INJURY FROM FROST.

Weather Now Fine, With No Rain and Marvesting Goes On.

Winnipeg, Sept. 12 .- The cold spell which began Friday night ended in frost in some districts Saturday night. Fortunately high winds generally prevailed, thus minimizing the damage to wheat.

It is probable that a certain amount of damage was done in some sections to green grain. Brandon district reports light frost doing considerable damage to gar-

den stuff, though wheat does not appear to have suffered to any material The weather generally continues fine, with no rain, and harvest opera-

tions are consequently progressing Grain now is beginning to come ! a little more freely, four cars of this season's wheat being inspected Saturday, two grading No 1 northern, one No. 2 northern and one No. northern. But of course these receipts are very unfavorable compared with the situation a year ago.
