LINDSAY, FRIDAY, SEPTEMBER 30.

A RALLY OF LIBERALS.

The general elections are at hand. Premier Laurier has been conferring with Lord Minto, and the day of voting will probably be announced to-morrow or Saturday. Under the circumstances it is high time the Liberals of Victoria and Haliburton knew the name of their candidate, and the choice will be made at the convention to be held in the Academy of Music, Lindsay, on Tuesday, Oct. 11th, at 11 a.m.

It is unnecessary to dwell at any length upon the great importance of the convention assuming the shape of a large and representative gathering of our Liberal friends from all parts of the newly formed riding. The grand response to the convention call of last winter—when delegates scorned the rigors of the severest winter experienced in years—silenced the trumpet and its high enthusiasm inspiring the Liberal voters of the constituency when the question is the return of a supporter of the best Government that Canada has ever known, and the defeat of a political hireling who is regarded with distrust by many members of the party under whose banner he deigns to shelter while serving his private ends.

With favoring conditions we have no fear that the rally on Oct. 11 will give evidence of a waning interest. We confidently expect to see one of the largest gatherings of friends of the Liberal cause that ever assembled in Lindsay, and whoever may be the choice of the convention may depend on receiving a hearty and united support from the moment of nomination until the polls close on voting day.

That the campaign will be a short and vigorous one is the opinion of those who enjoy the confidence of the Government leaders. Such a decision would be in accord with the policy of the Liberal administration in fostering the industries of the country. A general election in Canada, while it cannot lead up to the vast industrial disturbances which seem to be a part of the political system connected with a Presidential election across the border, is nevertheless an unsettling factor, and the sooner it is gotten over the better for every branch of trade. Canada is reaping a period of unexampled prosperity, everything is running smoothly, the Ships of State is enjoying favorable breezes with Sir Wilfrid at the helm, and it is important that there should be no unnecessary disturbance of these ideal conditions.

The campaign will be a brief one; the people are satisfied with the kind of prosperity induced by the Laurier Government—the kind that can be felt in the pockets and viewed in the swelling bank accounts and savings—and they are ready and anxious to vote for a countinuance of the good times they are enjoying.

Remember the Liberal Convention for Victoria and Haliburton, in the Academy of Music, Lindsay, on Tuesday, Oct. 11th, commencing at 11 a.m. Single fare on all trains and boats on that day.

Fought Over a Cabbage Patch.

Two Norwood women, Harriet McMillen, over 70 years of age, and Nancy A. Clarke, middle-aged, became involved in a quarrel on Saturday last over a cabbage patch, and when hostilities ceased, Nancy had a severe cut in her forehead from a hatchet which Harriet threw at her. Pails of water, stones and other missiles filled the air and broke windows during the melee, which was argued out before Judge Edmison on Monday. Mrs. McMillen was convicted of assault, but sentence was suspended for a month.
