

SKIN DISEASES BOILS AND PIMPLES.

These conditions, although seldom causing death, are not only annoying but loathsome. They indicate either an impure or vitiated or weak condition of the blood. Some cases are easily cured, but others resist the action of all treatment except Merrill's System Tonic. This medicine has never failed to cure the worst cases when used according to directions. System Tonic cures because it is not only a blood purifier eliminating all poisons through the bowels and kidneys, but a blood builder and tonic as well. Thus after a course of this medicine the blood is pure, rich and healthy. This is the scientific and correct way of curing these diseases. Salves, ointments and washes have only a passing effect but the cures made by Merrill's System Tonic are lasting and permanent. If you have eczema, dry, itching and scaly or scrofula indicated by sores in the head and dry, scaly skin on the face, or bleeding cracks, indicating salt rheum, or boils and pimples of any kind, you will get a cure more rapidly and economically by using Merrill's System Tonic than any other medicine known. By this same combined blood purifying, blood building and muscle toning action, Merrill's System Tonic cures all troubles such as whites, leucorrhoea, falling of the womb and menstrual troubles. Each 50c bottle contains 50 pleasant-to-take doses, and is sold

AT ALL DRUG STORES or sent six bottles, for \$2.50, prepaid to any address by the MERRILL MEDICINE COMPANY, Brantford, Ontario.

MERRILL'S SYSTEM TONIC. Purifies the Blood, Builds up the System, Strengthens the Nerves, Cures Constipation. 50 Doses - Price, 50c.

Spending in the Ring. No other attraction at a fair can bring out a larger crowd than a horse race. People will come from a long distance to see a good contest, but we regret to say that many of the spectators were disappointed in this year's race. Before many heats had been decided it was easily seen that the horsemen were not out for blood, and consequently the race did not prove interesting. The track was in perfect condition and there should have been some close heats. Exciting finishes. Sid Passmore, of O. Hill, officiated as starter, and Mr. Geo. Lytle and M. M. Haygarth acted as judges. Green Race—

Table with columns: Name, Time, and Race details. Includes Astham, Belle Hunter, Ernie Hunter, etc.

BAIRDNESS will result if you neglect dandruff. Dandruff is the symptom of a disease. Before baldness starts is the time to use COKE DANDRUFF CURE. It cures dandruff, stops the hair from falling out, keeps the scalp in a healthy condition, and promotes a growth of hair that will be strong and abundant.

ROYALTY AT REGINA The Duke and Duchess See Prairies Covered With Snow. CORDIAL RECEPTION ACCORDED The Produce of the Fields, as Well as Flags and Hunting, Used in Many Places With Decorative Effect.

WHEN SA WARS IS OVER King Edward and Queen Alexandra May Visit Colonies. INDIANS GREET THE DUKE. Progress of the Royal Tour Through Canada—At Calgary the Party Was Met by a Great Gathering of Red Men—Medals Presented to Those Who Won Them in South Africa.

INDIANS GREET THE DUKE. A Great Gathering of Red Men at Calgary to Meet Royalty—Presentation of S. A. Medals. Calgary, N. W. T., Sept. 30.—The Duke and Duchess of Cornwall were entertained Saturday by a review of cowboys and mounted police, who pictured northwestern frontier life before them with all of the dash and color, and count the experience one of the most interesting of their Canadian tour.

SICK WITH GALL STONES. You can't get any means more effective than Powley's Liquefied Ozone to dissolve kidney impurities and make that organ healthy. Almost the first dose will improve the condition and make the system healthy. Mrs. Abbott was most grievously afflicted. Read the story of her bringing back to life as told by herself:—

The Weekly Post. LINDSAY, FRIDAY, OCT. 4, 1901.

NORTH VICTORIA FALL FAIR THE BEST SHOW ON RECORD

The Fair a Big Success—Large Number of Entries—Fine Showing of Horses, Cattle and Sheep—Speeding in the Ring. The 31st annual exhibition of the North Victoria, Bexley and Garden Agricultural Societies was held in the village of Victoria Road on Wednesday, Sept. 25th, and was a grand success. The show was favored with beautiful September weather, the day being almost perfect, and consequently the attendance was far ahead of any previous exhibition, and the entries in all departments were the largest in the history of the society.

Union Jacks were flying from poles in front of Messrs. Anderson's and Shields' stores, the two hotels also presented an attractive appearance. Other decorations were visible about the town, which indicated that the people of the north are keeping up with the times. Early in the morning the visitors commenced to arrive, and at noon two hotels and several lunch rooms around the village were taxed to their fullest capacity. The people came from all directions, from the far north to the extreme south; they were there from Minnie Kinross, Fenelon Falls, Norwood, Cobocook, Kirkfield, Beaverdam, Woodville, Glenora, Lindsay, Annetville, Bowmanville and Manchester. After dinner the Cobocook band, under the direction of Mr. Henry Shields, played a few lively airs in front of the hotels and then marched to the grounds. During the afternoon they rendered music which was pleasing to the crowd.

On account of the increasing attendance at the fair during the last few years, the directors found it necessary to enlarge the grounds, and they did so by purchasing the best tract of land in the county of the approved half-mile form. Several new sheds and a small ticket office were built at the entrance of the grounds, a small room in which was set apart for the use of the general secretary, Mr. A. C. Graham and other officers. These improvements were a more in the right direction. We are informed that a grand stand will be erected next year, if possible.

In the Building. The exhibits in the building were unsurpassable. Beautiful displays were made in every class, and the quality of the exhibits was excellent. Since the removal of the secretary's office the building is much larger and affords more room for exhibits. In the north-west corner was a display of single and double sets of harness made by Mr. A. H. Field, of Kirkfield. The showing of grain and seeds was large and the quality was first-class. Some beautiful samples of large white pens, oats and wheat were to be seen. The exhibit of roots and vegetables was unusually large. There was a great display of potatoes, turnips, carrots and mangolds. The showing of fruit did not fall behind, and that of domestic manufactures and ladies' fancy work exceeded that of any previous year. The showing of dairy produce was large. Mr. R. G. Gardiner, agent for the Lindsay Marble Works, exhibited photos of marble monuments, which are enterprising firms sell. Mr. D. Galloway, Moore's Falls, was a successful prize winner in butter, roots, grain, fruit and domestic manufactures. The butter made by Mrs. Galloway cannot be beat. There were other successful exhibitors in the above classes, but we were unable to get their names.

A Fine Showing of Horses. The showing of horses in all classes was equal to any previous year, there being some fine animals. The farmers of the north have not fallen behind in the breeding of good stock. The Canadian draught, several purposes and road and carriage classes were better represented than the imported draught. In the road and carriage class, single drivers over 15-1-2 hands, there were three entries. Mr. Wm. Mitchell, of Kirkfield, showed a pretty animal and captured the red ticket. Charles Peel, of Bexley, secured second with a handsome bay mare.

Competition was keen in class 15-1-2 and under; there were five exhibitors, and it took the judges some time to decide between them. Mr. Manchester, Mr. Murray, Westville, had a pretty animal three years old; it was also a p. rict, but unfortunately it was a little lame, and was out of it as far as the prizes were concerned. A. H. Field, of Kirkfield, took the red ticket with his handsome six year old dark bay mare. It is one of the many beautiful horses sired by the famous stallion, "Jim Rye-dyk." President Chappuis took second honors with his stylish looking chestnut mare, Wm. Waffie showed his mare sired by "Kentucky Boy" and secured third. Wm. Mitchell, Kirkfield, showed in the same class. Three fine looking teams were shown in the general purposes section. Mr. Alex. McNabb, of Elton, secured first prize for a well-matched pair of dark bay mares. They were fine steppers and looked handsome dressed in new harness. Mr. A. McFarlane got second for his pair of fine mares. Mr. McFarlane has been a successful prize-winner with these horses for several years. Mr. R. C. Webster, Oakwood, secured third with a pair of dark bay mares. Mr. Wm. Mitchell, Kirkfield, exhibited a couple of saddle horses which were greatly admired by the spectators. He secured the red ticket. T. H. Waldon, Lindsay, captured the honors with a five year old bay team in the 15-1-2 hands and over class and Mr. John Nesbitt took second prize. The two Mounties showed the handsome team, Glenora, showing the handsome pair of grays, and the handsome pair took the prize. Thos. Sutherland, Head Lake, exhibited a brood mare and a couple of two-year-old colts, and K. Staples, Fenelon Falls, exhibited a pair of horses sired by "Boston Frie." Wm. Peel, Bexley, Mr. McNabb, Palestine, Wm. Mitchell, Kirkfield, E. LaGraw, Norwood, Chas. Ersson and A. W. Haygarth, Victoria Road, and T. C. Webster, Glenora, and B. A. Grant, Lennoxville, were large exhibitors, the latter showed a handsome light bay colt sired by "Golden Bow," and carried off the red ticket.

Cattle Numerous. In cattle there were many entries, but there were not as many Durhams as in other years. Some fine animals were shown in the various grades, and the accommodation allotted to cattle was filled and a few more pens will be necessary another year. Mr. Alex. Jamieson, of Glenora, showed seven Durham grade cattle and one thoroughbred bull, "Lord Roberts." Ben Birchall, Cobocook, exhibited twenty-two head, comprising thoroughbreds and grades. H. C. Hamill, Islay, one of the best known stock breeders in the County, showed a fine head of Ayrshire, which had more than six months that was a fine animal, well shaped about the body and head. It was named Robin Ingleside, and was sired by White Chief of "Anne's," a bull that had more prize winners at the Toronto Fair than any other. Charles Everson, Victoria Road, showed a shorthorn bull which was admired by all stockmen. Duncan Graham, Glenora, had four grade cows, and Stephen Oliver, Lindsay, showed his herd of cattle, comprising eight Jerseys and five grade cattle, which are a credit to him. The above parties were the principal exhibitors, and successful prize winners.

Sheep. Leicester's were more numerous than the other breeds; there were also several good examples in the popular Shropshire. The Shropshire County leads the province in the breeding of these sheep. There was also a good showing, made in Cotswold, Southdown, Metherell, Little Downs, D. C. Ross, Woodville, D. McMillan, Thorah, Andrew McKay, Woodville, John Cullis, Lindsay, York, Isaac Naylor, Islay, John Gibbs, Cannington, Wm. Thornydyke and G. G. Mackenzie, Oakwood; were the principal exhibitors.

Poultry. The poultry exhibit, which was at the north end of the main building, always attracts a large crowd, and this year was no exception. The showing was fully as large as in previous years and some fine birds were exhibited. Turkey, geese, brown and white Leghorns, minors and brookhens were better represented. Mr. Stephen Oliver, Lindsay, was one of the leading exhibitors.

Notes of the Fair. Mr. Frank Curtis, Lindsay, had his merry-go-round on the grounds and did a good business. Jerry Connolly, county constable, kept good order, both on the grounds and in the village. It was the opinion of everybody that the en-aging of the grounds was a great improvement. Mr. Thos. Bowes, G. Wood, gave general satisfaction as a judge in the road and carriage class. Mr. T. H. Barnes, Woodville, made a good day, lay of force and life pumps, and we understand made several good sales. There were some fakes on the grounds, including wheel-of-fortune men, but before they got a chance to "do" the people they were stopped by a constable. Mr. J. W. Shields, general merchant, had a stand near the main building and did a live business in serving out soft drinks, fruit and candies. His clerk, Mr. Lacy, was in charge.

Obituary. Bobcaygeon Independent: Word has been received from Mogford, North Dakota, of the death of Mr. Jas. McConnell, at one time a resident of Bobcaygeon and Verulam. Mr. McConnell was born in the Isle of Inch, Ireland, on Aug. 13, 1827, and came to Canada with his parents when he was five years old. His parents were among the first settlers on the lakes and theirs was the first house in Bobcaygeon. In '53 Mr. McConnell married Miss Grissela Kennedy, and raised a family of twelve children, five sons and seven daughters, all of whom survive. In '82 he decided that his large family would have more scope in the West and he moved to Dakota to start life again on the prairie. He prospered well in the new country and leaves his widow and family in comfortable circumstances. About three years ago he lost his eyesight and for a lengthened period suffered with stomach ailments which finally caused his death on the 9th inst. Four sons and six daughters were at the funeral. Thomas James, John and Albert, Misses Marnie and Lottie and four married daughters. The absent ones were J. W. McConnell in British Columbia and Mrs. Wm. Simpson, of Lindsay. The interment took place at Rosemont cemetery, the services being conducted by the Anglican minister of Penabina. A brother, Mr. John McConnell, and two sisters, are still resident in Bobcaygeon.

Blacksmith's Backache. Dr. Pitcher's Backache Kidney Tablets Cure This Serious Trouble. There is hardly a blacksmith in Canada who does not know what backache means—the stabbing pain, the sore, lame, stiff back that makes work misery. Mr. Thos. Leonard, the well-known blacksmith of Port Hope, was troubled, as thousands are, and gladly tells of his cure, in the following words: "My life work as a blacksmith has been a hard one, and my back and kidneys bothered me for a long time. I have tried many medicines without relief, until I got a box of Dr. Pitcher's Backache Kidney Tablets from R. Deyell, the druggist. Since then I have had no trouble, and am able to work with ease. I am sure those who use your medicine for backache, kidney, bladder, or liver troubles, will never regret it. They are so easy to take, and yet work so well."

THANKSGIVING NOV. 28. Assembly of Parliament Will Take Place in February. Toronto, Sept. 24.—The following special has been received by The Globe: Ottawa, Sept. 24.—It is thought that the fact of Sir Wilfrid Laurier accompanying the Duke and Duchess of Cornwall and York to the west and back, involving an absence of about a month, will delay the calling of Parliament. The impression is that while the Government would like to summon Parliament early in January, they will not be able to do so until some time in February. The session seemingly will be a short one, and is likely to be concluded in sufficient time to permit the Premier to attend the coronation of the King in June. While the official invitation to Sir Wilfrid Laurier does not appear to have been yet received, everybody here expects to see him represent Canada in London when King Edward is crowned. It seems to be doubtful if there will be any re-distribution bill next session. There is no great urgency for such a measure immediately and nothing would be lost by deferring its submission until another session of the House.

Department of Labor has sent Fair Wages Officer Williams out to look into the circumstances under which the managers of Le Roi Mine are importing hired labor from the United States. If the fact are as claimed by the local labor union the Government will likely take steps to deport the aliens brought in. The Rosland Miners' Union has already obtained two convictions against the mine managers for infraction of the alien labor law. November 28 has been definitely fixed by the Government as Thanksgiving Day. Earlier dates tentatively were due to a misapprehension.

Mounted Police Draw Up. Qu'Appelle, N. W. T., Sept. 28.—Here, as elsewhere, on the trip to Regina, the station platform was crowded with people ranging from babes in arms to the oldest residents in town. The arrival yesterday of the train was greeted with hearty cheers. At Sintaluta, Indian Head and Qu'Appelle the local detachments of the Northwest Mounted Police patrolled the station platform, their splendid bearing and neat appearance calling forth words of praise from all.

Regina, N.W.T., Sept. 28.—A hearty cheer was given by the people of Balgonie who had gathered at the station to see the royal train go through. It was only a passing glimpse they got, but the cheer they gave as the train flashed by was none the less hearty because of that. Prairie Covered With Snow. Regina, N.W.T., Sept. 28.—The Duke and Duchess of Cornwall reached here at midday yesterday, and were accorded a cordial reception. Lieut.-Governor Haultain, and a large delegation of officials and citizens were waiting at the station to extend the formal greetings. The local troops and police paraded and formed the escort of the royal party to Government House. The Duke and Duchess gave their first touch of winter on Friday. They awoke to find the prairies covered with snow, and the thermometer holding close to the freezing point. The westward journey was continued late in the afternoon.

Ontario, Sept. 24.—The following special has been received by The Globe: Ottawa, Sept. 24.—It is thought that the fact of Sir Wilfrid Laurier accompanying the Duke and Duchess of Cornwall and York to the west and back, involving an absence of about a month, will delay the calling of Parliament. After the review and presentation of medals, the royal party rode to Shaganappie Point, where the tepees of 2,500 Black Feet, Blood, Pigan, Farce, Stoney and Cree Indians were pitched. They had gathered from all over the territory to greet the son of their great white chief. The Dominion Indian regulations were relaxed for the occasion, and those who desired wore the paint and feathers of the older war times. Their camp was pitched on a table land commanding a view of the valley. The Duke and Duchess, with the Countess of Minto, Premier Laurier and Duke's staff, occupied a specially erected stand, and before the chiefs, with their blankets and pipes, sat for the pow-wow. Besides the chiefs in circular form were the boys and girls from the Indian mission schools, and still further back, in another circle, were the squaws and pappoose-circles, while to the extreme rear were 400 mounted braves. When the Duke had reached the centre of this vast and picturesque group the loyal address of the chiefs was read. After the addresses, several of the chiefs spoke in their native tongues—White Pup of the Black Feet, Crop Ear, Wolf of the Bloods, Running Wolf of the Pigans, Bulls Head of the Sarcees, Jonas Big Stony of the Stonies, and Joseph Samson of the Crees. Hon. David Laird, Dominion Commissioner for the Indians, acted as master of ceremonies. The only speaker who developed the proverbial eloquence of the Red-man was Sampson, who, seizing on a momentary change in the skies as a theme, said that even as he spoke the sun was bursting in the heavens as a token of welcome, and expressed the hope that peace and goodwill might ever reign on earth, and especially among tribes of Alberta. The other chiefs were strongly in favor of Lore grub and more blankets.

The Duke cast his reply in high flown language, the only proviso being that during his tour he has used it during his tour having been in speaking to the Maoris of New Zealand. He pointed out that their pipes were empty and their hearths cold when the great white mother had come to their aid, but the part which won a response from his hearers was his allusion to their loyalty during the rebellion of 1885. This allusion was loudly applauded by the chiefs and head men around him. The children from the missions sang "God Save the King," and then in strange contrast there was a wild fantastic dance. The mounted Indians dashed about the plain in a peevish exhibition of wild and reckless riding, following a Sarcee chief whose partially naked body was painted a bright yellow. The Duke and Duchess were greatly interested in the Indians, and, leaving the stand, spent ten minutes walking among them. Through the interpreters they conversed with several of them, shaking hands with the chiefs as they departed. Luncheon was held at the N.W.M.P. barracks, after which the royal train left for the west.

An Investigator Ordered. Ottawa, Sept. 28.—The Minister of Militia has ordered a court of inquiry to investigate the facts connected with the parade of Ottawa men in khaki on the occasion of the presentation of medals by the Duke of Cornwall and York a week ago last Friday. It is quite evident, therefore, that the incident is not by any means closed.

After the addresses, several of the chiefs spoke in their native tongues—White Pup of the Black Feet, Crop Ear, Wolf of the Bloods, Running Wolf of the Pigans, Bulls Head of the Sarcees, Jonas Big Stony of the Stonies, and Joseph Samson of the Crees. Hon. David Laird, Dominion Commissioner for the Indians, acted as master of ceremonies.
