VICTORIA CO. CHEESE BOARD

THE CLOSING SALE OF THE SEASON HELD MONDAY.

Nearly 2000 Boxes Boarded—All Sold at 9 1-2c Exept Mariposa.

The last meeting of the Victoria County Cheese Board for this season was held on Monday, and proved short and sweet. Mr. Whitton was on hand—not as a buyer, but as a friend of the Board, coming to say good-bye for another season. The past season has been a successful one in every respect, and although there had been occasional "spats," there was no harm done. These little quarrels only added to the excitement of the meetings and gave the salesmen a chance to laugh or look serious, as they pleased, while the newspaper men had no end of fun getting interesting news.

Some 1911 boxes were boarded today, and during the season some 17,640 boxes were boarded. The buyers and salesmen have pulled together well, and as a result everybody is well pleased.

The bidding was commenced by Mr. Fitzgerald at 9c., Mr. Whitton calling 9 1-16. Mr. Cook then made it 9 1-8c. and Mr. Fitzgerald again raised it to 9 1-4c. Mr. Whitton called out 9 5-16, and Mr. Fiskette, who had been silent during the rapid bidding, jumped it to 9 1-2. At which figure he secured all the factories except Mr. Fitzgerald's.

The following factories boarded the number of cheese set opposite:

Bolsover	200
Burnside	200
Downeyville	150
Ops	150
North Verulam	145
Argyle	140
Omemee	140
Mariposa	130
Pelestine	125
Reaboro	121
North Ops	113
Cambray	70
	1911

North Harvey and Pine Grove had already been sold.

FROM SOUTH AFRICA.

How Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat that baby was sucking. It will no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by all drug-

CANADA'S FIRST LOCOMOTIVE

THE TORONTO WAS "PINCH-BARRED" DOWN YONGE STREET.

The Men Who Superintended Building First Locomotive are Still Living.

The new Toronto-made locomotive, a cut of which was published in The Toronto News last week, is the lineal descendant of Canada's first locomotive. Between the Canada Foundry's new mammoth 208,000-pounder, and the old "Toronto," in precisely fifty-one years and five months of time.

Old railroad men will recall the "Toronto" as the Canadian cousin of the "Lady Elgin," which was made in Portland, Maine, in 1852. These two doughty old trail-breakers pioneered Canadian railroading. The Lady Elgin was a construction engine. She built the old Northern to Aurora, then Machell's Corners. The "Toronto" was built near the corner of Victoria and Queen-sts. in the shop of Mr. James Good—long since gone to the land where there are no engines.

The actual men who superintended the building of this famous locomotive are both living to-day. Mr. Samuel Sykes lives in Newmarket, aged 84. Mr. James Sykes, his brother, aged 75, lives in this city at 14 Augusta-ave., Prof. Sykes, now of New York, and late of Toronto University, is his son.

Northward Ho! on the Toronto.

Some days were occupied by Mr. Syker and his men in getting the new iron wonder rigged for the journey, and it was the 16th of may, amid singing birds, bursting leaves and piping frogs, when the "Toronto" got up steam, real Canadian steam, manufactured from Lake Ontario water and bird's eye maple.

Mr. John Harvie, now secretary of the Upper Canada Bible Society, was the first actual conductor that ever ran a train in Toronto. He was then freight conductor, but owing to the delayed arrival of Mr. Jones, the regular passenger conductor, Mr. Harvie took charge of the Toronto on her trial trip. He sold the first railway tickets ever issued in Canada that May morning of '53. The fare was slightly over two cents a mile. The journey to "Machell's Corners," now Aurora, occupied two hours, an average of about fifteen miles an hour. About fifty people went. There were two cars, a baggage car combined with a smoker, and one flat-topped passenger car. And all that day the dogs barked, and the York county horses snorted in the farmer's fields.

The Toronto returned to the city the same day, having burned several cords of wood and "scared the daylights" out of most of the live stock in York county. Toronto was no longer a country town but a railway centre. And the old 25-ton five-foot engine, "consolidated" woodburning Toronto, with its two big drive-wheels on each side was the largest thing that ever tooted a whistle or rang a bell in Canada up to that time.—News.

Building Notes.

Mrs. Wesbrooke has built a very neat frame house on Hospital, east of the Methodist church. It is the same in design.

The three fine brick houses being erected by Thos. Staples in the western part of the south ward are nearly completed. Mr. Findlay has a frame in ting well under way and another brick dwelling near the G. T. R. freight sheds is about finished. Three houses erected by Mr. L. Newton are now occupied. Mr. Groff has had his cottage raised to two storeys and several other houses are being remodeled. The west end is enjoying its share of prosperity.

A Siege

The matrons of the Edison Orphanage at Lowell, Mass. U.S.A., wrote they had a siege of whooping-cough in their institution. They said that every case was promptly relieved by Vapo-Cresolene. Its value in coughs and colds was so great they always kept it ready for use. You know how it's used, don't you? 'Tis heated by a vaporizer and you inhale it. Write us for a book that tells all about it.

Vapo-Cresolene is sold by druggists, or sent express prepaid on receipt of price. A Vapo-Cresolene outfit, including a bottle of Cresolene, complete $1.50. Send for free illustrated booklet. LESMING, MILES CO., Ltd., Agents 382 St. James Street, Montreal, Can.

A NEW IDEA.

Tonic Treatment for Indigestion—New Strength for the Stomach from New Rich Red Blood.

The Tonic Treatment—that is the latest and only scientific cure for indigestion. All the leading doctors of Europe and America are using it with sensational success. No more purgatives, no more pepsin, no more patent foods, no more long diet lists saying "Thou shalt not eat this or that." No more of all this—nothing, in fact, but plenty of new, pure, rich red blood to tone the liver and give the stomach strength for its work, That is the Tonic Treatment for indigestion.

The tonic treatment is based on the new idea that drugs which digest the food for the stomach really weaken its power through disuse. The digestive organs can never do their work properly until they are strong enough to do it for themselves. The only thing that can give the stomach and the liver new strength is good blood—and the only thing that can actually make new blood is Dr. Williams' Pink Pills for Pale People. They have long been known as the greatest blood-building tonic in the world, and all the high-st medical authorities agree that the one scientific cure for indigestion is the Tonic Treatment. The marvellous success of the treatment has been proved in every corner of the Dominion. One of the latest witness is Mr. Joseph Rochette, St. Jerome, Que., who says; "I simply hated the thought of food. Of course I had to force myself to eat, but afterwards I always suffered with dull, heavy pains in the stomach. I seemed to be bilious as well and this caused severe headaches, which further aggravated my unfortunate position. I grew pale, fell away in weight and the trouble seemed to be undermining my whole constitution. I tried several remedies but without success a doctor whom I consulted advised absolute rest, but this was out of the question as I had to work for my living. Fortunately for me, one of my friends advised me to use Dr. Williams' Pink Pills, and I decided to do so. After taking the pills for several weeks there was a decided improvement in my condition. Not only was my digestion better, but my general health improved in every way. New blood seemed to be coursing through my veins, bringing new health and strength every day. I took eight boxes of Dr. Williams' Pink Pills altogether, and those who see me now would never know I had seen an unwell day in my life. I owe my splendid health to these pills, and strongly advise every dyspeptic or weak person to lose no time in taking them."

Mr. Rochette's statement is a strong tribute to the Tonic Treatment. Dr. Williams' Pink Pills cured him because they actually made new rich blood for him. These pills go right down to the root of the trouble in the blood and cure that. The new blood they make carries health and strength to every part of the body. That is the new Tonic Treatment and the highest medical authorities agree that the one scientific cure for indigestion is the Tonic Treatment. The genuine pills are sold by all dealers or by mail at 50c. a box, or six boxes for $2.50 by writing to the Dr. Williams' Medicine Co. Brockville, Ont.

Lift Locks at Kirkfield.

Tenders are being called for a $200,000 lift lock at Kirkfield, on the Trent Canal. The location will be between Lake Simcoe and Balsam Lake, or about one hundred miles from the Peterboro lift. The Kirkfield lock will be about ten feet shorter than the one at Peterboro, and the lift will be fifty-five feet, or ten less than at Peterboro. The towers at Peterboro are of concrete, at Kirkfield they will be of steel. The lock as well as the portion of the canal it is located on, will be completed next autumn.

DEATHS.

HARDY.—In Mariposa, on Tuesday, Nov. 1st, 1904, John W. Hardy, aged 74 years, 6 months and 20 days.

PRESENTATION AND ADDRESS.

Mr. Lawrence of Collingwood, Honored Prior to Removing to Lindsay.

We are indebted to the Collingwood Bulletin for the following item, and we welcome Mr. and Mrs. Lawrence into our midst. Mr. Lawrence has taken a position with Messrs. Sutcliffe & Sons:

On Tuesday evening of last week the congregation of the Presbyterian church met in the vestry of the church to bid good-bye to Mr. and Mrs. W. M. Lawrence, who have removed to Lindsay. Since coming to Collingwood some years ago, Mr. Lawrence has been prominently identified with the work of the Presbyterian church, and his departure is a distinct loss to the congregation. To express their high appreciation of his labors Mr. Lawrence was made the following highly appreciative address:

[illegible] Dear Mr. Lawrence,—It is with [illegible] that we, the members of the congregation of the Presbyterian church, have met to-night to bid you farewell. We have learned to esteem you highly as a friend and fellow-worker in the church, and we feel that your departure will be a distinct loss to the congregation. You have occupied responsible positions, that of superintendent of the Sabbath school, elder, and clerk of the Session.

We, as teachers and scholars, members and adherents of the Collingwood Presbyterian congregation have always found in you a ready, sympathetic friend, a willing and helpful co-worker. Your high ideals of life, your sincerity of purpose, your pleasing and courteous manner, your Christian living have won for you a deep and abiding place in the affections and minds of the people, not only of the Presbyterian congregation, but of the citizens of the entire community.

As a token of our appreciation of your most valuable services, we hereby desire you to accept this silver service, and trust that you and yours may long be spared to enjoy the service and blessing of our Heavenly Father.

The address was signed by Rev. J. A. Cranson, Misses E. Parton, C. Telfer and F. Currie, and Messrs. W. A. Copeland, W. A. Evens and D. A. Bell.

In replying, Mr. Lawrence expressed his thanks for the kindly expressions and the handsome gift. He alluded to the years spent in Collingwood with pleasure and assured his friends that they and his residence among them would long be

DIVISION OF PETERBORO DIOCESE.

The New Bishop Not Yet Chose—Three Names sent to Rome.

A representative of the Peterboro Review recently interviewed Bishop O'Connor relative to the proposed division of the Diocese of Peterboro, and the necessity for the step, and received the following information;

Bishop O'Connor stated that it had not yet been officially announced as to who would have charge of the new diocese. In a case of this kind, three names were always sent to Rome, where the selection was made. Rev. Father Scollard had been stationed at North Bay for eight years, and was thoroughly acquainted with the country. Should he be chosen, the fact that he was formerly connected with St. Peter's would be all the more pleasing, and likewise an encouragement to other priests situated as he was formerly. Peterboro diocese was formed in 1882, the four counties previously referred to being separated from Kingston, and what now constitutes a part of New Ontario was known as the Vicarate of Northern Canada. The Right Rev. Bishop Jamot, then Bishop Apostolic, first had charge of the diocese. He was succeeded in 1887 by Right Rev. Bishop Dowling who, after two years, was transferred to Hamilton, and since 1889 His Lordship, Bishop O'Connor has had charge. During the past fifteen years he states that there has been great progress in the northern part of the diocese. This has been attendant upon the construction and operation of the Canadian Pacific Railway. Since then there have been something like fifty churches erected in the northern part of the diocese, and this certainly points to great activity and progressiveness on the part of those who have been identified with the work. It is His Lordship's intention to prepare a history of the diocese which will be of interest in view of the proposed division.

The present diocese of Peterboro is by far the largest in Ontario, being over 1,100 miles in extent. Some 800 miles will be cut off by the division.

HOME LIFE.

The happiness of home life depends largely on the health of the wife and mother. When her strength is unequal to the daily cares and duties of home, the evening hour finds her utterly worn out, too tired to talk, too weary to read. At first even she is glad to have her husband go out for the evening. She wants rest and quiet at any price. And so the foundation for marital misery is often laid in ill-health.

But when the housewife is healthy and strong she finds in her day's duties only a sufficient outlet for her energy. She looks forward all day to the evening hour spent with her husband over a book, or passed in quiet conversation. And every evening so spent draws the wife nearer to the husband and knits together the twain who are "one flesh" in the higher unity of one mind.

Every woman should know that the general health depends on the local womanly health. Irregularity, weakening drains, inflammation, ulceration and female weakness are disorders which sap the woman's strength and destroy her happiness with her health.

In ninety-eight cases in every hundred the use of Dr. Pierce's Favorite Prescription will effect a complete cure of womanly diseases. It is a reliable regulator. It dries the drains which enfeeble women. It heals inflammation and ulceration and cures female weakness. *It makes weak women strong and sick women well.*

Sick and ailing women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as sacredly confidential and womanly confidences are guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

In a little over thirty years, assisted by his medical staff of nearly a score of physicians, Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., has treated and cured more than half a million women.

There is no similar offer of free consultation by letter, which has been equalled in character or in the number of its acceptances. Dr. Pierce's Common Sense Medical Adviser, a standard medical work, containing 1008 pages and 300 illustrations, is sent free on receipt of 21 one-cent stamps, to cover cost of mailing only. Address as above. Cloth binding, 21 stamps.

WAS NEARLY CRAZY.

"I was pleased that Dr. Pierce answered my letter," writes Mrs. Fanny Young, of South Regent Street (Rear Park), Wilkesbarre, Penna. "I am perfectly willing for you to use my name and testimonial. It is my duty to let the people know what a wonderful medicine you have. When I had those mishaps I began to think I would never have children, and my brother always said that if I would take your medicine I would soon be all right. My back used to almost break and I would get sick at my stomach and have such headaches I did not know what to do; they used to set me nearly crazy, and I used to dread to get up, I felt so bad; then I began taking your medicine. When baby was expected I took it all the time and I was that way. I felt fine all the time and I never get those dizzy spells now. I hardly ever have a nervous headache any more. I have a perfect roup of a boy; he is the light of our home. I am now twenty years old and my baby is almost eight months old. I now feel well, and weigh 130 pounds, and the baby 23½ pounds. We feel very grateful for the good your medicine did for us. We are both healthy, thanks to Dr. Pierce's medicine."

ALMOST A SKELETON.

"Your 'Favorite Prescription' has done so much for me," says Mrs. Susan Weast, of Lawndale, Cleveland Co., N. C., "that I feel it my duty to write to you and tell you I think it saved my life. I had been under the treatment of two doctors—had two miscarriages. I was almost a skeleton, weighed only seventy pounds. A friend of mine recommended Doctor Pierce's Favorite Prescription, and when I commenced to take it my health began to improve greatly. In ten months I was a happy mother. I had only taken six bottles and have never taken any medicine since, of any kind, and now weigh 130 pounds. I am now awaiting the coming of another child in the best of health. I cannot say too much in praise of your 'Favorite Prescription.'"

Dr. Pierce's Pleasant Pellets are at once the most agreeable and most effec-

...OF...

FARM IN MARIPOSA

Applications for the purchase of the South Half of Lot Number Eighteen in the Fourth Concession of the Township of Mariposa in the County of Victoria, known as the "RICHARD CLEMIS FARM," containing one hundred acres more or less, will be received by the undersigned.

Upon the farm is a new frame barn 80x36 feet with modern stone stabling underneath, also a good brick house and kitchen together with a frame wood house.

The farm is well watered by two never-failing wells. The soil is of a clay loam. There are about 75 acres cleared and in a good state of cultivation, the remainder being tamarac and cedar swamp.

This farm will be sold subject to a lease which expires on the 28th of February, A. D. 1911, paying a clear rental of Two Hundred Dollars annually.

Dated this 24th day of October, A D. 1904.
