ONE FOR EACH SIDE.

Sault Ste. Marie and Muskoka Election Returns.

MR. SMITH'S MAJORITY 120.

Most Remarkable Change Was in the Soc. Itself—Miscellaneous Majority of 196 Changed to a Minority of 120—Mr. Mahaffy in Muskoka is 178 Ahead—Miss Pells Not to Hear From—The Returns as Received.

Sault Ste. Marie, Ont., Oct. 28.—The bye-election which took place here yesterday was one of the hardest, political battles in the history of the Soc. Both parties worked their hardest, and at 8 p.m. very few votes remained on either side unpolled. The same interest and hard work marked the contest throughout adjacent townships, and as a result almost the complete vote was polled on both sides. The total so far received gives Smith 650 and Miscampbell 530, a majority for the Liberal of 120, with the following polls to hear from: Michipicoten, Wawa, Helen Mine, Gravel Beach, Batchawana, McSorley's Prince Township and the Base Line. These will undoubtedly increase Smith's majority. Returns from these will possibly be in by to-night in full. Celebrating the Victory.

The town celebrated the Liberal victory last night. The Liberals are rejoicing as this is the first Liberal victory in the town since its incorporation in 1887. Smith's election is conceded. The most remarkable change is recorded in Sault Ste. Marie itself, where Miscampbell's majority of 196 had been turned into a minority of 126. This is attributed to many causes—the Government's wise policy in coming to the relief of the unpaid employes of the Soc industries, and thus, indirectly, to the aid of the town and its citizens; the good work done by the Liberal candidate in securing Government assistance; his growing popularity; the fact that the Opposition candidate has not been a regular resident; general approval of the Government's policy in this district and for new Ontario; and, too, to the fact that the Opposition have been unable to gain as at the general election, by the widespread corruption which the courts found to have been so extensive in the campaign of 1902. An indication of the exodus following the embarrassment of the Clergue industries is shown by the decrease in the total vote polled yesterday in the town—936, against a total of 1,840 in May, 1902.

Table with 3 columns: Name, Smith, Miscampbell. Rows include White River, Mainabie, Helen Mine, Wawa, Michipicoten, Cavel, Batochawana, McSorley's, Prince School, Korah, West Korah, East Korah, Tarentine, Garden River, Sault Ste. Marie, Totals.

Following are the returns by polling subdivisions: White River 7 Smith, 7 Miscampbell. Mainabie 9 3 6. Helen Mine 9 3 6. Wawa 9 3 6. Michipicoten 9 3 6. Cavel 9 3 6. Batochawana 9 3 6. McSorley's 9 3 6. Prince School 9 3 6. Korah 9 3 6. West Korah 48 44 6. East Korah 36 9 27. Tarentine 16 4 12. Garden River 8 4 4. Sault Ste. Marie 526 410 116. Totals 650 530. Majority for Smith, 120.

THE PORTLAND CANAL.

Sir Sanford Fleming Speaks on the Alaska Award. Ottawa, Oct. 28.—Sir Sanford Fleming stated yesterday morning that, after a study of British Admiralty charts and maps, he had come to the conclusion that the award of the Alaska tribunal in regard to the Portland Canal was a just and correct one. The tribunal had to determine what was the Portland Canal, and they found it to be the channel running north of Peasee and Wales Islands, and entering the sea between Wales and Sitklan Islands. "No other conclusion could have been reached," Sir Sanford said, "because the exit to the sea north of Kannaughnut and Sitklan Islands is impossible for large ships. It is not a channel at all. People are getting excited, owing to ignorance of the facts, over the Times of London is wrong in its issue of this morning in referring to the two other islands as of strategical value. I do not consider that Canada has been unfairly treated."

TIMES IS MAKING UP.

Now Beginning to Realize Why Canada is Aroused. London, Oct. 28.—The Times yesterday morning publishes the text of the opinions of the American members of the second and fifth questions of the controversy, together with a map of the Portland Canal and explanatory comment. Referring to this matter editorially, The Times says: "We admit that it is regrettable that Lord Alverston, after coming to a fresh conclusion about the islets, failed to make the nature of his decision clear to his Canadian colleagues. But we believe the actual point of difference involved to be so exceedingly unimportant from a practical viewpoint that we trust it will not stand in the way of the unreserved acceptance of the award by Canada."

CANADIANS FIT TO COMMAND.

Ottawa, Oct. 28.—The Department of Militia has received notice from the War Office that the following officers have passed the tactical test as to their fitness to command: Major V. A. S. Williams, Royal Canadian Dragoons; Lieut.-Col. Leonard Roy, Canadian Artillery; Lieut.-Col. R. L. Wadmore and Lieut.-Col. J. C. Macdougall, Royal Canadian Regiment.

HORRIBLE ACCIDENT.

W. C. Conkey's Leg Ground Off in a Port Arthur Elevator.

FELL INTO THE WHEEL PIT.

Three Men Killed at Niagara-Findlay McLeod of Sarawak Probably Fatally Wounded While Hunting—John Gerlie's Body Almost Torn to Shreds at Doon—Woman Burned to Death at Hagersville.

Port Arthur, Oct. 28.—As the result of a terrible accident, which occurred at King's elevator, William C. Conkey died here Monday night. He was employed in the drying room, and stepped into the box, in which a worn screw conveyor runs horizontally along the floor. The screw caught his foot and began grinding the limb. The leg was chewed off to the hip. The man's cries brought other workmen to the scene and he was taken to the hospital, where he died after suffering great agony.

FELL FIFTY FEET.

Three Men Killed at the Niagara Falls Power Works.

Niagara Falls, Oct. 28.—One of the most serious accidents that have occurred on the power works since their commencement occurred yesterday morning. Three men are dead and three are injured. The dead are George Hiller of this city, and two Hungarians. The scene of the accident was the wheel pit of the Canadian Niagara Power Company, which is being put down by Dawson & Riley of St. Catharines. At 7 o'clock the men were going down into the pit to work as usual. Five Hungarians and George Hiller got into the skip and were hauled by the steam crane. Hiller was a pumpman, and the skip was to let him off at the staging 50 feet from the bottom of the pit. The skip was attached to the hoisting rigging by a steel hook at the back and a chain in front. When the skip rested on the platform the chain became unhooked. When the engine was started the hook of the skip was pulled up and the men slid out and fell to the floor of the pit, 50 feet below. One man clung to the rigging and was drawn up with a broken arm.

Shot While Hunting.

Owen Sound, Oct. 28.—The first shooting accident of the season in this section took place late Monday afternoon in the Township of Sarawak, about seven miles from town, as a result of which Findlay McLeod, a resident of the municipality, is a resident in a critical condition. It appears that he was out hunting with a neighbor, Dan McAllister, and in walking through the woods Mr. McLeod led by about six feet, and Mr. McAllister tripped and fell and his gun exploded, the ball striking McLeod in the hip, shattering the bone.

WOMAN BURNED TO DEATH.

Terrible Accident Arising From a Barn Lantern Explosion. Hagersville, Oct. 28.—The large barns of J. U. Murray, who lives on the hill at the west end of Grand River bridge, about ten miles east of Hagersville, were destroyed by fire Monday night, and Miss Maggie Short, Mr. Murray's aunt, was burned to death. She had gone to the barn to do some chores, taking with her a lighted lantern, which she set down near a bundle of straw. The lantern exploded and the burning oil spread to the straw. In a few seconds the entire building was a mass of flames, from which the unfortunate lady could not escape. The firemen tried to rescue the unfortunate woman. Nothing but a few bones was found when the search was made for her remains yesterday morning. She was between 35 and 40 years of age. In addition there were three cattle and three horses burned.

UNKNOWN MAN KILLED.

Mount Brydges, Oct. 28.—An unknown man, walking east on the G.T.R. track yesterday, between Mount Brydges and Komoka, was killed by the express, which was made for nothing was found on him that would identify him. He was apparently about 60 years of age, sandy complexion, and about 5 feet and 7 or 8 inches in height.

FATAL FALL FROM A CAR.

Hagersville, Oct. 28.—Jas. Armstrong of St. Thomas, head brakeman on J. H. Watson's extra west freight train, fell from the train just east of the station at Hagersville Monday night about 9.30 o'clock, and the Portly killed. The body was badly cut up, the head being severed from the body, one arm torn out from the socket, and cut up in other ways. No one saw the accident. The body was dragged about 50 yards from where he first fell off. He was 33 years old and leaves a wife and three children.

BOY'S BODY TORN TO SHREDS.

Galt, Oct. 28.—At the Doon Monday night, Henry Gerbic, aged 15, was killed. In some manner his clothes came in contact with the revolving cylinder in Ferris' factory which is filled with sharp points of steel. Instantly he was drawn upon the cruel "pickers," and before the machinery could be stopped his body was almost torn to shreds. When taken from the machine he was quite dead, and one arm had been pulled completely off.

ARMENIAN ASSASSINATION.

London Tragedy Reveals Sad Condition of the Movement For Righting the Wrongs of Victim's Country.

London, Oct. 28.—Sagatal Sagouni, President of the Armenian Revolutionary Society in London, was murdered in the suburb of Nunhead Monday night. The crime has created a sensation, as it has every appearance of being of a political character, and has been preceded by the assassinations of other officials of branches of the same society on the continent. Sagouni, who only returned to London Monday, after settling up the affairs of an associate, in Switzerland, who was recently assassinated by stabbing, was entering his residence when a man rushed across the road and fired four shots at Sagouni's quick succession. The last bullet entering the region of the heart. The murderer, who appeared to be a foreigner, fled. The only clues to the man in possession of the author-ities are a felt hat and a silver-plated revolver, both made in New York, which he dropped in his flight. The murdered man, who was a mining engineer, became wealthy in the Caucasus and devoted his money to the Armenian cause. His society was entirely passive and opposed to violence, and it is thought this attitude inspired the advanced section of the Armenians with the desire for vengeance, the latter claiming that Sagouni's society devoted funds to charity which would have been better applied to violent remedies for the Armenian grievances.

THE CRIMINAL ARRESTED.

Man Fires Five Shots at Car in Which President Diaz Was.

Guajuato, Mexico, Oct. 28.—Great excitement was caused here yesterday by an attempt on the life of President Diaz, who was a guest of the State Government during the festivities here. The President, his staff and guests were passing by the Cantagor garden in a street car when a man of the lower class named Elias Locana, fired five shots from a revolver at the car. None of the shots took effect. Pakio Escobedo, the President's staff rushed out of the car and caught the man. The police took Locana to prison. He is a man with a bad criminal record, and was but recently released from prison at Guadalupe, where he had served a term for homicide. The matter will be investigated. The President remained perfectly cool. Locana's evil records render the theory of a deliberate attempt at assassination probable.

Thousands of Coal Miners Laid Off.

Philadelphia, Oct. 28.—The eleven collieries of the Philadelphia and Reading Coal and Iron Company in the Shamokin district, employing about 7,000 men and boys, shut down last night, and will remain closed until the day after election. The remaining collieries of the Reading, all the mines in the Lehigh Valley, the Delaware, Lackawanna and Western Railroad Company and some of the operations will close to-day for a week. More than 60,000 men and boys are affected. Holidays are responsible for the shut-down.

Mr. Watson in Parry Sound.

Parry Sound, Oct. 28.—A convention to select a candidate for the Commons in the Liberal interest for the district of Parry Sound was held here yesterday. Only one name came before the meeting, that of R. J. Watson of Burk's Falls, who received a unanimous vote. Mr. Watson, who was present, accepted the nomination. About 120 delegates were present.

Paper Mills Burned.

Kingston, Oct. 27.—Yesterday morning fire was discovered in the paper mills at Strathcona, owned by W. J. Finlay, and in spite of the heroic efforts of the village people the whole works were destroyed. Part of the stock was saved, but there was little or no insurance. Many are thrown out of work by the fire. The monthly pay roll of the mill was \$600. The mill will not be rebuilt.

Land Fraud Indictment.

Portland, Ore., Oct. 27.—The United States Grand Jury yesterday returned an indictment against Asa R. Thompson, receiver of the land office at La Grande, Ore. The indictment charges Thompson with soliciting money to influence his official decision for approval for homestead applications, which had been held up.
