### NORTH VICTORIA FALL FAIR

EXHIBITION NOT UP TO THE USUAL STANDARD OF GOODNESS.

Disagreeable weather interfered with the attendance.

The North Victoria Fall Fair, which was held on Tuesday and Wednesday of last week, was hardly up to former years. The exhibits in the various classes were of good quality, but the entries showed a falling off in many lines. The morning of the second day opened up most disagreeably cold, and this no doubt had the effect of keeping many away. The directors were most assiduous in their attentions towards the visitors and tried to make it pleasant as possible.

In horses the showing was most creditable and went to prove that our neighbors to the north of us are fully alive to the value of raising good stock. Among the many exhibiting was noticed Mr. J. C. Hamilton, of Inlay, who showed a fine young 2 year old John R. Gentry filly, also a heavy draft and general purpose mare with foal by side. Geo. J. Peel, of Bexley, showed a heavy mare and foal as well as a draft mare and foal, for which he received 1st prize. Mr. Fred Dickson showed a heavy mare and foal. W. Mitchell showed an imported mare with foal by side. He showed in all six head of horses, among which were two saddle horses. In general purpose teams Hork Torsadden, of Osa, had three stallions of blacks. The general feeling was that they were entitled to the 1st prize, but the judges gave it to Hork Torsadden, of Osa, who had three stallions of blacks. # Your Last Opportunity to Buy at This Dissolution Sale

"Do not let your chances Like sunbeams pass you by, For you'll never miss the water Till the well runs dry."

This is an old song, but it nails home a truth which applies to our everyday life, and it fits the case of our great dissolution sale to a dot. You're letting a genuine opportunity pass if you neglect to secure some of the good things that are being sacrificed during the last three days—Thursday, Friday, Sept. 30th, and Saturday, October 1st, and the time you'll miss it is when the lots are closed out, or, in the words of the song, "run dry."

## COMMON SENSE AND ECONOMY BID YOU BUY NOW.

It is impossible to enumerate here all the inviting money-savers, but the following suggestions will serve as a guide to what we are doing in the last three days' sale of this large and well-selected stock.

### LINDSAY'S CENTRAL

Receipts About \$700 Better Than Last Year.

Officers and Directors Well Satisfied with the Showing.

Officers say they are given better treatment in Lindsay than they get elsewhere.

From Tuesday's Evening Post, last night and today, President William Ellis, Secretary-Treasurer Keith and assistants, have been busy making cash and estimating the amount to be paid out in prizes and for the running expenses of the big fair. Although a balance sheet has not yet been struck the indications are that when it is prepared it will show total receipts aggregating about \$700 better than last year, which was one of the best of the Society's history.

This is a most gratifying showing, and they all have interest on the coast of the new grounds and buildings.

FAIR NOTES.

We do not proclaim our greatness from the housetop, but we do so, without fear of contradiction, that in fair matters we excel.

Our Manvers and Cartwright friends turned out in goodly numbers, helping to swell the great throng, and coming chiefly from Newington and Clabo.

The feeling among horsemen is that a general shaking up of the breed is necessary in the management of the racing events. Possible conditions cannot be allowed to exist along these lines. Practice young, energetic men are required to look after this most important feature in the success of the fair.

Outsiders were loud in their appreciation of the excellent order maintained throughout the three days of the Fair.

The fair management feel deeply indebted to the breeders of good stock in Northumberland Co., who contributed so largely in making our fair the success that it was.

The hundreds of young ladies from the country who thronged our streets on Fair days were voted by critics to be superior to any to be found elsewhere in Ontario.

The Ross Hospital ambulance, built by Mr. Richard Kyle, won the admiration of every visitor to the carriage building, and proved the strongest advt. Mr. Kyle has ever had in his business.

The new cattle building won the admiration of cattlemen generally. Mr. Richard Kyle remarked, "We are going to exhibit in Peterboro, but we wish to keep our stock here. Our Sunday, our quarters are so cozy."

Concerning the display of dairy products, it is proper to note that Mrs. Wm. Porteous, of Newington, captured five first prizes on six entries of butter. Mrs. P. always to the fore at Fair time, her entries ranging from twenty to thirty different articles, and she seldom fails to score as a big winner.

### YOUNG BASS FOR SCUCOG.

A Carload of Fingerling from Lake Erie Deposited.

Ontario Reformer: Inspector Ellis, of the Ontario Fishery Department, was in Port Perry Monday last, where he superintended the depositing of 2000 bass fingerlings in Lake Scouge. The shipment was made from Long Point, Lake Erie, without the loss of a single fish. Last winter the waters of Lake Scouge were almost frozen solid, and a very large proportion of the fish were, consequently, mothered; it is claimed that the hotelkeepers of Port Perry alone are \$1000 behind in their receipts this year owing to the absence of the tourist fishermen.

As an instance of the wholesale slaughter of the fish, owing to the severity of the winter, Inspector Ellis stated that a Port Perry ice man told him that one day in February on cutting a hole in the ice, an Algonquin canoeing party was run aground, looking down through the hole the bottom of the lake was seen to be literally covered with rotting fish.

### NO RESPECTOR OF PERSONS.

Secretary of Mr. Mortimer Dryden Fined for Contempt of Court.

Pittsfield, Mass., Sept. 27.—Hugh Gurney, third secretary to Sir Mortimer Durand, the British Ambassador, was yesterday morning fined in the police court at Leam two charges.

For contempt of court he was fined \$25. A similar fine was imposed in a case charging him with speeding his automobile in Stockbridge Sunday. Mr. Gurney, when arraigned in court positively refused to plead, claiming that as he was third secretary to His Britannic Majesty, he could not under international law be arrested or held for any crime.

Special Justice Phelps informed the defendant that he must enter a plea. Gurney continued in his refusal. Then a fine was imposed for contempt of court.

### Salvation Army Notes.

For some time past the officers and soldiers of the S. A. here have been busily engaged soliciting contributions of food, money or fancy work in aid of their Harvest Festival (which is known as the Harvest Home in other denominations). The public have responded liberally, and as a result nearly \$100 have been raised. Wednesday evening was held a singing up of the effort, and a good crowd assembled in their hall on Peel-st. to enjoy the fine musical program prepared for that evening, after which refreshments were served and an opportunity given to purchase fancy work, etc., which had been donated. The S. A. district, through all the kind friends, who so generously donated to this effort.
