

Canada Life Assurance Co.

Lindsay, April 19th, 1905.

Dear Sir,

It may be of interest to your Company to know that I am much pleased with the profits apportioned to my policies for the past five years. In connection with my business affairs I had occasion to approximate the profits for this quinquennial period, and in doing so I thought a bonus of \$700 would be very satisfactory. Shortly after making the above mentioned estimate I received the profit certificates, and now take much pleasure in saying the amount is quite up to my most sanguine expectation.

I must add that I particularly appreciate my insurance in the Canada Life, and now that the earning power is so largely augmented by the Company holding the new standard of Reserves, I have every confidence in the future of Canada's leading company.
