving, that we should be worried in our financing by this thoughtlessness of some subscribers—for it is largely thoughtless. With this money in hand the publisher would be able to undertake many projects he has in his mind for the further improvement of this paper. Isn't it too bad that the majority of readers should be punished by the minority in this way?—for with so much money outstanding it is impossible for the publisher to increase the expenditure on the paper.

Dear reader, if you are one of these delinquents, look at the label on your paper, note the date to which your subscription is paid, and if in arrears, sit down and write us enclosing the amount. It will be the most welcome letter we can receive. If every subscriber in arrears were to do this, the burden of life to the publisher would be greatly relieved.

Address The Weekly Post, Lindsay, Ont., and us registered letter, postal note, P.O. order, or Express order. Our subscribers or any of their friends are invited to give us a call at any time when in Lindsay, when we shall take pleasure in showing them through our printing office, where they may see the plant in operation.

Single Fare Tickets to Lindsay can be purchased on Oct. 5th (the day of the Reform Convention) good to return on 7th, at any agency of the Grand Trunk Railway, where the ordinary single fare does not exceed \$2.50.

FIRST DAY OF THE BIG FAIR

NUMBER OF ENTRIES WILL BE ENORMOUS. Weather indications favorable and a Record-breaking Crowd Expected on Friday.

As we go to press to-day (Thursday) the Central Fair grounds present a scene of unexampled hustle and hurry, directors and exhibitors being in the throes of preparation for the opening Friday. The great increase in the number of entries in all departments, and the grand special attractions secured by the management, make it certain that the Fair will prove the most successful ever held. Weather indications are favorable, and there is a general conviction that the attendance will exceed all past records. A full report will appear in next week's issue.

List of Special Attractions. To-day, the Canadian Premier Cornet Player, and the youngest of her sex in Canada who plays that difficult instrument. She will give a selection of national and popular airs.

Willie Franklin, the clever English dancer and singer, in a pretty and picturesque song and dance sketch. Arena, the contortionist, who performs feats which have mystified the medical profession in Canada and the United States.

The Bletso children, national dancers, winners of numerous prizes, and the cleverest young dancers in Canada.

Franklin and Hiatt, the marvelous English lightning change jugglers, in realistic sketches of English characters, including the sea side, a sort, lady and gent, the ruse of the swart, the English costers, London society swells.

Marin and Brennan, the celebrated Romany jugglers, in wonderful feats of daring and strength, including a perfect shower of axes.

Walton and Jones, the funniest and prettiest comedy sketch ever put on a stage, including a wonderful cornet player and the prettiest dancing by a lady ever seen in Canada.

MOVEMENTS OF ROYAL TRAIN

Provisional Time-Table Prepared by Grand Trunk Authorities. Although the movements of the royal train on its return to the east have not been definitely decided, the train at North Bay, has arranged a provisional time-table.

North Bay will be left at 6:05 a.m. on October 10th, and after a stop of perhaps an hour at Seabrook Junction, and of a minute or so at Gravelhurst, and Allandale, the train will run through to Toronto, arriving at two p.m.

The Duke will leave Toronto at nine a.m. on October 12th, and, having stopped at various intermediate stations will reach Niagara-on-the-Lake at six p.m. The return journey will begin at Hamilton at 10:30 a.m. on October 14th. Hamilton will be reached at 7:07 p.m., and Belleville at 10:45 p.m. The next train will leave Belleville at 9:30 the next morning and arrive in Kingston at 11 a.m.

THERE'S ROOM IN CANADA.

The Dublin Freeman's Journal of Sept. 22nd says: "The government regard the drain of Irish emigration with equanimity, if not with delight. They also regard it as a welcome excuse for reducing the Irish representation in parliament. It is truly British policy; first drive the people from the country in despite of the protest of their representatives, then reduce the number of the representatives, and finally diminish the terms of the contract. But it is unnecessary to labor that point. Neither the government nor the landlords can afford openly to rejoice at the fatal tide of Irish emigration. Both the government and the landlords confess that the evil is in the land system, which induces, even compels it. All agree that the only remedy is in a general purchase and distribution scheme which will make the tenants owners of adequate holdings."

While the parties concerned are getting ready to apply the remedy, the emigration will of course continue, and during that period, which may be long or short, it will be well for our government to take action on the lines suggested by Hon. G. W. Ross. There is plenty of room in Canada, where the land is cheap, and we have the word of Sir Wilfrid Laurier that Irishmen are Canada's best settlers. At any rate, it is well known that the Peterboro and Lindsay districts were settled three-quarters of a century ago by immigrants from the south of Ireland, under the direction of Hon. Peter Robinson. There were no railways in those days, and the land upon which they were placed was heavily wooded, but they worried through the initial difficulties and became very prosperous.

What is to hinder men of the same energy and enterprise from settling in the north of Ontario? Some of the Home Rulers in Ireland may object to the losing of their constituents but they can console themselves with the thought that the landlords who are not the happiest fellows in the world, Canada is not afraid of an embarrassment from the Irish question, for this country is predominantly a factor in Canada to rob the Irishman's vote of its due share of influence.

Bobcaygeon Fair. The Str. Estabroon will run a double trip between Bobcaygeon and Lindsay in connection with the Bobcaygeon Fair on Friday, Oct. 4th, leaving Lindsay at 9:30 a.m. and Bobcaygeon at 4:50. Fare 50c.

OPS COUNCIL PROCEEDINGS

REGULAR MEETING HELD ON MONDAY LAST. Communications and Other Matters Dealt with by the Representatives.

The members of Ops council met at 10 a.m., September 23rd, and after the minutes of last regular meeting were disposed of the clerk read the following:

From Mr. McNeill county clerk, inviting the council to attend a conference on the county road system at the court house at 2 p.m., 24th inst. and to take part in the proceedings thereof, that some plan of action may be adopted by which municipalities desiring a share of the provincial appropriation for roads could obtain it.

From Messrs McLaughlin, McHarrmid and Peel in reference to drainage on E. h. lot 13, con. 8.

From Wm. B. Fee complaining of the way in which the pathmaster of lot 24 had expended statute labor money.

A report from Geo. Smith, township engineer, setting forth the work necessary to complete drain No. 1.

Sundry Accounts and Bills. Mr. Wm. Rea addressed the council and said that for want of a sufficient outlet the water from the roadside at lot 6, con. 10, flooded a portion of his land. He desired to have the outlet improved and would pay a just share of the cost.

On motion by Messrs Sluggett and Hopkins it was decided to put in a box culvert across the 9th con. road at the first quarter line, and allowed Mr. Rae \$4 besides to enable him and others interested to make the required improvement.

On motion by Messrs Byrne and Hickson the council decided to attend the county road conference in response to the county clerk's invitation.

On motion of Messrs Hawkins and Sluggett the clerk was instructed to notify Mr. A. G. Reid, owner of s. s. q. lot 11, con. 8, to deepen the water course across his land that the lodged water on the N.E. 1/4 may have an outlet.

Mr. Hickson moved, seconded by Mr. Sluggett, that Jos. Mark's application for the drainage loan be accepted and that the clerk prepare the by-law and debenture necessary.

On motion by Messrs Hawkins and Hickson Mr. Sluggett was instructed to investigate the matter complained of by Mr. Fee, and report at next meeting.

Mr. Dennis Callaghan, owner west half lot 14, con. 10, said he had dug a large open drain across his land several years ago; that he had several times cleaned it out at his own expense, and that as it benefited the road and the farm west of it as well as his farm he thought he should be assisted periodically in cleaning it.

Messrs. Hawkins and Hickson said that the roadway at Mr. Callaghan's and would be impossible in the long run and fall were it not for that ditch and that the council and Mr. Geo. Smith had a just right to share the expense of keeping it cleaned out.

It was on motion of Messrs Byrne and Sluggett decided that Mr. Hawkins interview Mr. Geo. Smith as to the share of the expense he and the council ought to bear whenever it becomes necessary to clean out said drain.

A Popular Collector. The applications of Messrs O'Connell and Ellis each contained a provision for withdrawal in case Mr. Jackson applied. Mr. Jackson gratefully acknowledged the compliment paid him by the two ex-reeves, and on motion by Messrs Hawkins and Byrne Mr. Jackson was re-appointed collector for the present year.

Mr. John Robinson called the attention of the council to the culvert on the 8th con. line, lot 14, requesting that it be cleaned out and that the parties liable for the maintenance of the drain under the engineering award be notified to attend to it.

Mr. Hawkins moved, seconded by Mr. Sluggett, that the following acoly. Geo. Lytle, for printing, \$87; John Carow, for supplies, \$30.16; John Whalen, work blasting gravel pit, \$3; Miss Twamley, treasurer for Home to pay nurse for L. Finnegan, \$31.—Carried.

A by-law to confirm the appointment of collector and one imposing a special drainage rate on the west half of lot 4, con. 1, received the usual readings. After which the council adjourned to meet at the call of the reeve.

W. F. O'BOYLE, Clerk.
