Store Closes 6 p. m.

**Generosity in Advertising.**

There's nothing stingy about this business anyway you take it. The trade you bring us daily, increasing amounts invites us to greater generosity in the assortments of the goods you want, and puts the desire strong in our buyer to keep a watchful eye open in the different markets for things you might enjoy buying.

**There's No Store Anywhere That Offers its Public Larger Choice in the Best of Goods.**

and the policy that this store has worked on and follows up to-day, is a policy of building for the future. The best place, because the policy of the business forbids that any other store will give better value, because the welcome to come, if but to see, is wide open, and you feel at home here whether your purse is thin or fat.

At the present time, when every home has need of the many articles of comfort to give pleasure for a long winter, when the family's wear needs demand your attention this, store with its overflowing merchandise abundance more than ever merits your business.

**AFTER THE BOUNDING DEER**

**MANY HUNTERS LEAVE FOR THE HAUNTS OF BIG GAME.**

**Names and Destinations of Some of the Many Hunters.**

Evening Post of Oct. 30.  
Thursday next is the opening day of the deer hunting season, and hunters are busy getting their gear. Farmers up north say, "It is nothing to see a deer, or two or three of them take a run across the farm. Of course, it being against the law to pull the trigger on them, they were in most cases allowed to go unharmed. Then there are other farmers who are of the generous and greedy class, who will tell you that there are no deer in their woods, so as to have all the shooting themselves. However, the hunter rarely takes such advice and signs, "Trespassers will be prosecuted," are not heeded in many cases. Over forty licenses have been issued already by Inspector Bradshaw, seventeen of which were taken out yesterday.

A party comprising Messrs. John Paul, Jametville, Thos. Hill, Pontypool, Henry Hill and Thos. Stanton, of Toronto, were in town this

(BY WIRELESS)—Picture of a big moose, shot by Messrs. Neader and Reeson last Saturday in Algoma District.

morning accompanied by two hounds. They intend hunting in the neighborhood of Wabigoon.

Messrs. Neil Gray, town, Henry Jackson, Ops, D. Edgcock and Albert Porter, of Meaford, are another party who have left for the north hunting grounds.

A party of Indians from Airderville, near Peterboro, will leave to-day to hunt near Coe Hill.

Following in the party, E. Comery, John Sunday, Allen Tobique, Wm. Smoke and Zack Smoke.

Mr. W. H. Simpson was unable to accompany his old hunting companion, Charlie Reeves, to the bush this season on account of ill health.

Mr. Frank Bushnell and John Dickson

are of the party and are camped at Long Lake.

Mr. John Glenn, a railroader, has taken out a license.

Alderman Geo. Rea, T. E. Laird, Omicome, and Mr. John Ferguson and son, of Embay, have all left for the northern district and no doubt will bring back their full number.

Messrs. J. E. A. Fitzgerald and J. D. Collins, Peterboro, who were with the Perry Sound Hunt Club last year, will hunt with a Port Perry party this year. Their headquarters will be at Kearney, in the Muskoka district.

The Birch party arrived in town this morning from Deba and are on their way to Haliburton. They will hunt in the vicinity of Crooked Lake. This party is headed by a veteran

**THE LORDLY BUCK**  
That Every Hunter Hopes to Kill.

sportsman, Mr. W. J. Birch, Inspector of Fisheries for Leeds County, and comrade Messrs. Geo. Mattice, Lev. Hill, Ed. Wood and they will be joined in a couple of days by Dr. Crech and Mr. James Sanction, also of Delta. They take back with them five hounds.

Mr. Birch has been back at Haliburton for the last couple of seasons and it was in his boat last year that the late Chief of Police Bond, of Port Hope, met his death. The body of Mr. Bond has not yet been found.

The Burnham party, of Port Hope, have been back at Crooked Lake, Haliburton, for the past week or more trout fishing. They are having a lodge back there and are having a typical sporting outing.

The well-known Eagle Lake party, of Peterboro, of which Mr. Geo. Fitzgerald is a member, have left for their lodge at Eagle Lake.

Messrs. John Steele and Wm. Long, of Toronto, passed through town to Peterboro, where they joined the Buckhorn party, which left for their camp on Stony Creek yesterday.

Other members of the party are Thos. Eastwood, J. Eastwood and H. Burdette, of Peterboro, of which Messrs. Wm. Snowden, H. Snowden, Arthur Blad, Fred Stanton, M. C. Tooley, Chas. Francis and J. Stanton, are members, are to locate at Gold and Eagle Lakes.

Messrs. Geo. Bell, A. He and W. Nobles, of Cobourg, went north this morning and will hunt in Wilberforce vicinity.

**INTERESTING FARM NOTES**

**THE O. A. C. COURSE.**

The Post has just received the annual circular of the Ontario Agricultural College which, through its well illustrated pages, gives a good idea of the work being done by that institution. The first course of the college for 1907 commenced January 2nd, and lasts till March 22nd, during which time butter and cheese making and farm dairying for men and women will be carefully followed. Besides the practical work, lectures on the different subjects and work in the laboratory will constitute an important feature of the course. The passing standard is similar to that prevailing in all Ontario schools, 75 per cent. for a pass, 80 per cent. for second class honors, and 75 per cent. for first class honors. Board and lodging is obtainable in Guelph, which is not more than 1-1/2 miles from the farm or near the school at \$3 to \$3.50 per week. The students will be expected to provide themselves with suits suitable to work in which will always look clean. The men wear a dark coat and apron with blue overalls, and the women large white apron over the dress, and white caps. Should a pupil so desire or find it more convenient it is possible to take the same course during the summer and thereby study the art of butter and cheese making under different conditions.

This course begins May 1st, and lasts till Sept. 30th. The stock and seed judging course, also included in the curriculum, constitutes no small part of a farmer's education. This course lasts for two weeks and begins on the 8th of January. Another valuable course is cattle judging. For this purpose the college is equipped with a fifty foot ring with seating capacity of 300 persons, and not only are the animals of the institution used, but the herds of the leading Ontario breeders are drawn upon for the purpose so that the students are given every opportunity to become familiar with the best breeds of live stock. The art of slaughtering is also taken up by the students as one of the most important features in the college course. Poultry raising in this country is becoming daily of more and more importance, and in the country's exports the product of the coop stands well up on the list. The authorities realize this and have provided accordingly. There are no less than twenty different varieties of fowl, eight styles of poultry houses, together with incubator rooms, brooder, fancy fashioning coops, and everything which tends to the successful raising of fowl. This course, commencing as it does on the 8th of January, gives many who otherwise would be unable to attend owing to stress of work an opportunity of studying more closely and intelligently a branch of the farm work which only a few years ago was little considered. The courses are free to residents of Ontario, and a fee of \$5.00 is charged to non-residents.

**TEACHERS' SALARIES.**

**New Regulation Presses on Some School Sections.**

"The Whitney Government will find that they have got into the biggest hornets' nest they have ever struck," said a prominent Liberal and a member of the Ontario Legislature to the outcry raised in some parts of the country against the Education Bill of the last session. The people of Frontenac county have just registered a pretty distinct complaint, and they will be followed by trustees and farmers all over the country," he added. Why, I know of one section which happens to have a pretty good assessment, but only an average of seven pupils to attend their school. They are still compelled to pay a salary of \$500 to the teacher. Every year and snap don't you think?"—Exchange.

Similar cases to the above are cropping up at many points, while in many other districts another drawback is met with. In a north county school, not far from Victoria Road, the trustees in the past have been paying their teachers \$250, \$275 and \$300 per annum, but by the new act their assessment will oblige them to pay a salary of \$350 to the teacher. Of course there are many farmers who readily agree that this is not too much to pay a thoroughly competent teacher, but for one perhaps not fully qualified to teach, it seems high, and even for some who are full fledged, as in many cases a non-certificated teacher is often more successful than a full fledged one. When Inspector Stevens visited the school to-day he expressed his opinion that from being satisfied with the new regulations.

**Wedding Bells**

A quiet wedding was solemnized at St. Mary's church on Oct. 22nd by the Rev. Archbishop Casey, when Mr. Charles Gilbert was united in marriage with Miss Florence A. Walsh. The bride looked lovely in a suit of blue ladies' cloth and a pretty picture hat. Miss Nettie Walsh, sister of the bride, acted as bridesmaid and was attired in a suit of green and left in a motor. The groom was assisted by Mr. Wilfrid O'Brien. After the ceremony the bride and groom drove to the home of the bride's mother, where a dainty dinner was awaiting them. Only near relatives of the bride's party were present. The girls to the popular young bride were numerous and beautiful.

**Dear Mother**

Your little ones are a constant care in Fall and Winter weather. They will catch cold. Do you know about Shiloh's Consumption Cure, the Lung Tonic, and what it has done for so many? It is said to be the only reliable remedy for all diseases of the six passages in children. It is absolutely harmless and pleasant to take. It is guaranteed to cure or your money is returned. The price is 25c. per bottle, and all dealers in medicine sell.

This remedy should be in every household.

**HONESTY**

We're pointing away at the one fact—that our Clothing is honest through and through, with no skimping in quality, and no question as to style.

That's the sum total of all our advertising. Honest Clothing within your reach.

Suits \$8 to \$25

O'coats \$8 to \$25

Are you a stranger to our Men's Furnishing Department? If you are, get the habit of dropping in and get a line on our superb collection of men's fixings. Special this week, the new Wine Shades in Ties at 50c each, try one.

**Dundas & Flavelles Limited**  
Clothing and Furnishing Dept.

Address: CIRCULATION DEPT., THE HOME JOURNAL, TORONTO, CANADA.

**LINDSAY BRANCH PAID WELL.**

Ontario Bank Shareholder Regrets the Bank of Montreal Deal.  
Toronto, Oct. 27.—Mr. Cephas Gool one of the shareholders of the Ontario Bank, is taking steps to bring about a meeting of those who, like himself, are directly interested in the disposition of the bank's stock and assets.

"I would like to obtain a list of the bank's shareholders," said Mr. Gool this morning, "for they have never been consulted directly in this matter. I have interviewed several of them and we have come to the conclusion that it is time for us to assert ourselves. A prominent banker in this city approached me with the statement that he would pay \$200,000 for the bank's assets. I'm positive that if the shareholders had been consulted in this matter, the bank would not be in its present condition. I, for one, would have been willing to double my stock in the emergency. The bank has the best branch system of any in Canada, and the Peterboro, Lindsay, and other similar agencies do sufficient business to make up the alleged loss in time."

**Lindsay's New Foundry.**

Work on the Madison Williams foundry building is now approaching completion, and their appearance commands the admiration of all visitors. The huge travelling crane, running on tracks with a spread of 47 ft. 7 inches, was erected in the big foundry building Saturday by experts sent by the manufacturers, the General Pneumatic Tool Co., Montreal, Falls, N. Y. The great crane, which has a lifting capacity of 8 tons, is operated by electricity, three motors of 6.4 amp/2 h.p. capacity being required to govern the several movements—one for lifting, one for longitudinal and the third for transverse shifts. The first car-load on two of machinery from the Port Perry plant will arrive early next week.

**Alsike, Red Clover, Timothy**

Highest market price paid for the above every day in the year. Seed cleaned for farmers free of charge over our power mills at Mariposa, Cresswell, Blackwater, Sunderland and Sutton. Will be glad to quote price on any sample submitted.

always in stock  
Large Stock best Hard Coal, also Steam Coal for Threshing.  
Salt in Barrels \$1.50.

**HOGG & LITTLE, Ltd.**  
Mariposa Station.

**Alsike Growers' Notice.**

Owing to very dull and unsatisfactory state of Foreign Alsike market, I regret am compelled to withdraw all bids to farmers in Victoria County or elsewhere, not already accepted, and cannot renew same except at 60c per bushel less, that is for seed for which I bid.

\$6.75 I will to-day pay \$6.25  
\$6.50 " " " " \$6.00

**What to Wear at Church.**

The bishop of Dorking, recently referred to the desirability of choosing suitable attire for church-going. While decent raiment in one sense "our best clothes"—was right and proper, very smart clothes of the sort that attracted attention were less fitting, not only because they were somewhat out of place when we came before God as sinners, but also because they helped to keep away those who had no fine clothes to come in. That church was somewhat where the splendor of worship was matched with the sobriety and humility of the worshippers.

**A PROSPEROUS INDUSTRY**

**KENNEDY & DAVIS MILLING CO. ENLARGING THEIR PREMISES.**

**Dressed Stock for House Interiors, Mouldings, Barrels, etc.**

Evening Post of Oct. 30.  
Walks the lumber mills, the Kennedy & Davis Milling Co. keep a full gang of men at work both summer and winter. The year round they employ about forty-one men, including those who work at their saw-mill factory. This year the firm have experienced a large increase of business in all lines, and this growth has necessitated the building of a large addition to their factory—a two-story building 20 x 30 feet in size, which will be used for general factory work.

For some seasons past the Kennedy & Davis Co. have been supplying Mr. Sam Parkin with (but) material. This year Mr. Parkin has doubled his order, the Company turning out in all about 2,000,000 feet of dressed stock for house furnishings and box crating for Mr. Parkin, who is working up a splendid business with country, and city people.

Two large saw loads of lumber arrived yesterday from the firm's sawmill at Noger's Creek. The firm are turning out about half a million feet of mouldings this year for different Toronto firms.

When questioned about the shingle trade, Foreman Burton said "this has been an exceptionally fine year for shingles. We're almost cleaned out, and can sell as fast as we pack the bunches. We had no camps last year, and just the other day we put in our yards 300,000 feet of hemlock, which we purchased from the Roper & Kitchener firm, but this year we will probably send two shingle loads to the woods."

"Our cooage factory has also done an increased business on account of the large trade done in apple packing. Although the general apple crop has been reported as

**poor, the district around Lindsay doesn't seem to have been affected. If we didn't happen to have a stock of flour barrels on hand, we wouldn't have been able to keep up with the orders at all."**

"Are we busy?" and Mr. Burton commented counting up the day's orders for wood from the citizens, who are getting in their winter supply. The list totalled up about thirty good fat orders. "At present," he continued, "we can't get our orders out fast enough. Our buying out Mr. Brummwell's lumber has given us an increased trade and made us busier."

"What kind of a winter do you think we will have?" asked Joe. "Yes, I suppose you are wishing for a cold one?"

"Yes," replied Mr. Burton, "we expect to do a large share of the wood trade."

**THE LITERARY SOCIETY ELECTIONS**

**Athenians Were Successful in Carrying a Majority of the Offices.**

All day yesterday, the students of the L. C. I. were in a state of suppressed excitement, which suddenly burst forth towards evening, when the results of the Literary Society elections were made known in all the Athenians' madrine candidates elected to office and the Spartans six. The officers for 1907 are:

President—Nelson C. Hart, Athenian.  
1st. Vice-President—Miss A. W. Bryne (A.)  
2nd. Vice President—Charles Mitchell (A.)  
Sec. Secretary—A. L. Phelps. (A.)  
Cor. Secretary—Miss H. Workman (Spartan) and Miss F. Jackson (A.)  
Wardens—D. Entwice (S.)  
Caretakers—W. Carey (A.) and J. Bishop (S.)  
Master of Rolls—W. Spence (S.)  
Councilors—Miss J. Flaville (S.) Miss A. Carew (S.), Miss N. Touchburn (A.) Mr. K. Touchburn (A.) Mr. J. Spritt (A.)

The victorious Athenians shouldered their honored President, carried him down town, made him bow and acknowledge their cheers and address the crowd, after which he was carried triumphantly back to the school.

**HUNTERS OFF TO THE WILDS.**

**Several Lindsay Parties Left Town Monday for Points in Haliburton Co.**

Evening Post of Oct. 29.  
The deer hunting season opens on Thursday next, and parties are now leaving town to spend two weeks in the woods. According to reports from the north country deer are plentiful and even the inexperienced members of the parties going in are confident of getting their legal complement.

The Lindsay, Kenesa Lake party left for their camp in Havelock township on the 240 Haliburton train. The members are: Messrs. A. B. Terry, W. Jinks, Geo. Goodwin, J. Wellington, Batoche Terry, W. J. Moore, Lindsay; C. H. Dando, C. Goodwin, Galt; N. E. Frazier, Welcome; B. F. Peters, Canon; C. H. Moise. Port Hope, J. Troupe, Cobourg. Party will arrive in Haliburton village to the foot of Redstone Lake, a five hours' trip, where they will unload into eight boats for a day's paddle up the beautiful lake; then comes a three-quarter mile portage over the Boyd farm into Kenesa Lake, after which a three mile paddle will land the party at one of the most beautiful hunting grounds in the north country.

The opening of the hunting season would seem a tame incident indeed if it did not find Messrs. Donzaid Sinclair and Johnston, Ellis preparing to take to the woods. For years they have led a party into the wilds, and seldom have they returned without securing two deer per man. To-day they left on their annual jaunt to the shores of Ding Lake, in Anson township, where they own a comfortable shooting lodge. The following keen sportsmen and crack shots accompanied them: John Dundas, town; E. H. Hopkins, Ops; Martin Lafferty, banker, and E. Ames, Toronto. Rev. S. J. Shorey, Oshawa, Geo. W. Henderson, Port Hope, and R. M. Erwin, Grafton, will join the party, in a few days.

**CASTORIA.**  
The Kind You Have Always Bought

Bears the Signature of Dr. J. C. Ayer.
