GATHERED BY POST REPORTERS.

What is Happening in Town and the Country About Us.

A good long pleasant fall would be appreciated.

Have you tasted any — ahem! mountain mutton — yet?

It's in this way that a rhymester solves a vexing problem in female deportment.

The Gay Brothers claim to have the best show this season they have for about a year.

How high should a girl lift her dress. In crossing a muddy street. A couple of inches, or less.

And still this is over two feet.

In Peterboro the police protect theatre patrons from annoyance. On Thursday an offender was fined \$5 by the Magistrate.

With noses red and lips all blue. The people wonder what they'll do. Oh, let them shiver, I don't care. Yours truly, G. F. Baer.

Chancellor E. Benjamin Andrews, of the University of Nebraska, has refused to accept an increase of \$1,000 yearly in his salary. Maybe he has his coal all up.

"Stolen kisses are sweet," but a court in Winnipeg recently assessed their value at \$25 apiece. Not only the necessities but the luxuries of life are getting dearer all the time.

The Beaver ton Express says that the cost of a pair of spectacles in the U. S. is \$1.00. In Canada it is \$1.50. In Toronto it is \$2.00. In Lindsay it is \$3.00.

The Western Bank of Sunningdale will erect a handsome new building into which will be removed the present building which will be used for the shipping and is now in progress.

The Administration of Justice accounts for the past quarter were passed Friday by the auditors—His Honor Judge Dwyer, Mr. A. B. St. John, Mr. J. H. Macdonald, and Dr. Vincent E. Cornwall of Guelph.

Now is the time for our farmers to look after their stock on their farms. It is now the time to get the green stage—that is, the stock, which is composed of unmarketable manure plants is yet green and has not reached maturity.

Some of our hunters are experiencing an early attack of the buck fever, and are already making preparations for the fall hunt. For their information we note that a fine red moose was seen in the vicinity of Huntsville the other day.

The huge lift lock on the Great Valley Canal at Peterboro—said to be the largest of its kind in the world—was completed last week. The steel gates, pontoons and lifting machinery contracted for by the Dominion Bridge Co. will be ready off about a year.

Peterboro Examiner: Peterboro marksmen allowed Capt. Williamson and Private Oliver, Lindsay, representing the 45th Batt., to carry off two good prizes with their rifle ranges. That's right too—a sportsman is entitled to all the game the brings down, even if he is poaching a little on another's preserves.

A meeting of the Town Property committee was held Thursday to receive Commissioner Gaither's report on the tender for the new lighting system. The offer of Messrs. Keyes & Morrison to install a hot water plant in keeping with the specifications for the sum of \$1,804 was accepted. The work is to be proceeded with at once.

Fenelon Falls is to lose another industry. Messrs. T. H. DeCov & Sons, stove manufacturers have decided to move to Eastern Ontario, next year, as the stock of suitable timber is becoming exhausted. Kim and hardware stores, if located any distance, become water soaked and sink to the bottom. The firm will have a camp at Shawan River, below Pokenoyan, this winter.

St. Catherine's was granted \$20,000 by Mr. Cameron for a Public Library, and in the way of Lindsay the architects have suggested the building that cannot be erected for the money. The members are now debating whether to ask the State for a further donation, or to accept a less elaborate structure, as our Board will likely be obliged to do.

There was not an empty room in any of our Kent-st. hotels Wednesday, Oct. 15th, and a number of cots had to be called into requisition. There were 52 guests at the Benson house, and several late comers had to be turned away. The Simpson house was also filled up, and at the Daily house Proprietor Fry was put to great straits to make room for those applying for a night's lodging. In view of the fact that no convention was held, and that the crush represented only the ordinary rush of travel, it looks as if more hotel accommodations

tion must be provided in the near future.

An exchange says: "Don't forget the coal dealer who may take advantage of the situation to 'soak' you. He will be around next fall with his tail between his legs begging for your patronage, then 'soak' him." Evidently the editor's coal dealer has been squeezing him.

Chief Nelson is still on the track of dog owners who have not taken out tags. He has already tagged in over \$200, and says the total will not be as large as last year, as many owners parted with worthless curs as soon as they realized that there was no way by which they could evade payment.

The United Workmen order now has a membership of 42,552 in Ontario, a total insurance in force of \$71,061,500, and last year paid insurance benefits in Ontario \$632,000. The local lodge is in a prosperous condition, and will no doubt receive fresh accessions from the ranks of the local Labor Union. The order seeks the support of workmen.

VICTORIA COUNTY RIFLE ASSOCIATION ANNUAL MATCHES.

SOME GOOD SHOOTING YESTERDAY AT THE BUTTS WEST OF THE TOWN, DONE UNDER UNFAVORABLE CONDITIONS.

Visiting Marksmen Represented the 57th Rangers, Peterboro, and the 46th Battalion, Port Hope—The Silver Tea Set Captured by Mr. I. H. Oliver, and the Fox Cup by Mr. D. Cinnamon.

Fine weather attended the annual matches of the Victoria County Rifle Association, held yesterday on the range west of the town, nevertheless the conditions were not just right from the marksman's point of view, as a stiff north-west wind blew all day, and towards evening the sun interfered with the sighting arrangements, and gave no end of trouble.

There was a good attendance and the marksmen got to work early, the first shot at No. 1 target being fired soon after 9 o'clock by one of the visitors—Capt. W. G. Kier, of the 46th Regt., Port Hope, who distinguished himself by—topping the score in all four matches. The other "foreigners" also rolled up creditable totals, and their success gave pleasure to the locals, who like keen competition.

The handsome silver tea set offered to the member of the Association making the highest aggregate score was captured by Mr. I. H. Oliver, whose total was 113 points. The valuable silver cup donated by Mr. S. J. Fox, M.P.P., was won by Mr. D. Cinnamon, who made the next highest score—117 points.

Below we present the scores made by the marksmen in the several matches, as furnished by the secretary, Mr. P. G. Plikie:

HOME FOR THE AGED SOCIETY.

Small Attendance at the Annual Meeting, Held Friday.

The annual meeting of the Home for the Aged Society was held on Friday at 2 p.m. in the Council Chamber. The attendance was small, notwithstanding that some 50 postal cards announcing the meeting were mailed by the secretary, Mrs. Sharpe.

The former officers were re-elected, as follows: President, Thos. Stewart; 1st vice-president, W. McWaters; 2nd vice-president, Thos. Conroy; secretary, Mrs. E. Sharpe; treasurer, Miss Dwanley; auditor, Mr. W. H. Stevens. Several new members appear on the Council roll, the others being re-elected. The following will serve: W. E. L. Oson, John Kelly, W. J. Morton, J. Morzan, E. E. W. McGaffey, A. Princent, II J. H. Strike, Mayor Ingle.

The annual report was read and adopted. It will be found elsewhere.

A Good Play Well Presented.

That fine romance, "The Prince of Justice" was portrayed in a clever manner at the Academy on Wednesday, Oct. 8, by a company of capable people, headed by Mr. Edward H. Mason. As the majority of our readers have no doubt perused the book, an outline of the events treated would be superfluous. As Beau Jenette, the heir of Tallendin, and the last of a lofty race, Mr. Mason made a fine impression and displayed evidences of an ability to do justice to a weightier part.

Mr. Wm. J. Roman, as Sir John Belfrage, an English friend of Jenette, was a hearty specimen of the breed and was ready to render valiant service for the good of his adopted country.

Mr. Theodore Kehravski gave a delightful impersonation of the pride of position and grotesque yet natural mannerisms of the Baron von Kravits, Lord Chamberlain in the Court of Denmark and Mr. David Landau, an English noble, Rotherburg, Prince of Lusatia, gave a fair representation of an unscrupulous and ambitious villain who met with a tragic end just as success seemed assured.

Of Miss Mary Macgregor, the madcap Princess of Denmark, who changed places with her waiting maid and won the love of the proud heir, too much cannot be said. She was irresistibly charming in all her moods, and the audience felt a real interest in the success of her plan to marry for five "and not be sold like a serf with the land." The other members of the company performed their respective parts in a pleasing manner. Handsome costumes and appropriate scenery added greatly to the success of the presentation.

CROSSING SIGNAL BOTHERED HIM.

An Indignant Citizen Assaulted it with an Axe, but Bungled the Job—the Next Attempt with a Jack-knife a Success.

The G.T.R. automatic bell signals are vying with the fire hall caretaker's question in attracting public attention at present. Complaint was lodged against the Lindsay signal at Monday night's meeting of Council, and evidently the alderman's treatment of the matter did not give satisfaction, for on Thursday night some person made an onslaught on the offending signal with a sharp axe.

An excavation was made in the wooden box containing the wires operating the alarm and the wires were severed and the unexpected happened—as a result of the insulation being injured the electrical circuit was made continuous, and the bell rang constantly from that moment till early Saturday morning, when the same person or another revisited the spot and cut the wires apart with a jack knife or chisel.

The railway authorities feel indignant over the affair, and a competent detective may be called in to locate the offending citizen.

Wreck on the I. B. & O. Railway.

An accident happened on Wednesday, Oct. 8th, on the I. B. & O. R.R. between Irondale and Furness Falls, and as a result two or three boxcars left the track and other damage was done.

The accident is supposed to have been caused by a broken rail having been caused by a person spreading. Fortunately no person was injured. The "Mary Ann" pulling a couple of flat cars, arrived from Baptiste about four hours later and took the passengers on to their destination.

Good News for I. B. & O. R. R. Creditors.

Mr. A. M. Dymond, of the Attorney-General's department, was in town Friday. Mr. Dymond has been appointed by the Ontario Government to adjust the claims for wages owed to the employees of the Irondale, Bancroft & Ottawa Ottawa Railway Co. Mr. Dymond proposes to hold a sitting at Lindsay, on or about the 21st October for the convenience of claimants residing in this vicinity.

The proceedings are taken under an act passed in 1896 to secure payment of wages to persons employed on public works. In the present instance the Government before paying over the subsidy, deducted an amount sufficient to meet all claims of which notice had been given prior to the delivery of the scrip, and these claims are now being settled.
