FALL CLEANING THE ORCHARD.

Diseased Fruit, Plants and Leaves Should be Burned-Eggs of Insects. Much can be said in favor of an annual fall orchard cleaning, although many of our fruit growers are indifferent in this matter. SUDDEN DEATH IN MANVERS.

Robt. Shekelton, Formerly of this Vi-

cinity, Stricken with Apoplexy. Death came with appalling suddeness yesterday afternoon to a well known resident of Manvers township, in the person of Mr. Robt, Shekciton, who lived in this vicinity for many years. He had been engaged with Contractor Knapman of Peterboro, in getting out telegraph poles, and had just returned to his work after the noon hour, apparently in his usual health. Mr. Thos. Lytle, who was working for the same concern, had occasion to go towards where Shekelton was working, and found him sitting in a dazed condidition on a log. When spoken to he seemed unable to answer, and immediately fell over and expired. Apoplexy is supposed to have been the immediate cause of death. He leaves behind a widow and six children. Much sympathy is felt for the family in their sudden bereavement.
