THE LAURIER GOVERNMENT AND THE AGRICULTURISTS.

What a Progressive, Wide-awake and Fair Administration Has Done for the Farmers of Canada.

The Laurier Government secured the abolition of the quarantine on Canadian cattle exported to the United States. Result: A fine market for young Canadian stockers and greatly increased sales thereof. INSURING FOR INSURANCE.

W. A. GILLESPIE, FORMERLY OF THIS TOWN,
has done some of his Good Work for the Executive Life.
I have published an extract from a letter recently received by Mr. Geo. Gibson, town, from Mr. F. J. Gillespie, Pacific Coast representative of the Executive Life Assurance Co. It is a very interesting and profitable business for his company.
I spent four days (including Sunday) at Shawinigan Lakes. I left there at 6 p.m. on a Friday. The following Monday morning I took a lake-steamer and rowed across the lake to meet the logging camp. I got there at 8 a.m. to find a young man trying to put a log together to tow across the lake. As the logs were both long and heavy I had no difficulty in rowing across. I helped them in a couple of hours until the train came and I boarded the engine for

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great and wide-spread popularity of Chamberlain's Cough Remedy. It not only cures colds and coughs, but prevents them from resulting in pneumonia. It is also a certain cure for croup, whooping cough, and is not dangerous to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having used it. For sale by all druggists.
