CURED OF ASTHMA

REMARKABLE EXPERIENCE OF A NOVA SCOTIA MAN.

Suffered for Years and Often had to Sit Night After Night at an Open Window Gasping for Breath.

Thomas Johnson, is well known in the vicinity of Hemford, N.S. He taught school in Lunenburg for more than thirteen years, his reputation as a teacher is highly high. It is known that Mr. Johnson has been a severe sufferer from asthma, and as he has found a cure for the trouble, a reporter sought the facts of his case would be interesting to similar sufferers.

One evening, said Mr. Johnson, when lighting my pipe I inhaled the fumes from the match. The fumes seemed to penetrate every portion of my lungs and nearly strangled me. It was more than an hour before I recovered from the effects of the fumes, and I believe that that was the starting point of the trouble which has made my life so frequently miserable since. At all events a few days later I had my first attack of asthma. Following this the attacks came more and more frequent, and I was unable to get to bed at a time. When these attacks came I dare not lie down, and I passed a long, cold winter night in an open window gasping for breath. I was treated by the best doctors in the country, but no remedies usually advertised were of any use. I was continually getting worse and life was becoming desponding. About a year ago I was advised to try the Pink Pills. I was deriving so much benefit from them that one day she said to me, "Why don't you try these pills, they might do you good, and they can't do you harm." I began taking them, and I have since had my first recurrence of the trouble. I have since had my first recurrence of the trouble. I have since had my first recurrence of the trouble. I have since had my first recurrence of the trouble.

Concerning Mr. Steers' letter, the facts are that at a meeting of the Police Commissioners held in the Police Magistrate's office on the 24th Oct. last, the question of employing an additional paid constable was brought up by Mr. Steers and fully discussed. The reasons given by Mr. Steers in support of his contention were not considered sufficient to justify the Board in making the appointment, or in recommending the Council to do so.

From W. Henley, asking for a plank crossing on Henry-st., near the Magistrate Steers' Resignation.

After the reading of Magistrate Steers' letter of resignation (already published), in which that gentleman recited his reasons for taking that step, Mayor Sootheran referred to the matter in effect as follows:

Concerning Mr. Steers' letter, the facts are that at a meeting of the Police Commissioners held in the Police Magistrate's office on the 24th Oct. last, the question of employing an additional paid constable was brought up by Mr. Steers and fully discussed. The reasons given by Mr. Steers in support of his contention were not considered sufficient to justify the Board in making the appointment, or in recommending the Council to do so.

On Tuesday, the 27th October last, Mr. Steers called at my office at about 11 o'clock a.m. and demanded, without first giving his reason, that I should forthwith call a special meeting of the Council. Naturally I objected until he made known to me his requirements, and why such a measure was necessary. His explanation was, in effect, that he wanted to make a demand upon the Council to furnish him—during police court hours particularly—with an

additional paid constable, and to provide a prisoner's box or other contrivance to prevent prisoners escaping during trials.

In view of the facts (1) that our police court room is up to date and ample for the needs of the town, and being in the second story of the town hall, all that is needed to prevent prisoners escaping is for the constable in charge to take ordinary precautions, it is no part of the magistrate's duty to arrest or run after prisoners; (2) that this Council held a special meeting on the evening of the 26th ult., and intended holding its regular meeting on the 2nd of November inst., (within six days from the date of Mr. Steers' demand), the latter date being called to Mr. Steers' notice, I considered that ample opportunity to make his complaints known to you was afforded to him, and that I would not, under the circumstances, be justified in calling a special meeting of the Council to be granted to—of the Police Magistrate; and (3) I have frequently consulted Constable Reeves regarding the necessity of employing an extra constable during the night, and he assured me that none, as yet has been needed.

He has, however, explicit instructions from me, in case of expected or anticipated trouble, in the absence of the Chief, as many extra men as are required.

It is only two years since the room in which the police court is held was remodelled, refitted and repaired at an expense of about \$1,600, and I am sure that neither of the County Judges would take exception to it, if necessary required it, as a fit and proper place in which to hold court. The room is clean, well ventilated, sanitary, decently furnished, has ample seating capacity, and notwithstanding the recent action and course pursued by our ex-Police Magistrate, I cannot see my way clear to recommend that any alterations be made at present.

On motion Mr. Steers' communication was filed.

Now the Hardware men.

Ald. Cinnamon presented a petition signed by himself and other store and hardware merchants, asking that the present by-law, compelling the closing of stores at 7 o'clock after Oct. 1st, be rescinded, and that a general by-law naming 7 o'clock as the hour for the whole year be substituted therefor.—Referred to Police and Lighting Committee, with power to act.

Standing Committee Reports.

Ald. McCrea presented reports Nos. 18 and 19 of the Police and Lighting committees; Ald. Storer, reports Nos. 30, 31 and 32 of the Board of Works; Ald. McWatters, reports Nos. 18 and 19 of the Town-Property committee.

In connection with a clause in the latter report, recommending the purchase of the McArthur lot for park purposes at \$475. Ald. Robinson thought the deal should be left for the incoming Council to consider. He felt that the people's votes on the money by-laws proved that they wished the Council to pay its way. They had no money to spend on the lot in question.

The protest went unheeded, as the several reports were adopted without further discussion.

Report No. 18 of the Finance Committee was read by the chairman, Ald. Cinnamon. The following accounts were recommended for payment:

Our Angry Lady of the Snows. (Barging the Indulgence of R. K.) A nation spoke to a nation Concerning a boundary line; The rivers and bays and inlets And the mountain peaks are mine; The maps and the records prove it, As everybody knows, But we'll arbitrate the matter," Said the Lady of the Snows.

"My speech shall be straightforward, And yours shall be the same; My mother shall judge between us, Hearing what each shall claim; What she decides shall be final, Her word the case shall close, We will furnish the world a lesson," Said Our Lady of the Snows.

She sent her chiefs to council, A smile was upon her face; With her mother to east the deciding vote It looked like a simple case; Thinking here the advantage, "She's glad of the course she's taking," Said Our Lady of the Snows.

"We'll abide by the court's decision," Said Our Lady of the Snows.

"Carry the word to my sisters, To them both east and south; Let them bow Peace and Reason Have plugged up the cannon's mouth." Then came the court's decision! Out of the stillness rose A screech that was full of anger From Our Lady of the Snows.

A nation spoke to a nation; "What you claimed is all your own, Your rights are clearly shown." "Had I dreamed that such a decision Could follow, do you suppose That I would have arbitrated?" Said the Lady of the Snows.

The Fire Brigade Driver. Council went into Committee of the whole on By-law No. 1033, to amend By-law No. 749, relating to municipal officers, by substituting the name of J. E. Bell for that of Thos. O'Neill, as fire brigade teamster. The by-law was passed through the usual routine, and was given a third reading.

Kent-st. May be Planked. Moved by Ald. O'Reilly, seconded by Ald. McWatters, that the Board of Works be instructed to put down a plank crossing on Kent-st., between J. H. Lennon's store and the Benson house, at Sootheran.—There should be another between J. A. Williamson's and the Daly house.

Ald. McWatters—"That was passed last spring." Mayor Sootheran—"Well, so much the better." Ald. Cinnamon—"I understood that the number of these temporary crossings was to be limited to as few as possible. We should spend no money except on absolutely necessary work."

The crossings were passed. A Pleasant Answer. Ald. O'Reilly enquired if the chairman of the Finance Committee could furnish Council with a statement of the town's financial condition.

Ald. Cinnamon (jocularly)—"Yes, I can give you some information. Owing to the reckless expenditure of the chairman of the various committees, I regret to have to say that the finances are in a very bad state. Do you want any more?"

Ald. McCrea, chairman of Police and Lighting—"I have the pleasure of being able to report a very good balance on hand."

Ald. O'Reilly—"That leaves only three reckless chairmen." Ald. Cinnamon—"The chairman of Finance must also be excepted. It's no wonder the Police and Lighting committees can report a surplus—the town has been in darkness for three-fourths of the year."

Mayor Sootheran put an end to the good-natured raillery by stating that the Treasurer would submit a statement to date at the next meeting of Council then adjourned.

THE FIRST BABY.

What joy there is in the home when the first baby comes, and yet to the young and inexperienced mother who has to care for it there is no other period of her life so trying. In the period of her life so trying to come the little child that is certain to come the inexperienced mother scarce knows what to do. To the young mother—to all mothers—Baby's Own Tablets are a real blessing. They promptly cure such troubles as constipation, colic, scur stomach, diarrhoea, and simple worms, allay the irritation accompanying the cutting of teeth and prevent more serious ills. These Tablets are sold under a guarantee to contain no opiate, nor any other of the harmful drugs always found in the so-called "soothing" medicines. They are good for all children from the new born babe to the well grown child. If you do not find the Tablets at your medicine dealer send 25 cents to The Dr. Williams' Medicine Co. Brockville, Ont., and a box will be mailed you post paid.

Goldstream Guards Band.

A despatch from London states that Bandmaster Rogan, of the Goldstream Guards Band, is delighted with his visit to Canada and says that everywhere hospitality was extended to the band with a free hand. The trip was a grand success financially. The band played before half a million of people, and never played per day before on the trip through Canada. Mr. Rogan was surprised to find in the most out-of-the-way places a most commendable taste for Wagner, Tchaikowski and Greig symphonies. The older master was appreciated everywhere. The Canada is quite abreast of the Mother Country in this respect.

Warships For Russia.

Berlin, Nov. 2.—A despatch from St. Petersburg to the Lokalanzeiger, says Russia has decided to assign 14,000,000 rubles in addition to the regular naval budget for an increase of the fleet, and 3,000,000 rubles for the fortification of Port Arthur.

THE FIREMEN REMEMBERED

In our report of the fire last week in the Flavelle Milling Co's elevator we bore witness to the splendid work performed and the good judgment displayed, by the Lindsay Fire Brigade in fighting the flames. On Thursday the members received a gratifying acknowledgement of the firm's appreciation of their efforts in the shape of a cheque for \$30 and a congratulatory letter. At a meeting held Thursday evening, the following letter of thanks was ordered to be sent to the firm:

Lindsay, Oct 29th, 1903.
J. D. Flavelle, esq.:
Dear Sir,—We are this day in receipt of your kind donation in connection with your recent fire, and in the name of the Lindsay Fire Brigade, I beg to acknowledge the same with thanks.—Yours, etc.,

L. VEITCH, Secretary, L. F. R. We are informed that Mr. Flavelle supplemented his gift by presenting liberal amounts to individual members of the brigade, who especially distinguished themselves.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.
