INTERESTING LETTER ON SHOOTING METHODS.

Dealt with by a Correspondent of Ex

Bloken we publish an interesting letter, which was received by the Peterboro Examiner, and which will interest Lindsay citizens as well; To the Editor of the Examiner :

Dear Sir,-I have read your aplendid article "Ducks Shooting Methods" and am pleased with your liberal treatment of the subject; I have shown your paper to a number of my friends and they are encouraged to prophesy that if the principles of your article are carried out, the beautiful lakes around this section of county will once more be covered with immense flocks of wild duck, just as they were 50 years ago, that is, according to the best information I can get. The sportsman who have taken the summer trips over the dorious waterways of this part of the baltery state that it was the Ontario will never forget the scenery hardest game to win that they ever to a letter which he had wrote to Mayor Sootheran-"Don't need any round these beautiful lakes, but deep | played. The spectators and players duck, his one searches closely every and were yelling like wild cats. Cohis mind he sees flooks of thousands bourg was their in full force rooting The Mayor stated that he had inof Malfard, black and Canvas ducks, for Port Hope, of course, but our resting and feeding in these waters. | boys were ready for all, and but up Fifty years ago this was quite true, a hard game from start to finish, the crough but now you are fortunate if you see hitting of all being a pleasing foaa single teal, blue bill or lonely black ture. The battery work was excelduck, or oftener none.

The Reagon-Duck Habits, mo north to breed, They go up twomale and female, -and come down towed to hold the indicator. Mr. fifteen-the average brood of young Hambly plays in the Oshawa team. ducks being thirteen. They cross this ground on their war to New Ontario, Hudson Bay District and two-bagger and three singles; Works the graines round that seed ion They skirt Lake Superior on the eated in this proposition. It is quite right to protect the ducks in the moring, for if you kill one old one it means the loss of thirteen young ducks in the falt, besides the parent

Not withstanding the game law and the unsportsmantike shooting, if you are sailing or fishing in the lake and there are ducks round you are sure to hear a gun go off and that largely accounts for the position to-day.

The Lesson of Experience. Iwill give you one little bit of per- cut boots-the coach man was seen sonal experience. I belong to a picking out the thistles. shooting company and one of the taws is-"No member shall leave the club house to shoot in the marsh before 8 o'clock in the morning and must not fire a gun after sunset." He said the ducks would be round thick before we got the decoys up. He was right, time was up and the er is depressed, worried and unhapducks knew thoy were safe. While py. Baby's Own Tablets make both ducky actually lit within worth of his paddle; the air seemed full of them. L believe I could have knocked them down with a stick. I am sure if I sweeten the stomach, cure colic, aid had fired my gun I could have killed | toething children, cure constipation, twenty or thirty ducks from sunset prevent diarrhoea, and promote ter cut. till dark that night. But then the gone over to some other preserve where they could rest in peace; a fewn ights of that kind of shooting

flocks and soon the ducks leave and cents a box by writing The Dr. Wilseek more congenial feeding grounds. liams' Medicine Co., Brockville, Ont. Not long ago I had two days fishing in Rice Lake. Each day I heard the gun go off several times. It is all wrong-the ducks must be protected or they will leave for other quart- Thursday, Aug. 25th, was largely pat-

Rice Lake should feed tens of thoumands of wild ducks all the fall morths, and the same in the spring. Squething About Preserves.
