STABBED WITH LONG KNIFE

SERIOUS AFFRAY AT CROSS CREEKS RAILWAY CAMP.

Cook Bradshaw Quarrelled with a Man Named Mullin, and Came Near Committing Murder.

Sunday afternoon about 6 o'clock a serious stabbing affray occurred at Cross Creeks camp, on the line of the Lindsay, Bobcaygeon & Pontypool Railway, about five miles south of this town. The assailant was Charles Bradshaw, head cook, and his victim was a fellow employee named Thom Mullin.

It appears that Bradshaw and Mullin came to town yesterday forenoon with a farmer named Henry, of that locality. Late in the afternoon they proceeded back to camp in a heavy rig, and on arrival they engaged in a game of cards. At the conclusion of the game a difficulty arose between the two men on the subject of paying for the heavy rig, Mullin claiming that Bradshaw was trying to evade paying his share. He finally struck the latter with his fist. Bradshaw then indulged in some recriminations, whereupon Mullin caught hold of him and pushed him against a barrel close by. As soon as he had been released Bradshaw grabbed a long-bladed butcher knife off a shelf close by and cutting his clothing in several places, and at last succeeded in plunging the blade into his victim behind the shoulder.

Farmer Henry, who happened to be still at the camp, at once assisted the wounded man to his wagon and drove him to Dr. Shier's office, where the copious flow of blood was stopped. Mullin was then conveyed to the Ross Hospital, where he was attended by Dr. Collinson, the L. B. & P. Co. physician. He is now resting easily, and it is not thought that dangerous consequences are likely to follow.

This morning Chief Neilson, and Constable John Short drove out to the camp and arrested Bradshaw. He will appear this evening before County Magistrate Deacon, and will be remanded in order that witnesses may be summoned.

Bradshaw is a Barnardo Home boy, his home being in Sunderland, England. He came here from Sault Ste Marie, and is about 22 years of age. Explanatory Note. The public will have to accept the above report as correct, or as near to that consummation as our reporter is able to guarantee on the information secured. It will be noticed that we have failed to comment on the personal bravery of either of the parties, or to state whether there were any swift kicks exchanged between the participants in the affray. As both are poor men, it is hardly likely that hand bills will be issued by either of them, hence our account will have to be accepted at its face value.

FATHER O'SULLIVAN'S SURPRISE

Entertained at an Irish Concert at St. Joseph's Convent.

On Tuesday evening last the young ladies of the above institution gave a very pleasing entertainment in honor of the sixth anniversary of the ordination to the priesthood of the Reverend F. J. O'Sullivan, chaplain of the Convent. During the evening two little girls presented the Rev. Father with a very pretty bouquet of chrysanthemums, carnations and ferns.

The programme, though short, was very interesting, the vocal and instrumental solos consisting chiefly of Irish melodies. The recitations were well chosen and tastefully rendered. At the close, the Venerable Archdeacon Casey addressed to the pupils a few encouraging words, complimenting them on the success with which they had performed their various parts. Rev. Father O'Sullivan then expressed his pleasure in being so kindly remembered on his anniversary. He also thanked the young ladies especially for considering his taste in selecting so many Irish melodies, and complimented them on the excellent manner in which the program had been carried out.

Programme.—Part I.—1, Instrumental duet, "Spanish Dance," (Moszkowski), Misses M. Loneragan and E. Gorman. 2, Vocal solo, "Harvest," (Lane), Miss E. Jordan. 3, Recitation, "Echo and the Ferry," (Ingelow), Miss E. Gorman. 4, Vocal solo, "O the Shamrock," (Moore), Miss C. McGinnis. 5, Instrumental solo, Valse, (Godard), Miss L. Barker. 6, Vocal solo, "Dublin Bay," (Dufferin), Miss M. O'Connor. Part II.—1, Reading, from "Mrs. Wiggs," Miss M. Donoghue. 2, Vocal solo, "Minstrel Boy," (Moore), Miss L. Galvin. 3, Instrumental solo, "Come Back to Erin," (Kuhe), Miss A. Willis. 4, Vocal solo, "My Little Colleen," Miss Mary Loneragan. 5, Vocal quartette, "Kerry Dance," 1st soprano, Miss L. Galvin. 2nd soprano, Miss E. Brady. 1st alto, Miss E. Gannon. 2nd alto, Miss N. O'Boyle. "God Save the King."

PORT HOPE WANTS THE CANAL

Letter in the Guide Dealing With Water and Waterways.

Under the heading of "Peterboro's Consistence," the Port Hope Guide publishes a letter which is reproduced below:

To the Editor of The Guide:
 Dear Sir,—I understand that a meeting of the Peterboro Board of Trade is called for this week to consider the advisability of bringing pressure on the Dominion Government to build dams on the Trent Valley waters north of Peterboro, so as to increase the flow of water in the Otonabee, and thereby improve navigation in the canal. Now, Sir, I have the impression that if our friends in the north were as anxious for the completion of the canal to Lake Ontario, as they have professed to be, they would advocate the completion of the canal before asking for the expenditure of a large sum for increasing the flow of water or any such purpose, and if they were perfectly honest they would admit that this scheme is gotten up by some of the large manufacturing concerns to improve the water power at the expense of the public.

Factories are what we want to develop in our town, but as has often been said, they "want the earth," and I hope the Board of Trade in our sister town will say at their meeting, we are in favour of the completion of the Trent Valley canal to Lake Ontario first, and that the interests of Peterboro will be best served by making the outlet at Port Hope.—Thanking you for your valuable space, I remain, yours very truly,
 PORT HOPPER.
 November 2nd, 1909.

Peterboro Passes Resolutions.

In connection with the above we may note that at a meeting of Peterboro Board of Trade, held Wednesday, the conservation of the water supply was discussed at considerable length, and the opinion was expressed that the entire water system should be placed in charge of an official with headquarters in that town. The following resolutions were passed:

That in the manufacturing interests on the Trent waters, and in the interests of navigation, it is urgently demanded that a large and constant flow of water be preserved in the Trent river, (in its upper reaches named the Otonabee), that an intelligent control of the feed waters of the back lakes by the dams would effect this end; and the Ontario and Ottawa Governments are respectfully, but urgently, requested to secure such control and oversight of the dams on the back waters as will secure a larger and more constant flow of water in the dry season.

That a deputation, consisting of delegates from the County Council, Town Council, Board of Trade, and manufacturers on the Trent waters, visit upon both the Ontario and Dominion Governments to secure their efforts to complete a system which will secure a better, steadier, and more uniform flow of water in the Trent river.

\$100 Dollars Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one drugged disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure acts internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by doing up the constitution and assisting nature in eliminating the poison. It is a simple, safe, and effective cure for any case that it fails to cure. Send for list of testimonials.

 Hall's Family Pills are the best.

Rathbun Co's Lumbering Operations

The Rathbun Co. have had four camps of men at work in their northern limits for some weeks, and a large cut has been made owing to the fine weather. Two of the camps are located in Dudley township, Haliburton Co., one far from Wainwright, and are in charge of Foremen C. C. Curn and Dunbar, of Lindsay and Kinmount respectively; one in Cavendish township in charge of Maurice Dineen; and the fourth is in Montserrat township near Goderich. At present there are about 35 men in each camp, but this number will be increased to 50 in the near future. The limits are being stripped of everything save beech and maple.

To Make a Bride

Many a woman would make a beautiful bride but she is deterred from entering the married state because of ill-health.

\$500 REWARD FOR WOMEN WHO CANNOT GET CURED.

The proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of the Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"If women would study the laws of health and use a little more common sense they would not be so often deterred from entering the married state because of ill-health. Let them take the 'Favorite Prescription' and they will be cured of all these ailments. It is a simple, safe, and effective cure for any case that it fails to cure. Send for list of testimonials."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

CUTICURA OINTMENT
 Purest of Emollients and Greatest of Skin Cures.

The Most Wonderful Curative of All Time For Torturing, Disfiguring Skin Humours And Purest and Sweetest of Toilet Emollients.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing preceded by a hot bath with Cuticura Soap, and followed in the severer cases, by a dose of Cuticura Resolvent, is often sufficient to effect immediate relief in the most distressing forms of itching, burning and scaly humours, permit rest and sleep, and point to a speedy cure when all other remedies fail. It is especially so in the treatment of eczema and this disease, cleansing, soothing and healing the most distressing of infantile humours, and preventing, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair, hands and feet, from infancy to age, far more effectively, agreeably and economically than the most expensive of toilet emollients. Its "Instant relief for skin-tortured babies," or "Sensitive, antiseptic cleansing," or "One-night treatment and healing of the hair," or "Use after athletics," cycling, golf, tennis, riding, sparring, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence of this.

WINDOW IN UMBRELLA

Lookout Through which Pedestrians May Pick their Way.

Frequent annoyance and inconvenience arises to persons carrying umbrellas, from the fact that when a strong wind is blowing the umbrellas are held in such a position to shield off the rain, that when two persons approach each other from opposite directions there is grave danger of collision when the umbrellas often sustain damage, if some serious injury is not sustained by one or the other of the pedestrians.

To avoid such accidents it is necessary on the part of persons carrying umbrellas under those circumstances which would render their weather shields, through which they are enabled to look under them and to look out for objects ahead.

Pedestrians picking their way through the rain are relieved of this bother and care by the use of the umbrella, which is provided with a window, through which the pedestrian can pick his way in absolute freedom from accidents of this character.

The invention consists of a circular frame of metal in the centre of one of the panels of the umbrella, and this holds a sheet of celluloid, or other transparent material, through which the pedestrian can have a constant view of the path in front of him.

Change of Office.

The Tate Optical Co. have removed their office to Dr. Day's (dentist) rooms, opposite the post office. They visit Lindsay every Tuesday. Mr. Druggist will answer enquiries.—dw.

Life.

Life is earnest, life's no "jolly." No, my boy, not for a minute; Turn, oh turn away from folly—Aliveness, of course, there's money.

St. Andrew's (Sonya) Jubilee.

We are in receipt of a very handsome booklet issued in connection with the Jubilee of St. Andrew's church, Sonya, which is a credit to the Rev. P. F. Sinclair, M.A., and his congregation. The little volume comprises 86 pages printed in the best type and on toned paper, and contains about 80 photo engravings of the buildings occupied by the congregation, many of the old members and seasons, and also a detailed history of St. Andrew's for the past 57 years, which makes excellent reading—particularly for the elder members of the congregation. We shall be pleased to loan our copy to any person interested, and no doubt Rev. Mr. Sinclair, of Sonya, will be able to supply copies.

Railway Notes.

A Chicago writer thus refers to the G.T.R.: "This Grand Trunk, with in a few months will have a double track system over its entire main line from Chicago to Montreal, a distance of 240 miles. The net stretch of double track work is being rapidly completed between Saratoga and Hamilton, a distance of 134 miles. When this work is finished, the Grand Trunk will have the longest stretch of double track under a single management."

It is whispered that when local railway men wish to fix the date of some incident in the misty past of track annals they say it happened at or about the time the Cobocook passenger coach was transferred from the Toronto & Nipissing narrow gauge line and placed on standard tracks. Since then Lindsay has expanded from a good-sized village into a busy and progressive town of 7,500 inhabitants, yet the same old coach serves the needs of the citizens on their trip north.

ST. JOSEPH'S CONVENT.

Results of October Examinations.

Following are the marks obtained by pupils of the Convent Separate School during the month of October:

Senior IV.—Total 110: Lizzie Dwyer 84; Violet Teevin 82; Blandina Primeau 76; Grace Edger 77; Mary Killen 76; Florence O'Callaghan 73; Pearl Watson 69; Katie Jordan 67; Lila Barker 49; Alena Willis 45; May Sharpe 29; Agnes Scollard 24.

Junior IV.—Total 630: Isabella Jordan 533; Jennie Sadler 452; Hazel Duck 459; Fernie Mullett 403; Nellie Cote 398; Maggie Meehan 389; Mary Scully 372; Clotilda McGinnis 347; Katie Houlihan 340; Madeleine Craig 293; Bridget O'Brien 267; Regina O'Leary 248.

Senior III.—Total 550: Nora E. Kingler 448; Maggie Killen 445; Theo O'Loughlin 445; Rose Doran 427; Vivian White 420; Annie Willis 388; Gertrude Mulvaney 386; Mildred Sadler 377; Loreta Heffernan 376; Mabel Meagher 371; Lizzie Cain 356; Ethel Hill 341; Rose MacMahon 314; Eva Jordan 305; Maggie O'Connor 304; Katie Bushie 249; Lavina Corrigan 232.

Junior III.—Total 500: Lena Robert 351; Mollie Healey 328; Mary White 308; Ella Murtha 302; A. Murtha 295; M. Murtha 289; Irene Burby 289; Leona Dagenais 286; Alena Teevin 276; Annie White 272; Mary Jordan 272; Mary Leader 272; Josephine Groulx 259; Loreta Frechette 250; Lena Tetreault 249; Gertrude O'Leary 230.

Senior II.—Total 285: Effie Logan 227; Mary Houlihan 224; Flossie Mac Gann 198; Bessie Brown 190; Gertrude Murtha 189; Rita Gough 183; Genevieve Walsh 182; Mary Groggley 154; Helen Tetreault 152; Alice Marich 144; Mortense White 124; Maggie Murtha 116; Annie Duck 113; Mary O'Rielly 113; Bessie Pilkie 62; Carrie O'Rielly 56; Ethel Geroux 51; Sadie Killen 52.

Junior II.—Total 225: Maggie Teevin 131; Ruth McNaulty 130; Ethel Logan 128; Frances Sadler 125; Teresa Dwyer 124; Carrie Robert 117; F. Groggley 117; Mianie Curtin 102; Mary McGrath 85; Myrtle Leadon 75; Mabel Scully 71; Nora O'Rielly 70; Daisy MacDonald 67; Katie Dwyer 60; Ethel MacIntosh 57; Sara Carus 51; Veronica Richards 23.

VISIT OF GOVERNMENT ENGINEER

In Connection With the Grand Trunk and L. B. & P.'s Crossing.

As a result of the recent visit of Mayor Sootheran, Alderman O'Rielly and McWatters, and Lindsay, Bobcaygeon & Pontypool Railway officials to Qitawa last week to interview the Railway Committee of the Government, Mr. E. V. Johnston, one of the most experienced engineers in the employ of the Department, arrived in town last Friday to look over the ground, verify the statements made by both parties to the application, and collect such additional information as might be required to handle any sources.

Mr. Johnston conferred with the Council and railway authorities for an hour Friday evening and Saturday morning. Accompanied by Supt. Tiffin, of the G.T.R., Chief Engineer Armstrong, of the L. B. & P. Ry., Mayor Sootheran, Mr. Thomas Stewart, and members of Council, he visited the water front above the locks which the G.T.R. claims will be destroyed if the new railway is allowed to cross at the point desired. The Engineer's decision will be made known in a few days.

The Popular Electricity Gough and Consumption Cure

Is the great remedy of modern times. It cures more quickly than any other medicine in the world. A few doses will stop the irritation and a cure is the quick result. 25 cents a bottle at the Liquid Electricity Depot, Caroline-st., Lindsay, near the Methodist church.—dw.

They're After Herrings.

The appetizing little fresh water herrings or "shiners"—which many people assert are superior in taste to brook trout—are now running in dense masses up the lakes from Bobcaygeon. Huge hauls are being made by a union of boats and nets, and Mr. G. H. Hall, of the manager of the local fishery, and Mr. W. M. Wardrobe, drove out to the Wardrobe cottage at Rosedale yesterday morning to capture a supply of the fish. They will return Monday.

An English Author Writes:

"No shade, no shine, no fruit, no flowers, no leaves.—November 17. Many Americans would add no freedom from catarrh, which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scurvy and consumption, being one of the wasting diseases. Hood's Sassaaparilla has shown that what is capable of eradicating scurvy, completely cures catarrh. I want in time to prevent consumption. We cannot see how any sufferer can put off taking this medicine in view of the widely published record of the rational and permanent cures. It is undoubtedly America's Greatest Medicine for America's Greatest Disease—Catarrh."

Rockefeller's Piety.

(Baltimore Sun.)
 The recent advance in the price of oil will, it is stated, add about \$1,000,000 a year to the income of John D. Rockefeller. In the early part of this month, before the Standard Oil Company had raised the price of its product, Mr. Rockefeller took one of his Cleveland friends into his confidence and told him that "the personal comfort religion has been to me such that someone else had told me to go upon the platform and tell the people about it." Now that the oil king's piety has been rewarded by an \$11,000,000 increase in his income, it will probably be impossible for him to keep off the soap suds for America's Greatest Disease—Catarrh.

ORANGEMEN MARK THE DAY.

Fifth of November Concert and Entertainment Success.

The members of L. O. L. No. 557, Lindsay, and their friends celebrated the anniversary of the Gunpowder Plot November 5th, by holding a very successful entertainment in the Council chamber. The attendance was large despite other attractions at the Academy, the Collegiate Institute and elsewhere. On the platform were Rev. Mr. Roberts, chairman; Mr. W. Warren, Worshipful Master L. O. L. No. 557; Mr. John Kelly, the veteran Past County Master and present Grand Secretary of the Preceptory of Royal Black Knights of Ireland; and Mr. A. D. Malloy, the broad-minded ex-Alderman from the east ward.

The program was as follows: Part I.—Instrumental duet by Messrs. Young and Knight; address by Rev. C. H. Marsh, instrumental. Miss Mabel Mitchell, address by Mr. Malloy, cornet solo, by Mr. Young; address by Rev. E. Roberts.

Part II.—Song, Miss Cora Walters; humorous reading, Mr. Petty; instrumental, Miss Laura Bell; address, Rev. Mr. Wallace; instrumental, Mrs. M. G. Cole; recitation, Miss Winnifred; address Rev. J. Harvey Strike; God Save the King.

Without wishing to minimize the effect of the addresses delivered by the other speakers, we feel we will be supported in saying that Mr. A. D. Malloy won the palm for eloquence, and his presence and happy speech should have the effect of still further cementing the feeling of good will and mutual respect and confidence which has been steadily manifesting itself in all the relations between the Protestants and Catholics of this community.

Successful New Ontario Pioneer.

The Wabigoon Star says: Three years from the wilderness—the evolution of a New Ontario farm." is the title of an engraving of the well-known Cairnbrooke Farm of Alex. Skene, sr., in Wainwright township, near Dryden, appearing in last Saturday's Toronto Globe. Mr. Skene, says the Globe, in sending the photograph from which the picture is reproduced, wrote enthusiastically of the agricultural resources of New Ontario. Vegetables have done remarkably well this year, and spring wheat on fallow land broken last year has yielded over 15 bushels to the acre. New land now being surveyed north of Wainwright township, is equal, Mr. Skene says, to anything in Manitoba. It was on this farm that the celebrated Swede turnips, which captured the first prize at the New Ontario Exposition were grown.

Rathbun Co. Office Improvements.

The Rathbun Co. office has been greatly improved during the last few weeks, and our citizens will now find it a positive pleasure to call there and leave an order for coal, wood, etc., as they will in that way be afforded a legitimate opportunity of viewing the artistic decorations. The main and rear offices have received handsome new wall coverings in a bright pattern in harmonious tints, and a cork carpet has been laid in the vestibule outside the business counter. The private offices of Mr. G. H. M. Baker, the genial and popular local agent, situated on the first floor, have also been newly decorated, and the color scheme is very pleasing to the eye. The Rathbun Co. block is one of the business centres of the town, and visitors will receive a hearty welcome from Manager Baker when present, or in his absence from Mr. Duncan Ray, the bookkeeper.

CORPORATION OF THE COUNTY OF VICTORIA.

Notice is hereby given that the Municipal Council of the Corporation of the County of Victoria will meet in the COUNCIL CHAMBER, COURT HOUSE, LINDSAY, on Tuesday, the 17th Day of November, A.D. 1909, at Two o'clock in the afternoon.
