

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"Young Women: - I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. Iam most grateful."- NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.

Painful Periods are quickly and permanently overcome by Lydia E. Pinkham's Vegetable Compound. The above letter is only one of hundreds of thousands which prove this statement to be a fact. Menstruation is a severe strain on a woman's vitality, —if it is painful something is wrong. Don't take narcotics to deaden the pain, but remove the cause - perhaps it is caused by irregularity or womb displacements, or the development of a tumor. Whatever it is, Lydia E. Pinkham's Vegetable Compound is guaranteed to cure it.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will treat your letter as strictly confidential. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation. Details of Another Case.

"DEAR MRS. PINKHAM: - Ignorance and carelessness is the cause of most of the sufferings of women. I believe that if we properly understood the laws of health we would all be well, but if the sick women only knew the truth about Lydia E. Pinkham's Vegetable Compound, they would be saved much suffering and would soon be cured. "I used it for five months for a local diffi-

culty which had troubled me for years, and for which I had spent hundreds of dollars in the vain endeavor to rectify. My life forces were being sapped, and I was daily losing my vitality. "Lydia E. Pinkham's Vegetable

Compound cured me completely, and

I am now enjoying the best of health, and am most grateful, and only too pleased to endorse such a great remedy." - MISS JENNIE L. EDWARDS, 604 H St., N. W., Washington, D. C.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheer-fully and without cost all letters addressed to her by sick women.

OEITUARY.

The Late Jesse Parkin.

The death occurred Oct. 29th, of Mr. Jesse Parkin, one of Lindsay's most highly respected citizens. About fourteen years ago, Mr. Parkin was weized with a stroke of paralysis and for a time his condition was serious. but after careful treatment he recovered and was able to be about as usual. A second stroke occurred about seven year ago, from which he never fully recovered, although he was able to be about and transact business until about three months ago, when he was taken seriously ill. Despite the best attention the deceased slowly sank until relieved by death this morning.

Mr. Parkin had been a resident of Lindsay for over forty years and was one of our best known citizens. Having bought grain for the Flavelle Milling Co. for the past twenty years, he made many friends among the farmers of Victoria County through his square and upright business transactions. During the number of years spent in Lindsay deceased had filled several town positions. He was Market Clerk for ten years and captain of the Lindsay Fire Brigade for fifteen years, filling the e positions with credit and efficiency. The deceased leaves a widow and two sons,-Howard, an electrician at Vancouver, and Arthur, who is at home, -to mourn his loss. They will have the sympathy of our citizens in their be-

Being unable to stop the aninal, Mr. Dundas let go the reins and jumped in order to escape injury The horse ran at a lively rate north on Lindsay st. to Kent, up the latter to Cambridge, and then east on Russell, being captured-minus the days. wagon-near the Separate school. With the exception of a few scratches the horse escaped injury, but the wagon was badly wrecked.

DEATH OF PROF. MOMMSEN.

Passed Quietly Away at His Home Early Sunday Morning.

Berlin, Nov. 2 .- Prof Theodore Mommsen, the historian died at Charlottenburg at a quarter before nine yesterday morning. He passed away without regaining consciousness. The change from life to death was observed only by his attending physician, who, with the Mommsen family watched all night at the bedside. The foreign ambassadors here, as well as a number of Cabinet Ministers, called at the Mommsen residence yesterday to enquire how the sick man was, and were informed that he was dead. Emperor William and various of the lesser German sovereigns have sent their condolences to the Mommsen family. Prof. Mommsen was born in 1817.

A VATICAN BURNING.

Hall of Inscriptions Burned-Pope on the Scene Himself.

Rome, Nov. 2 .- A fire broke out at half past eight last evening in that portion of the Vatican containing the Hall of Inscriptions, where the Pope gives his audiences, and which is adjacent to the famous Pinacotoca, or gallery of pictures. The alarm caused much confusion and excitement in the Vatican. Strenuous efforts were made to control the flames, and the firemen of Rome were called to lend their help. At a quarter past eleven the fire was under control. No lives were lost. No idea of the damage can yet be obtained. The Pope came to the scene in person and remained until the arrangements to fight the fire were completed.
