#### GERALD BUCK WILL PLAY

A Rochester despatch to the Toronto Star says: Rochester is to apply to the Ontario Hockey Association for permission to enter a team in the intermediate series this winter under the name of the Wanderers. The Wanderers will be made up mostly of players who in recent years were on Canadian teams. Gerald Buck, who until this winter resided in Lindsay, Ont., will probably play goal. He has been at the game for a number of years, and last winter played goal for the Lindsay Midlet of Lindsay, Ont.

Bob Roberts, of Stratford, who has had hockey medals, has not returned to him by the finder.

Berlin will have all their last year's senior O. H. A. team, and also Goldie O'Rourke, who will captain them this season. Guelph and Galt are unknown quantities at present.

In opposition to the O. H. A. a professional league will likely be organized, consisting of Toronto, Berlin, Guelph and possibly Galt, and these games should furnish some excitement in the hockey world.

Toronto World: Judging from this distance, it looks as if Torontonians will have a chance to see better hockey furnished this winter than has been served up for some time. The amalgamation of the Marlboros and St. Georges should make a fairly strong senior team, while Ajax will no doubt again have a team in the senior series.

### TROTTING

Will Evans, the well known Kentucky horseman, who gave the early seasons in speed to Kentucky Todd, a 2:08 3/4, and many other noted performers, showed up a sensation at Lexington that passed

a quarter in 30 3/4 seconds. The youngster is by a trotting stallion, Jay McGregor, 2:07 1/2.

The filly Margot, Irvana, is in Toronto, after the Windsor races, and is still the property of the McKenzie estate. Her last time out she won the Perry Handicap from such good ones as Ketchemike and Goes Fast.

### FOOTBALL

**THE GRIDIRON HEROES**  
Brawny and long-haired and padded, Shields on chins, noses and ears. Proudly again they are posing. Winning the tribute of cheers.

Long-winded, strong-limbed and daring. Eager for athletic fame; They are the gridiron heroes. Greeted with public acclaim.

**BY THE WAYSIDE**  
When mother calls him in the morn, He stretches, yawns, looks so forlorn; You'd never think he'd bled and torn. In Football.

He couldn't chop the wood at night, The sight of coal gives him a fright, But you should see him show his might. In Football.

In class work he ranks twenty-third. Of Caesar, Rubicon, he's never heard. But all the profs. say he's a bird. In Football.

He's mighty 'tickler 'bout his foot, Can't eat his soup—says it's no good. But he can surely gulp down blood. In Football.

In later years he'll wonder why The world's good things all come so high, And wish he hadn't been so sly. In Football.

### BASEBALL

"Silk" O'Loughlin was asked at his home in Rochester recently about the rumor that he was to succeed Ned Hanlon as manager of the Reds. He laughed at the Cincinnati report and said: "I am an umpire; no managerial jobs for me." Evidently Silk thinks umpiring's a snap.

Toronto Telegram: Is it not just about time papers put a stop to this Longboat-Shrubb discussion, which is

becoming positively nauseating? All the king's horses and all the king's men, we have a hazy suspicion, will not bring them together, at least till after the world's championships in London. Longboat says nothing, but the Englishman is still talking when the last form goes to press.

### CURLING

The local curlers are making elaborate preparations for a good season of the "roarin' game," says the Fenelon Falls Star. Among the competitions are the McFadden and McDiarmid Cup, between Lindsay and Fenelon Falls; the Bobcaygeon and Staunton Cup, between Bobcaygeon and Fenelon Falls; and the District Cup competition at Lindsay.

### RUNNING

**BURNS IN DANGER**  
A story comes from New Westminster, B. C., to the effect that Art Burn, of Calgary, champion runner of the West, may be forced into the ranks of professionals in connection with a race in that city, a couple of weeks ago. The event was for \$250 expense money, and a cup offered by the Exhibition people. It is alleged that Burns and his manager made strenuous efforts to secure money instead of the cup, and if proven, this will bar Burns from meeting Longboat next month in Toronto.

### SHRUBB HAD TO QUIT.

The 15 mile race between Shrubb, the English champion, and Marsh, the Manitoba crack, at Winnipeg Friday night, had an unfortunate ending, Marsh getting the decision owing to the English runner's ankle giving out in the thirteenth mile. Shrubb was going like the wind, but at the time; he exceeded two minutes to Marsh, but overtook him in the seventh mile, and was a lag to the good when forced to quit. He established new Canadian records, doing five miles in 24.45, and two miles in 51.18, a minute under the record.

### SHRUBB, THE ENGLISHMAN

"He's a hot air artist!" is what everybody says of him, "a tantalizer and a braggart." But, just the same, Shrubb can run. Put yourself in the little Englishman's shoes for an instant, and you would say and write the same things he does. He is alone in a strange country, with no crowds of cheering supporters or "Longboat worshippers," but his inveterate "cockiness" carries him through, despite the jeers and sarcastic comments of unfriendly ones.

Shrubb has made up his mind that he can beat Longboat. Perhaps he can, maybe he cannot, but he won't be satisfied until he has run a race with the Indian. Meanwhile, the title of "World's Champion," which many have given to Longboat, does not suit Shrubb's fancy. Thus all the challenges.

John Swanberg, a Swede, who finished second in the five-mile and the Marathon race at Athens, is said to be doing wonderful running. In a match with John Duncan, the four-mile champion of England, Swanberg ran five miles in 24 minutes and 47 3/5 seconds, beating Duncan by nearly an eighth of a mile.

### HOCKEY.

#### A TOWN HOCKEY LEAGUE

Town League hockey was neglected to some extent last year because of the superior attraction of the Michigan League. This year, however, a solid four-team league should boom. With the C. L. S., the present holders of the Cup, the Y. M. C. A., the Bankers, and another team to complete the quartette, a splendid league could be formed. The hockey season is drawing near, and it's about time to "think it over."

#### THE GAME IN ALBERTA.

Fred Whitcroft, the noted hockeyist, who is to be playing manager of the Edmonton professional hockey team this winter, has arrived at Edmonton from Peterboro, Ont., his old home. It is expected, also, that Jack Winchester, the former Pittsburgh player, and a member of Lindsay's first team for a term about three years ago, will be goal-tender for the new team.

The announcement that there is to be a professional hockey league in Alberta this winter is incorrect. Edmonton, Strathcona, Calgary, and one or two other places will have professional teams, but the organization of a professional league has not even been contemplated.

Port Williams has secured for next winter's hockey team Turner and Bremer, formerly of the Canadian Soo and Lightfoot, of Stratford. Harold McNamara, of the Michigan Soo, professional league and his brother, George, of the Canadian Soo, professionals, will also play on the Port Williams team. Frank Clifton, who has played at the Canadian Soo and Stratford, will play in Port Arthur, while Jack Ward, formerly with the Michigan Soo in the International, will be in New Ontario.

#### ODDS AND ENDS OF SPORT.

"Chuck" Tyler, the Marlboro goal tender is around again after three weeks in the General Hospital.

Joe Page is in favor of abolishing the base on balls in baseball, or in other words, terming such a hit.

There isn't as much wreckage left in the wake of an important football game as there used to be. Owing to faculty restrictions, parental objections, or police regulations—we can't tell which—the carnival spirit which used to last far into the night seems to be, or to have been, snubbed—ac-

tive or passive, as you choose to take it.

Ben Howard, the Hiawatha Indian, has given up the running game in disgust.

Berber Reynolds seems to be coming in for all the fame and glory of his namesake, Joshua.

Peterboro may enter a team in the Junior O. R. F. U. this season. Material is plentiful there.

Phillippe, the Pittsburgh National pitcher, and Kilian the Detroit Tiger have recently been married.

The Montreal Victorias expect to have a strong team this winter, with Russell Bowie again at rover.

The Ottawa Citizen commends strongly in support of the C. A. A. U. as the bulwark of right sports.

Tom Eek, the veteran trainer, who has handled so many successful athletes, says that Bobby Kerr and Tom Longboat are world beaters.

Shamrocks won't take their trip to Ireland till spring. Naturally they wanted to make the long journey when all the world is green.

The Hamilton Herald race is nineteen miles, 168 yards, and the record made by Mellor, of Tonkers, N. Y., is 1:48.43. Longboat ran it in 1:49.23 last year.

The Montreal rugby team, who were in a railway wreck a week ago Saturday on their way to Hamilton, met the same fate Saturday night returning to Ottawa.

The Hamilton lacrosse team, which originated last spring, have a deficit of \$400. The supporting company, however, think the experience received was worth the sum.

The walking fever is in our midst. This afternoon five young ladies of Berlin and Waterloo left Berlin at 12 o'clock and walked to Galt. They made record time.—Galt Reformer.

Physical Director Ashley, of the W. E. Y.M.C.A. is trying to bring about the sending of a team of leading Canadian athletes to compete in the Olympic games in England next year.

The railway companies look with disfavor, it is said, on the new long distance walking fad. Everybody will be walking 20, 30, or even 50 mile stretches, instead of taking the trains.

Rochester is talking of organizing a hockey club, building a covered rink, and joining the O. H. A. The Flour City sports have lots of confidence in their ability, if that counts for anything.

The New York Yacht Club has refused a challenge for the American Cup, issued by the Royal Swedish Yacht Club, of Stockholm, Sweden. Let them keep the old thing anyway, Dutch!

He who plays and gets away. May live to play another day. But he who gets his frame caved in. His face mashed flat and all his skin scraped off will never again be gay. —Indianapolis News.

No doubt the Swedes who are talking of capturing the American Cup are moved by the spirit of their forefathers, who used to come over in the Viking's special and take prizes and plate as freely as they wished.

Few long runs have been made in the interprovincial rugby union so far. The best was made by Babe Reynolds in the opening game at Montreal. Hammy Gordon also worked in a spectacular dash in the Tiger-Montreal game at Hamilton.

The most valuable stake of the trotting turf in Austria, the Graf Kalmen Hunyady Prize, worth 500,000 kr., about \$12,000, was won this year by Countess Caid, a daughter of Caid, 2:07 1/4—Sonnet Stranger, by Stranger. The mare trotted the course, a little over 2 miles, in 4:49 1/5.

Now it's the women who have the walking craze. A female Jimmy Royce walked from Sunnyside to Port Credit and returned Sunday, a total distance of 20 miles, in 5 1/2 hours, and now the young woman—she sign herself Miss "Walker"—writes The Toronto Star suggesting a 20-mile walking race for ladies.

The members of the world's champion Cub team have decided on the styl of emblem they desire to commemorate their great victory. It is to be in the shape of a watch chain, and will follow, to some extent, the charm given them when they won the championship of Chicago two years ago. In the side of the charm will have a raised surface representing one-half of a baseball. On this will be carved the head of a cub.

A. D. Mallon, of well known local fame, is going to start long-distance walking. He stated this fact yesterday afternoon. At the market square, and declares he's as good a man as Jimmie Reynolds. Wm. Galbraith, who was present, has also caught the walking fever and declares he can do the distance of 69 odd miles from Lindsay to Toronto in 24 hours. Further particulars.

Anderson Love, of St. Cloud, Minn., has just accomplished the feat of walking 1,500 miles from Sunderville, Ohio, to Fargo, N. Dak. His average pace was 25 miles per day.

The I. C. A. C. wired the Montreal Herald withdrawing the entry of Longboat, Sellen, and the rest of the string from the Herald road race because it lacks C. A. A. U. sanction.

Montreal Herald: The famous trial of Chaucer Elliott has been decided upon by the Supreme Court. He said that the Ottawa team was a bunch of dubs. The stated charge against him is "lese majestie."

Regardless of the opposition, racing in Canada made general progress during the season just closed. The days increased from 114 to 140, and the total money distributed from \$313,850 in 1906 to \$429,785.

In discussing the prospects for a City League the Peterboro Examiner says: It is likely that several outside teams in addition to Lakefield will be included this season, and a cordial invitation is extended to the teams in Omeame, Bridgenorth, Keene and other villages in the neighborhood to become members of the league.

Santos Dumont's first experiment with his sliding bow for motor-coats, by means of which he hopes to win a hat of \$10,000 by accomplishing 60 miles per hour, has ended in failure. Owing to the clumsiness of the barge that accompanied the trial trip of the new hydroplane, the inventor was upset into the water, and experiments for the time being stopped.

Curious suggestions have reached the British Olympic Association from all parts of the world. One enthusiastic angler wanted to arrange a boat-casting competition. It is too early as yet to tell what country will be the most strongly represented, but America, Germany and Belgium are likely to head the list. Sweden is making inquiries for the accommodation of seventy competitors, and it may surprise many to hear that the Argentine Republic will

be very strongly represented, especially in polo.

The Canadian Amateur Athletic Union will take charge of the Canadian Olympic team.

Mr. J. E. Seagram, the Waterloo horseman, won \$25,350 in purses at the New York tracks this season. He was 28th on the list. J. R. Keene headed the list with \$382,577.

Waddell was taken off the slab of tender than any other pitcher. 18 banishments in all. Fruit, of Boston, was the great rescuer of the league, going in 18 times when other pitchers were getting theirs.

Washington Herald: The cartwheels tell the knell of parting day; the grouchy herd winds slowly over the sea. They failed to guess, as sporting people say, which was the shell that hid the little pea.

Two hundred and fifty-two entries have been received for the Montreal Herald's Round-the-Mountain road race on Thanksgiving Day, which will be next Thursday. This is the biggest event in the country.

The U. S. Geological Survey computed the air-line flight from St. Louis of the German balloon Pommern, which landed at Asbury Park, as 873.4 miles, and of the French balloon Isle de France, which landed at Herbertsville, N. J., as 867.4 miles.

St. Thomas Lipton is a really philosophical salt. Disappointed in having the New York Yacht Club reject his fourth American Cup challenge, the English baronet has placed an offer with Pile for a large cutter which he will race the coming year in English waters.

The wildest pitcher in the American League seems to have been Billy Hogg, who had 4.21 bases on balls per game, and the sturdiest was Jimmie White, who gave only 1.08 per straggle. As usual, Waddell had everybody beaten a block in strikeouts, with 7.06 to the game.

Mr. Fred Coombs, of Bradford, a member of the American Amateur Athletic Union, arrived home Saturday. He denies the stories of his being injured, and says the Canadian were requested A. 1. and that Manager Miller was invited to return to the United States with another team in 1910.

Young Johnson, the kid pitcher discovered by Mr. Cantillon, was the most effective pitcher in the American League this season, so far as stopping the runners was concerned. The boy allowed only 33 runs in 14 games, at 2.86 tallies per inning, and only 25 hits less than seven per game were made off his delivery.
