for being badly dressed. It costs no more to buy good clothes than it does, in the end, to buy "cheap" clothes. The difference is in the comfort and wear.

"PROGRESS" Brand Clothing

is for the man who must economize, as well as for those who needn't count dollars and cents. It's the kind of clothing any man is proud to wear. It gives the service and comfort—it holds its shapeliness and good looks—in a way that makes it a practical economy to buy "Progress" Brand Clothing.

ROSS TRUSTS WHITNEY AFRAID

Liberal Gives Followers Voice in Policy—Conservative Refuses to Do So.

MR. WHITNEY'S OPEN LETTER

Conservative Leader Calls a Conference, Not a Convention—Seeds Like the Echo of a Dead Debate in the Legislature—Spreads Sare in Front of Liberal Mind and Invites Others Than Conservatives.

Toronto, Nov. 14.—Following in this as in other matters the lead of the Liberal Government, Mr. J. P. Whitney has decided to meet his followers. The time fixed for the gathering is Thursday, the 24th of November, at the place the Y.M.C.A. Hall on McGill street, in which the echoes of the declaration of Liberal principles made by the enthusiastic Liberals in convention assembled on the previous day will linger as a benediction and an inspiration to the supporters or the Opposition leader in their desire for pure, honest and economical Government. The summons comes in the form of an open letter to the electors of Ontario, signed by Mr. J. P. Whitney, the Conservative leader, as follows:

Text of Mr. Whitney's Letter. To the Electors of Ontario: Driven by band and alarmed at the righteous indignation of the people, the Provincial Government, which, for several years, has held office by means of fraud and crime, is about to make a last and desperate appeal to the constituencies.

In order that the large majority of the people, those who demand honesty and decent Government, may have an opportunity to discuss the situation, I have instructed the officers of the Liberal-Conservative Association of the Province to ask the members of the association and also representatives from the municipalities, to meet at Association Hall, in the City of Toronto, on Thursday, the 24th day of November, at 2 o'clock p.m.

In addition I invite representative men in each constituency—no matter what their party affiliations may be, and who sympathize with our objects—to attend also and help us by their advice and encouragement.

In the presence of great public peril, party designations and differences are of secondary importance. The first great necessity of the situation is clean, honest and decent Government.

The policy of the Opposition in the Legislature is familiar to the people and has received their endorsement and ratification by a majority of six or seven thousand votes. To this record we point with pride.

Agricultural Education.

The question of increasing the means of obtaining agricultural instruction by adding it to the curriculum in the high schools and collegiate institutes and providing parcels of lands for practical work, and also the question of the encouragement of systems of sewerage in towns and villages, are among the questions advocated by us. Legislation should be had to facilitate the acquisition by municipalities, on proper and reasonable terms, of all public utilities, and also to provide machinery for the prompt settlement of dispute between capital and labor.

At the last session of the Legislature the Opposition proposed that the Temiskaming Railway, constructed and owned by the Government should be operated by the Province for a term of years. This opportunity for a practical test of Government operation of railways was voted down by the Government.

The attitude of the Opposition on the question of the proper assessment of railway property was made clear by their efforts to pass the Pettypiece bill as a basis for action—efforts which failed when the promoter of the bill abandoned it and joined the Government in killing it. These are some of the questions in which the people are interested.

But, I repeat, the first great necessity of the situation is clean, honest and decent Government. We are all familiar with the killing story of the iniquities which have been perpetrated, and by means of which a minority premier has been enabled—and, alas, has also been willing—to defy public decency and flaunt before the people his enjoyment of a position which he notoriously holds by virtue of such iniquities.

By what the Government has done in the past we may reasonably forecast what it may attempt to do in this, its last effort, to avoid public condemnation. In the face of the public danger, and in order to afford an opportunity to avert it, I have called this meeting.

(Signed) J. P. Whitney. Toronto, Nov. 14, 1904.

LACKS CONFIRMATION.

Report That Mr. Wade Will Succeed the Hon. Mr. Blair.

Ottawa, Nov. 12.—The report that Mr. Wade is to be appointed Chairman of the Railway Commission lacks confirmation. Nevertheless, everybody concedes that the appointment would be an excellent one if the Government decided to carry it out. Mr. Wade's friends say he would prefer to remain on the Transcontinental Commission if the salary were raised from \$8,000 to \$10,000, the same as that attached to the office which Mr. Blair gave up.

Mr. Blair Goes to St. Louis.

Toronto, Nov. 12.—Hon. Mr. Blair, ex-Chairman of the Railway Commission, passed through town yesterday on his way to the World's Fair at St. Louis. He was glad to be able to get to the big fair. On public affairs, he was not communicative. He said: "I saw the despatch in the papers about Mr. Wade, but I don't know anything further. My own plans have been perfectly clear from the first. The papers tell me I have not succeeded in carrying out my object, but they don't appear to be very well informed as to what that is."

Mr. Blair gave it to be understood that the increasing demands made upon his energies have been rather a severe tax for a man of his years, and that the necessity for a more regular occupation equally requires his adhesion to the plans he formed at the time of his resignation.

SHOT RAILWAY NAVY.

Unfortunate Mishap of Two Hunters Near Fort Frances.

Winnipeg, Nov. 14.—A sad case of accidental shooting occurred near Fort Frances Saturday. While watching for game near the Canadian Northern gravel pit, two hunters thought they saw a wild cat in the distance. They fired their rifles and the bullets lodged in the abdomen of Joseph Beaudro, a young member of a section gang working in the vicinity. Beaudro is still alive, but is not expected to survive many hours. He came to the west last summer from St. John, where his parents and relatives reside.

Diocese of Sault Ste. Marie.

Peterboro, Nov. 14.—The official announcement from Rome with regard to the division of Peterboro diocese was read yesterday morning in St. Peter's Cathedral. This was accompanied by the documents appointing Rev. Father Scollard of North Bay bishop of the diocese of Sault Ste. Marie, the name of the new jurisdiction. The latter will be 800 miles in extent and includes Nipissing, Algoma and Thunder Bay districts.

Sick Headache

If troubled with this distressing ailment, watch for the first indication of an attack; as soon as you feel it coming on take three of Chamberlain's Stomach and Liver Tablets and the attack may be warded off.

Mr. Geo. E. Wright, of New London, New York, says: "For several years my wife was troubled with what physicians called sick headache of a very severe character. She suffered with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well." He has since recommended these Tablets to several of his neighbors, who are enthusiastic in their praise of the remedy. Sold by druggists at 25c. per box.

FOUR MONTHS REVENUE.

Slight Reduction Compared With Last Year—Surplus Seven Millions.

Ottawa, Nov. 12.—The revenue for the first four months of the current fiscal year, terminating October 31st, was less than for the same period of last year, amounting to \$28,513,263. The expenditure, both ordinary and capital, shows an increase. The surplus of ordinary revenue over ordinary expenditure was \$10,060,318. Over all expenditures combined the surplus was a little over \$7,000,000.

State-Owned Wireless Telegraphy.

The communication from the Colonial Office recommending the Canadian Government, in common with the other British self-governing dependencies, to take over the control of wireless telegraphic systems, has been referred to the Postmaster-General. There is little doubt that legislation will be introduced at the coming session of Parliament to give effect to the wishes of the Imperial Government. This legislation would not, however, apply to the Marconi Company, which was incorporated a year or two ago, but to any others that may hereafter be incorporated. The Imperial Parliament have already passed an act to assume control of wireless telegraphy in the United Kingdom.

St. John's, Nfld., Nov. 14.—The Marconi wireless telegraph station at Cape Race was completed last week. The Allan Line steamer Tunisian was the first ship to speak with it, remaining in communication nine hours and obtaining news of the result of the Presidential election.

The Canadian cruiser Minto Saturday tested the efficiency of the station from a point 110 miles to seaward. This was one of a series of tests maintained by the Canadian Government in the interests of the St. Lawrence route.

Anglo-French Convoy.

London, Nov. 14.—(C. A. P.)—In spite of considerable opposition on the Newfoundland question, the Anglo-French convention passed the Chamber of Deputies by 457 votes to 5. M. Rottreau thought the French fishermen and owners of vessels had been sacrificed, and that Newfoundland should form a separate agreement. M. Baudet demanded the deletion of the bait clause.

Liverpool to Quebec.

London, Nov. 14.—(C. A. P.)—The Dominion Line will maintain a weekly service between Liverpool and Quebec and Montreal, commencing on April 23 next. The old White Star steamer Germanic, refitted, brought up-to-date and renamed the Ottawa, will run on this line.

Ran Down By Runaway.

Guelp, Nov. 14.—Saturday morning Miss Harrison, a middle-aged lady from the country, was seriously injured by a runaway. She was thrown ten feet and the horse and rig went over her. She was taken to the General Hospital in a dangerous condition.

SCH. EARCULARIUS ABROAD.

See Masthead High Fronts Her Jagged Beak.

Woods Hole, Mass., Nov. 14.—The two-masted schooner Earcurius, Captain Nelson, of Rockland, Md., went ashore in the severe morning gale shortly before dark last night about three-quarters of a mile from Tarpon Cove, on the island of Nauset. At sunset the schooner was breaking over the crest of a high. No trace of the crew of the schooner has been found, and fears are entertained for their safety. The schooner is a particularly exposed vessel, and the chances of her being lost are slight.

Unknown Man Killed.

Gait, Nov. 14.—An unknown man was killed on the C.P.R. between Gait and 10 o'clock yesterday morning about seven miles west of here. The train was following about 10 minutes after a freight. The emergency brakes were at once applied, but eight feet had passed over the body before the train was stopped. The body was horribly mangled, both arms and leg cut off and the trunk from chest to the abdomen literally cut in pieces. Coroners Vardon and Bissett will hold an inquest.
