The most important position on the baseball field is that of the umpire. During the past two years the Lindsay League has been fortunate in having one steady and permanent official. Mr. Dick Butler has acted in over thirty-five games, thirty or more of which have been Town Town League games, in the past season. For his impartial and sucnessful services he was last night presented with a handsome pearl mounted fountain pen. He has always been courteous and deserved the acknowledgment.

A POLICE OFFICERS' EVIDENCE

Indigestion and Constipation Cured

Mr. Alexander Gordon, a retired Police Sergeant, of Merry-st., Motherwell, says:—"Up to two or three years ago I enjeyed excellent health. Then my bowels became disordered and I suffered most fearful pain. Indigestion also attacked me and eating became very unpleasant on account of the nauseous after-effects and bad taste in the mouth I also suffered from weakness and terrible pains in

I was very ill when Bileans were brought to my notice. I decided to give them a trial. Obtaining a supply, I was delighted to find that soon after commensing the course I obtained relief. I persevered, with the result that the constipation and back pains were overcome, and the indigestion disappeard. I am now as healthy as ever and can eat my food with relish."

Change of Season Ailments At this season of the year the body needs a toning

up to meet the demands that will be made upon it by the coming winter. Signs of this need are headache spells, a weakly "run down" feeling, biliousness, indigestion, etc. A short course of Bileans will have the effect of toning up and bracing up the whole system. Bileans for Biliousness Cure

taining mineral ingredients. The herbs of the field and the trees of the forest constitute nature's "medicine chest;" and the highest benefit which science can confer on man is the discovery of nature's medicinal balms and essences, and their preparation in form suitable for use by the people.

Bileans for Biliousness-the great Australian cure for indigestion, headache, debility, liver trouble, etc.—are purely vegetable. They are entirely different and superior to ordinary liver and stomach medicines. It is well known that liver medicines hitherto in use mostly contain bismuth, mercury, and other harmful mineral products, and rely upon these ingredients for

their temporary effects. These mineral constituents are very injurious if taken for long, and produce such effects as that of loosening the teeth, causing the hair to fall out, etc. Bileans are entirely superior. They are compounded from extracts and juices of the finest known medicinal plants. In taking them there is no fear whatever of any harmful secondary effects. They cure that which they are taken to cure, and do not leave behind them evils worse than the original ones. They do not merely purge and weaken, like the old-fashioned medicines, or do the work which the liver and stomach should do. They tone up and enable these organs to fulfil their proper functions, so that when a cure is effected and Bileans are left off, the organs remain strong and healthy. Users of Bileans need therefore never fear their use will lead to the contracting of the terrible "pill-taking" habit.

The Long Dark Nights

Human nature is cast in a complex mould, and it sometimes is difficult to get people to agree upon any one question of importance-save one.

When love of light is the subject at issue all divergent natures come together gladly and freely. No more intolerable injury could befall the race than a return to the farthing dips and other makeshifts with which our ancestors tried to dispel the gloom of long dark nights.

Fancy, if you can, the amazement of one of the good housewives of old if permitted to gaze upon the clear bright light shed by one of our Superior, Parlor, Dining Room or Hall Lamps-it would appear to her far more wonderful than anything she ever seen.
