

# FEARFUL PAINS

### SUGGESTIONS HOW WOMEN MAY FIND RELIEF.

While no woman is entirely free from periodical suffering it does not seem to be the plan of nature that women should suffer so severely. This is a severe strain on a woman's vitality. When pain exists something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

Thousands of women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes women's special pains and irregularities.

It provides a safe and sure way of escape from distressing and dangerous weakness and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Matilda Richardson of 177 Wellington Street, Kingston, Ont., writes:

Dear Mrs. Pinkham—

"Some four years ago my usually good health began to fail. I had severe pains in my back, my head ached, I would have dizzy spells, and during my monthly periods I would suffer intensely. I was advised to try Lydia E. Pinkham's Vegetable Compound, and I am so glad that I did, for it brought new life and health to me. My monthly periods were natural and painless, and my general health improved. I have not had an ache or a pain since, and I feel it a duty as well as a pleasure to tell you what your medicine has done for me."

Mrs. Louise McKenzie, of Mount Carmel, Montreal, Canada, writes:

Dear Mrs. Pinkham—

"I had heard so much good about Lydia E. Pinkham's Vegetable Compound before I asked Mrs. Pinkham's Advice—A Woman Best Understands Woman's Ills."

## BOMB FOLLOWS MASS

### Attempt to Wreck Great Temple of Roman Catholicism.

### EXPLOSION IN THE BASILICA

Worshippers in Thousands in World's Most Famous Church, St. Peter's Cathedral, Rome, Were Thrown Into Panic by Explosion of Anarchist's Bomb—Immense Space Obviated Disaster.

Rome, Nov. 19.—A bomb was exploded in St. Peter's yesterday. The edifice was crowded and an indescribable scene of confusion followed. There were no fatalities.

Yesterday was the anniversary of the dedication of the basilica to St. Peter and it was beautifully decorated for the occasion. Holy relics were exposed, and a large number of the faithful attended the services.

The last mass had just been concluded when the explosion occurred, and only one canon, who had not quite finished, remained at the altar of St. Petronilla.

Tremendous Roar.

As the canon turned to bless the communicants, there was a tremendous roar, which echoed throughout the lofty arches of the immense dome like a thunder clap. At the same time a dense smoke spread throughout this portion of the basilica and a strong odor of gunpowder filled the air. Confusion and panic at once seized the people.

Chairs were overturned, making the confusion more serious. Men and women fled, stumbling in all directions, and the screams of children and cries of anguish were heard on all sides, and for a few moments it seemed as if nothing could obviate a grave disaster.

The vast size of the church, however, gave room for the crowd to scatter, and at the end of a few moments the people were surging toward the doors, excited and nervous, but orderly.

No One Hurt.

As soon as the smoke cleared away a hasty examination showed that nobody had been hurt in the crush, and, furthermore, that no one had been wounded by the explosion. Calm was gradually restored and people returned to view the extent of the damage.

It was discovered that the bomb had been placed under a scaffolding which had been erected to facilitate repairs to the roof exactly over the celebrated tomb of Clement XIII., by Canova.

The Pope was engaged in his regular noon hour devotions when the bomb went off. He heard a muffled sound, which surprised, but did not alarm him. Monsignor Micieli, sub prefect of the apostolic palaces, and Monsignor Biale, major domo of the Vatican, at once hurriedly entered the pontiff's chamber. They were so pale that the Pope immediately asked: "What has happened?"

"Do not be alarmed, Holy Father," was the answer. "A bomb has exploded in the basilica, but fortunately there are no deaths to deplore, and no one has been wounded."

The pontiff asked anxiously if the church had been injured. On being reassured he fell on his knees, saying he must implore mercy for the misguided perpetrator of the deed.

A three day service of praise will be celebrated in all the churches in expiation of this offence to religion.

Third Outrage.

This bomb explosion makes the third anarchist outrage in Italy in four days, the other two being the murder of Prof. Rossi in Naples Saturday, and the explosion of a bomb in front of the cafe Aragoni in this city on Nov. 14.

THEANO AND WINONA

Probable Loss of Two Fine Upper Lakes Steamers.

2,000 TONS OF STEEL RAILS

Wreckage Picked Up Causes Fears That Simla May Also Have Gone Down—Theano Sank at the Entrance of Thunder Bay—Winona Ran on a Shoal—Their Crews Got Off Safely.

St. Louis, Mo., Nov. 19.—The Algonquin Central steamer Theano with a cargo of 2,000 tons of steel rails for the Grand Trunk Pacific at Fort William was sunk three miles from Thunder Cape.

The boat struck a small island while trying to make the harbor Friday night, and being washed off by a heavy sea, sank in deep water. The crew succeeded in getting off in lifeboats, and reached Port Arthur in safety.

No Trace of Vessel.

Port Arthur, Nov. 19.—No trace of the steamer Theano could be found by a party who went out to the scene of the wreck yesterday morning on the Whalens. Only floating oil and bubbles coming to the surface of Lake Superior indicated the spot where the wreck had taken place. The steamer, with her cargo of rails, had gone to the bottom of the lake. At that point the water is 17 feet deep, and there is no likelihood of the boat being recovered.

Simla May Be a Wreck.

The tug Bowman, sent out to search for the crew, came across a large amount of wreckage, portions of which were painted green. As the steamer Simla was green striped it is believed that she was wrecked.

MacKay Boat Ashore.

Owen Sound, Nov. 19.—Word was received here yesterday afternoon that the new steel freight carrier, Winona, of the R. O. & A. B. MacKay line is ashore on Duck Island, south of Manitowish Island.

The Winona, which is off the dry dock only a few weeks, having met with a similar misfortune about six weeks ago, left Owen Sound on Friday evening at 5.30 o'clock, bound for Fort Williams with a cargo of cement. In a blinding snowstorm early Saturday morning, the Winona went ashore on one of the Duck Islands, about 190 miles from Owen Sound. The big steamer landed well up in shallow water.

Boat Badly Broken In.

After some time the boat pulled off by her own power, but the bow was found to be badly broken in and the compartment filled with water. In this condition the boat sought shelter, and in a small bay the bow of the boat was beached. With a change in the wind the steamer would be in a critical position.

Some of the crew reached the mainland and went to Providence Bay, 45 miles distant, where they notified the owners in Hamilton. The Winona is a new boat, having been brought out from the old country early in the summer. She is in charge of Capt. Dix.

The storm, which is raging on the lakes at the present time, is the worst of the year, and a number of vessels are in shelter here.

A telegram was received here yesterday by the wife of Capt. Pearson from the steamer Theano, ashore at Thunder Cape, Lake Superior, advising her of his safe arrival in Fort Williams.

## DEATH OF SENATOR VIDAL

### Was Prominent in Church Work in Simla For Years, and He Was An Active Prohibitionist.

Sarnia, Nov. 19.—Hon. Alexander Vidal, a member of the Canadian Senate since 1874, died at his home here yesterday afternoon. He had been failing during the past two months. The funeral will take place on Wednesday.

Hon. Alexander Vidal was born in Berkshire, England, Aug. 4, 1819, being the eldest surviving son of Captain R. E. Vidal, R.N. The Vidal family came originally from Spain, removing to England in the seventeenth century. He was educated at the Royal Mathematical School, Christ's Hospital, London, accompanied his father to Canada in 1834, settling in Sarnia, Ont., the following year. Married, December, 1847, Catherine, eldest daughter of Captain W. E. Wright, R.N., of Moore, Lambton County. He practiced the profession of civil engineering from 1845 to 1852, then manager of the Sarnia branch of the Bank of Upper Canada from 1852 till the failure of that institution in 1856. He held the same position in the service of the Bank of Montreal from that time until 1875, when he resigned.

His Political Career.

At the first general election following Confederation in 1867, he was an unsuccessful candidate against the Hon. Alex. Mackenzie for the House of Commons; again in 1872 he was defeated. He represented the St. Clair division in the legislative council from September, 1883, until the union. He became a senator at the call of Sir John A. Macdonald, Jan. 15, 1875. He was a man who took a general interest in the affairs of his community. He had been lieutenant-colonel in the Canadian militia, county treasury of Lambton, president of the Y.M.C.A. at Sarnia in 1878. The temperance cause was his great deal of his energies in late years, and he was a central figure in the Dominion alliance for the total suppression of the liquor traffic, of which organization he was a past president. Senator Vidal was a member of the Church of England, Sir John A. Macdonald, the Presbyterian Church, and has represented the Sarnia Church in the general assembly.

He is survived by four sons and two daughters.

GRAND TRUNK WRECK.

Four People Injured, Two Seriously, In Derailment At Georgetown.

Toronto, Nov. 19.—Four people were injured, two of them seriously—four cars were derailed and the front of one locomotive was considerably smashed up in a wreck on the Grand Trunk at Georgetown at 2 o'clock Saturday morning. The damage is estimated at between three and four thousand dollars.

Conductor John Armstrong, Allan Dale, and brakeman H. Scheever, of Alameda, No. 83, were seriously injured and taken to the Guelph Hospital. Brakeman Fred Peters, Stratford, and Fireman B. Muirhead, Stratford, received slight cuts and bruises.

Brakeman Killed Near Meaford.

Meaford, Nov. 19.—Frank Coleman, a brakeman on a Grand Trunk freight train, was instantly killed by striking his head on an overhead railroad bridge on the old line of the Grand Trunk here about 8 o'clock Saturday morning. Deceased was about 54 years of age and an Englishman, his only relative in this country being an uncle living in Bracebridge.

WILL MAKE FULL ANSWER.

Standard Oil Co. Issues Reassuring Statement to Stockholders.

New York, Nov. 19.—Directors of the Standard Oil Co. decided to issue to stockholders yesterday, along with the dividend notices, a brief statement setting forth that the management firmly believes it has acted honestly and legally and reassuring stockholders that in the opinion of the board, there is no cause for alarm.

The whole matter having now been taken before a legal tribunal, the Standard Oil Co. has no reply at this time to make to the charges, and it is intended to do anything that could be construed as discourteous to the administration.

The company's full answer, it is said, will be made at the proper time and place.

Prisoner Jumps From Train.

North Bay, Nov. 19.—Donald Ford, arrested on bigamy, whilst being conveyed from Montreal to Brandon, in the custody of Constable Brownlee of the Manitoba police, regained his liberty by jumping from C.P.R. train No. 1 Saturday night, just after leaving North Bay.

Ontario Bank Commission.

Toronto, Nov. 19.—The commission to go to New York in connection with the Ontario Bank enquiry will consist of Crown Attorney Corley, Frank Arnold, K.C., and Robert McKay, counsel for McGill. They leave in ten days to examine the accounts.

All the Connaughts Coming.

London, Nov. 19.—(C. A. P.)—The Canadian Associated Press understands the Duchess of Connaught and Princess Patricia will accompany the duke to Canada who goes as prince of the blood royal on tour.

Boer Raiders Captured.

Cape Town, Nov. 19.—Ferreira, the leader of the Boer raid on the German Southwest Africa, and all his followers were captured Saturday by colonial patrols.

"Life" Convicts Escape.

Cronstadt, Russia, Nov. 15.—Twenty-five sailors, who were sentenced to hard labor in the mines for life, after having been convicted of participation in the August mutiny, escaped Tuesday night, while awaiting deportation.

They were allowed to visit the baths under an escort of 15 soldiers, and overpowered and disarmed the guard, killing one man. Only one has been captured.

CHILD'S AWFUL SKIN RASH

Screamed with Pain—Suffering Nearly Broke Parents' Heart—Twelve Years of Misery—Doctor Called Case Incurable—Helped from First, and

SPEEDILY CURED BY CUTIGURA REMEDIES

"I wish to inform you that your wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot which I treated some with different remedies for about five years, but when the spot began to get larger I put him under the care of doctors. Under their treatment the disease spread to four different parts of his body. The longer the doctors treated him the worse it grew. During the day it would get rough and form like scales, and badly swollen with terrible burning and itching. When I think of his suffering, it nearly breaks my heart. His screams could be heard down stairs. The suffering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep.

"One doctor told me that my son's case was incurable and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticura and decided to give it a trial.

"I tell you that Cuticura Ointment is worth its weight in gold, and when I had used the first box of Ointment there was a great improvement, and by the time I had used the second set of Cuticura Soap, Ointment, and Resolvent my child was cured. He is now twelve years old, and his skin is as fine and smooth as silk. (Signed) Michael Steinman, 7 Spring Avenue, Brooklyn, N. Y., April 16, 1905."

Complete External and Internal Treatment for every form of Skin Disease, including Itch, Eczema, and Scabies. Cuticura is sold in form of Ointment, Soap, and Resolvent. It is sold in form of Cuticura Soap, Cuticura Ointment, and Resolvent. It is sold in form of Cuticura Soap, Cuticura Ointment, and Resolvent. It is sold in form of Cuticura Soap, Cuticura Ointment, and Resolvent.

Girlhood and Scott's Emulsion are linked together.

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

## HOPE IS ABANDONED

### Hamilton Street Car Strike Looks Like Long Fight.

### DISTURBANCE ON SUNDAY

Rotten Eggs and Stones Thrown at the Cars—Rail Placed Across Tracks, and Mob Chases Cars Into Barns—Forty Police Disperse Gathering—Another Request for Militia Refused by Mayor.

Hamilton, Nov. 19.—With the withdrawal of the Ontario railway and municipal board Saturday evening, all hope of settlement of the street car strike has been abandoned for the present.

The company yesterday notified Mayor Biggar that it would start its cars out at 8 o'clock Monday morning. The mayor told the company that it would do so at its own risk, as the police could not have a little rest and they would not be on duty again until 10 o'clock.

The company also made another demand for the calling out of the militia. The mayor again refused to do so. The company says that it will insist upon the soldiers being called out, and will probably apply to Judge Snider.

In spite of what the mayor told the company, the policemen said last night that they had been called out for 8 o'clock in the morning.

Although the cars were not molested much since last Monday, the disturbances were renewed yesterday, and the cars were chased into the barns. Near the corner of Locke and King streets a rail was placed across the tracks and spikes were thrown along the York street tracks.

The cars started out about 10 o'clock yesterday morning and ran until they were chased in at 4 o'clock yesterday afternoon. Rotten eggs and stones were thrown at a car near the corner of James and Main streets.

The strike-breakers and detectives, ten in number, armed with clubs, stopped the car, stepped off, and, with vile epithets, dared the crowd to come on. The detectives tried to catch those who had thrown the missiles, but the guilty ones were swallowed up in the crowd of about 2,000 that, quickly collected. The leader of the strike-breakers dashed up to the scene in a buggy and ordered his men to get back on the car and take it out of the crowd. The whole police reserve of forty men was called out to disperse the gathering.

Jack O'Connor, Harriet street, 19 years of age, was arrested on the charge of throwing a brick through a car window. The alleged offence was committed in front of the city hall.

### Switchman Fatally Hurt.

Brantford, Nov. 19.—Geo. Atkins, a switchman employed in the Grand Trunk yards, was seriously injured about 1 o'clock yesterday morning. He was signalling an incoming freight when the yard engine backed down on him, inflicting internal injuries. His recovery is thought to be doubtful.

### Massacred By Brigands.

Athens, Nov. 19.—It is reported here that a number of men, women and children have been massacred by brigands at Kostasos and Ramelli, and that a band killed fifteen Greeks in the neighborhood of Nicasuta, and carried their mutilated bodies into that town.
