After referring to the munificence of the gift bestewed upon the town and county by Mr. Ross, the donor of the building, Mr. Flavelle briefly outlined the work which from the outgot it was hoped would be accomplished in the institution. The reports to be read by the secretary-treasurer, Mr. McNeillie, whould show that the most sanguine hopes of friends of the Hospital had been exceeded. What has been stated with regard to the attitude of the Council of the County applies also to the Council of the Town of Lindsay in relation to the grant made by the municipality. The Board ventured to ask the churches in the County to set apurt the last Sunday in the month of May in each year as Hospital Sunday, and it will be observed by reference to the financial statement what a gratifying response was made to the appeal at the very inception of the movement.
