### WITH THE DEER HUNTERS.

#### THE WEATHER WAS IDEAL AND BIG GAME PLENTIFUL.

Hoose Tracks Seen in Anson Township—Simpson-Reeves Party Lured to Sleep Nightly by the Howling of Wolves—Luck of Others.

The Sinclair-Sadler-Ellis hunting party arrived home late from the annual hunt in Anson township, Haliburton county. They came in on the Haliburton train Tuesday a.m. and it took a box car to carry their boots, tents, dogs, cooking utensils and deer. The party comprised about fifteen, among whom were many of Lindsay's best hunters. About twenty-two deer were secured in all. Among the lot were about a dozen bucks, several of which would tip the scales at 250 pounds. Although no bears, moose or other denizens of the forest except deer were seen, the tracks of moose were seen. When asked if the outing had been a pleasant one Mr. Sinclair smiled and said he never had a better time in his life. The weather was perfect and there was lots of fun for all.

In Monday's issue we noted that the Simpson-Reeves party had arrived home and had secured twenty-three deer. This party makes Long Lake, Harvey township, their hunting rendezvous. When seen by the Post man Tuesday Mr. Simpson reported that he had been going after mountain lions every season for many years, but for good sport and fine weather this season surpassed all former records. The party comprised men who were full of life, consequently everyone enjoyed the outing. "Yes," said Mr. Simpson, "the animals were secured, every member getting his full complement," remarked Mr. Simpson. "A settler named Parker killed a large timber wolf near our camp, and bear, beaver, otter and moose tracks were visible at times. The howling of wolves was heard every night, but they didn't bother our camp." The party comprised Col. Daly and Messrs. Bert Foster and Wm. Mace, Guelph; Gustav White, Herb Kendry, Fred White, Peter Grantman, Dr. E. Allan, W. Moore, Chas. Reeves, J. Lytle, J. O'Neill, W. H. Simpson, R. H. Bradburn, J. Dixon, town; Chas. Nixon, Port Hope; Robt. Gouinlock, of Perkins, Ince Co., Toronto.

Two deer were shot at the Narrows, a few miles east of Bobcaygeon, on Saturday.

The three Pearson brothers, of Buckhorn, hunted on Massauga Creek, and secured five deer.

The Nichols party, of Smith township, hunted at Deer Bay, below Buckhorn, and had four deer on Friday.

The Hunter home, Bobcaygeon, was the proper place for belated hunters to put up at. Garof made a genial host.

There were 214 licenses for deer hunting issued at Peterboro alone. This is about as many as were issued a year ago. The number taken out at Lindsay was over one hundred.

The Fitzgerald party, of Peterboro, sixteen in number, were camped out between Gould and Bag Lakes. Up to Friday, last they had twenty-one deer. They broke camp on Monday.

The Read party, of Bobcaygeon, numbering ten, were at Bass Lake. They came out on Thursday last, having three deer with them, but claiming to be killed five. They stated that game was scarce in that locality.

The Snowden party, of Peterboro, camped between Cole and Cloudy Lakes. They were ten in number, with a good supply of dogs, but found a scarcity of game. Five deer was their score at the latter part of the week.

The Stalker-Ford McCabs triple all-time hunt in the vicinity of Haliburton. They returned on Thursday night, bringing four deer with them, but left one dog in the woods and an ewe out at the camp. The latter was brought out by another party, but not the dog.

On Saturday morning some two hundred carcasses were unloaded at Orillia station. One party of five had secured three bears and one wolf in addition to four deer. The wolf was the most valuable animal of the lot, the government bounty being \$15.

The Rev. Storey and Henderson party, with the Sinclair-Ellis party, death of the former pastor of the Cambridge-st. Methodist church, succeeded in bringing down

### THE CHILDREN'S AID SOCIETY

#### MUCH USEFUL WORK BEING DONE UNDER ITS AUSPICES.

County to be Asked for an Increased Grant—The Annual Meeting.

If the good people of Lindsay realized fully the character of the grand work being carried on in their midst by the small number of zealous members constituting the Children's Aid Society, they would be adorned with a consuming desire to join, and the scanty funds available would grow like the revenues of the Dominion. But alas! it appears to be a difficult matter to arouse the public interest—the more so, probably, because much of the good work being wrought by these earnest men and women must be kept secret in the interest of the parties whose welfare is being sought. This being the case, the Society will probably have to struggle along as best it can, sustained by a knowledge of the good that is being accomplished by means of the contributions of a few earnest citizens, the active aid of the Town Council, and the small, but welcome and much-needed grants made periodically by the County Council.

Report of Department Visitor.

A meeting of the society, held last Friday evening in the Council chamber, was attended by Dr. Herchman, president, Mrs. Trew, treasurer, Mrs. Sharpe, secretary, Mrs. L. V. O'Connor, solicitor, and Messrs. J. O'Connor, J. Crawford, J. H. Harvey, the report of Mrs. Harvey, the Department visitor, concerning the Departmental work of the society now in several wards of the county, was in four forms, from which we take the following extracts:

Aug. 13.—Bertha Raymond, placed with Mrs. (Capt.) Ball, Nestleton, is pleasing in appearance and nicely dressed; can read in 2nd book regularly; goes to Sunday school regularly; is given to housekeeping and domestic work.

Aug. 14.—Lily Blanchard, placed with Mrs. Bolger, Lindsay. This is a peculiar case, the girl was leaving a school, neglected just when taking on charge of the society. Every opportunity is given to the girl to attend her own religious meetings, and Mrs. Sharpe always accompanies her home from church in the evenings.

Aug. 13.—Meroy Davis placed with Mrs. W. B. Fee, Lindsay. This girl is receiving good instruction in housework, but has to be watched continually to keep her from talking to strangers. Mrs. Fee hopes to make a good girl of her.

Aug. 13.—Lillie Maren, an attractive, charming little girl, is placed with Mrs. —, Lindsay, and is being treated in every way as one of the family. She is getting a good training in housework, is neat, clean, and greatly dressed.

Aug. 14.—Willie Ormston. This boy has been doing very well, and has been driving for a Lindsey cabman for five months.

Aug. 14.—Melita Maren. Placed with Mrs. Hopkins, town. She is doing fairly well and is happy and contented, being well treated. Attends church with other children.

Aug. 8.—Joseph Michaud, placed with John Houck, Hastings; is the only boy in the home and is happy and high-spirited, but delicate. He is well treated and attends church and school regularly.

Aug. 15.—George Davis, an unsatisfactory case. Boy is restless and dissatisfied, left his foster home several times, and was then sent to a farmer, but again ran away. Is now reported to be at Haliburton.

Aug. 16.—Matthew Davis, placed with Mr. Arch. McIntyre, Manilla, a choice home. The boy is well liked and is making good progress at school, and also attends church and Sunday school.

Aug. 13.—Morley Davis placed with Mrs. Gilbert, McEwen, Glenora; as family has since removed to Lindsay, visitor did not see parties, but according to reliable information they are greatly attached to the little boy.

Aug. 14.—Leonard McLean; this boy has been with Dr. Clarke, town, until recently, when he ran away, and is supposed to be with a relative in Manvers township.

The difficulties in the above reports were received and filed for future reference.

### ASTRAVELLERS COME AND GO

#### PITTY PERSONAL POINTERS.

Movements of Citizens and Strangers within Our Gates.

—Mr. Jas. McGaw, of Bancroft, visited Lindsay Saturday.

—Mrs. Hickey, of Kinnocott, called on town friends last week.

# WAKELY & FORD,

The Safe, Satisfactory Store.  
STRICTLY CASH DEALERS. LINDSAY. ONE OF THE BIG SYNDICATE.

## Fashions for Women in Our Ready-to-Wear Section.

Style, Quality and Fair Prices are Harnessed as Yokemates here.

Months ago we planned to do a big business in the selling of Women's Ready to Wear Garments and bought in a manner that proved our faith in Lindsay.

The results are magnificent.

Despite the exceptionally mild weather our sales have more than doubled over last season. Perhaps it's due to the fact that there isn't a missing link here in the whole chain of fashion.

Every right and correct style is shown. The best makers in Europe and America have contributed to this choice and complete stock.

We have made the Wakely & Ford garments stand for style and good value—there is no hand, made look about them.

Is it any wonder we have won such a great business? But we must keep forging steadily ahead, and as a special inducement to win new customers we submit a few items by way of introduction and ask you to come to the store and judge for yourself.

These prices come into effect Friday morning and hold good till the following Friday.

### A NEW ZEALAND PREFERENCE.

Surcharge of 20 to 25 Per Cent. on Foreign Goods.

Wellington, N. Z., Nov. 17.—Premier Seddon introduced yesterday in Parliament his proposals for preferential trade between New Zealand and Great Britain. They provide, at 20 to 50 per cent. on the existing duties on specific articles, a 25 per cent. British preference. The proposals include reciprocal agreements with foreign countries.

Temporarily suspended.

Montreal, Nov. 17.—Manager McGuigan of the G.T.R., who returned yesterday from the west, states that the negotiations with the telegraphers have merely been temporarily suspended to be renewed again as soon as opportunity and time afford.

Fire at Plantagenet.

Plantagenet, Nov. 17.—At eleven o'clock last evening the Public and Model School Buildings were burned down. The fire is supposed to have started around the furnace. Insurance not known.

### All Night on the Lake.

Hamilton, Nov. 17.—After drifting about on Lake Ontario all night, two Jordan fishermen, named Mand and Philpotts, were rescued yesterday morning at the beach after much difficulty. They had lashed themselves to the boat and both were unconscious when a life-saving crew rescued them. They will both recover.

Body Found in Grand River.

Brantford, Nov. 17.—At 2 o'clock yesterday afternoon the dead body of John Thompson of Bright, was found in the Grand River. The body had evidently been in the water only a few hours, and it is believed that he either deliberately walked into the river or fell in by accident. He was a man of 70 years of age.

Diphtheria in Temagami.

Toronto, Nov. 17.—An outbreak of diphtheria is reported on the Temagami reserve. Mr. Loughrin, chief ranger, has just returned from the north. He says some of the smaller lakes are frozen over and newly all the Indians have left the villages for their hunting operations.

### CANADA LIVE STOCK

#### Subject of Negotiations With St. Louis Fair Directors.

#### A FAVORABLE DISPOSITION.

When Matters Are Fully Explained the Canadian Commissioners Are Hopeful for the Best Treatment in the Dressing of the Customs Grievance Complainant of The Dairy Exhibits.

Ottawa, Nov. 17.—St. Louis Exhibition Commissioner William Hutchison; F. W. Hodson, Dominion Live Stock Commissioner; J. A. Ruddick, Dominion Dairy Commissioner, and W. A. Burns, returned yesterday morning from St. Louis, where they have been in connection with the Canadian exhibit, to be sent there next year. They had a long consultation with the St. Louis Fair authorities in connection with the difficulties which have arisen over the live stock exhibit, to be sent from Canada. The difficulty is in connection with the customs arrangement.

Mr. Hutchison said yesterday that the St. Louis fair directors had already gone a good way, but after discussing the situation with them, Mr. Hodson and himself decided to put Canada's case, in black and white. The Canadian Commissioners feel that when matters are fully explained that the Fair authorities may still do more, as they have shown a disposition to make matters as easy as possible.

J. A. Ruddick went very fully into the matter of dairy exhibits. No definite rules have been formulated yet, but Mr. Ruddick will meet the State Commissioner in New York in December, when these rules will be drawn up. The dairy exhibit will be placed in the agriculture building, the largest on the grounds.

Labor conditions in St. Louis are at an awful pitch, carpenters are being paid 50 cents per hour for eight hours a day, and plasterers are being paid 80 cents per hour. The plasterers are not at all skilled workmen either. The contractors who have taken the work for the construction of the buildings will, in many cases, lose on their estimate.

Capt. Bernier Gives Up.

Ottawa, Nov. 17.—Capt. Bernier has about decided to abandon his North Pole expedition. He has not lost interest in it, but seven years of agitation has impaired his income so that he must needs protect his family. He spent all of the last season here and was greatly disappointed that the Government did not make a grant to the expenditure.

Three Firemen Killed.

Cleveland, O., Nov. 17.—A disastrous incendiary fire broke out in the Holmden avenue car barns of the Cleveland Electric Railway Company early yesterday, resulting in a property loss of three men and serious injuries to two others. They were caught under falling walls.

### Vertical Writing.

At the last meeting of Owen Sound school board, says the Sun, a motion was passed that the vertical system of writing be discontinued immediately, as it has been proven unsatisfactory, and assistant teachers were instructed to pay particular attention to the teaching of writing. The chairman of the school board went so far as to say that the introduction of vertical writing was very unfortunate, as many young men who had been taught the system could scarcely write their names intelligibly.

### Vertical Writing.

At the last meeting of Owen Sound school board, says the Sun, a motion was passed that the vertical system of writing be discontinued immediately, as it has been proven unsatisfactory, and assistant teachers were instructed to pay particular attention to the teaching of writing. The chairman of the school board went so far as to say that the introduction of vertical writing was very unfortunate, as many young men who had been taught the system could scarcely write their names intelligibly.
