

J. SUTCLIFFE & SONS

Keeping the Cold on the Outside...

Is an absolute necessity at this time of year. It calls for a larger expenditure than almost any other season. Heavier clothing, warm underwear—are all really necessary. Now that you can provide these and yet not go to so great an outlay is always a problem, and everyone likes to get the best outfit possible as reasonable as possible. Here are a few items that will help you save money—more savings are at our store.

School Dress Goods

For school wear these are extra good for being made of a hard, double twist thread. The colorings are green, brown, navy and black, all have small white speck effect and some have indistinct checks as well, all 40 inches wide and special 50c

Ladies' Hose, 3 pr. for \$1

A traveller's samples of ladies' Cashmere Hose, in tans and black, sizes 8 to 10, assorted quantities and up to 500 a pair. Now 3 pair for \$1, or single pair 35c

School Stockings, 19c

Heavy ribbed black worsted stockings, fine heels and soles, sizes 4 to 8 inch. Reg. 25c to 35c, your choice 19c

Towels at 2 for 25c

A large variety of good Towels in this lot and all good buying. White Bath Towels, dark colored Huck Towels, fringed end and fancy stripe border Huck Towels, sizes from 16 1/2 inches to 18 1/2 inches. Your choice two for 25c

Lace Curtains, \$1

A very large range of Lace Curtains in new patterns and extra good weaves, 50 and 60 inch widths, Colport overcast edges, some finished tops, others plain. Your choice of the lot at per pair \$1

Wool Blankets, \$2.75

English white Wool Blankets, good heavy weight and good sizes, all ends overcast. Special per pair 2.75

Union Carpets, 40c yd.

300 yards of extra heavy union carpets, 36 inches wide, reversible patterns, all new designs and in all leading colors. Extra good value and special 40c at per yard

Floor Coverings

Now is a good time to buy your winter floor coverings for the rooms that will be in constant use and a good oil cloth or linoleum will not only give you great wear but it will save a lot of work and cleaning. Even a square of either would be a great protection to your carpets if used around the heater or where the most wear would come. Better consider this and give us your order early while assortments are complete.

AT OUR HERE

This Coupon is Worth 10c

ON ANY PURCHASE OF FIFTY CENTS OR OVER.

This coupon is good for ten cents on any purchase of fifty cents or over, in any section of our store. When buying present this coupon to the salesperson who serves you.

Only one coupon used; valid for one person on one purchase.

SOAP FACTS

Harsh, impure soaps are undoubtedly the direct cause of many skin diseases, and such soaps should be avoided no matter how exquisitely perfumed they may be. Make sure of pure soaps by selecting from our splendid assortment. We protect our customers against the use of unworthy soaps by having only those which we know are pure.

LINDSAY, FRIDAY, NOVEMBER 2

EDITORIAL NOTES.

At Winnipeg Mr. Borden squarely assumed all responsibility for Foster and Fowler and defended their course.

Way back in the year 1844 Joseph Slocum and Ezekiel Oliphant went into the salt business in Syracuse, New York. They did not prosper, and finally the business broke up, leaving Slocum indebted to Oliphant in the sum of \$2000. Oliphant went west and settled in Dubuque. Slocum stayed in Syracuse, and his eldest daughter became the second wife of Russell Sage. Recently the Oliphant heirs, knowing the old debt, wrote to Mrs. Sage, told her of their reduced circumstances, and asked her if she could not assist them. Mrs. Sage looked up the matter, found that the story was true, and ordered the debt paid with ac-

MADISON WILLIAMS COY ASSESSMENT

Directors Appeal to Council and Object to Paying School Tax on a Valuation of \$40,000—Other Matters Dealt With at Last Tuesday Night's Meeting of Our City Fathers.

Evening Post of Nov. 3

AN ASSESSMENT BUNGLE.
Messrs. Matt. Williams, Wm. Flavelle, John Carow and A. L. Campbell appeared before Council last evening in connection with the assessment of \$40,000 placed on the Williams Foundry for school purposes. They contended that the understanding between the Board of Trade and Council, upon which Mr. Williams was induced to remove his business to Lindsay, was that the assessment would remain for ten years at the amount previously entered up against Mr. Dovey, the original owner of the property.

Our city fathers met in regular monthly session last evening. Mayor Vrooman, Reeve Begg, Dep. Reeve Jordan, and Aldermen McGeough, Weidon, Devitt, McLean and Wm. Jordan being present.

SUNDAY MATTERS.

Mr. John Dennis, pump maker, was heard. He claimed the Sylvester Mfg Co should pay a business tax on their pump department, it being maintained in opposition to his (Dennis) business of a like nature. The matter was sent to the Finance committee.

Mr. J. M. Chalmers asked that a quantity of surplus He ordered for sewers built by him be taken over by the Council and stored. This will be done, at a saving of \$30.40 to the positioner.

Ald. Devitt was heard relative to judged water on St. George-st., east ward, and Reeve Begg, acting chairman of Board of Works, was instructed to have the ditch deepened a foot on so for a distance of seven or eight rods to a creek, the earth being used to raise the approach to a bridge over the creek.

Ald. McGeough complained of the unlevel state of the walk on Simco-st., from Glenora to Durham. It will be "braced up."

Mayor Vrooman (to Clerk Knowlson)—"What about the excess freight charge on the two cannon? Have you made a demand on the Railway Company?"

Clerk Knowlson—"No, I haven't. Agent Anderson, I think promised to look into the matter, but he assured me the charge was a proper one."

Mayor Vrooman—"Put in a claim at once so that we may have correspondence to show when the County Council meets."

Mr. Joe Fisher was heard in connection with a promised old plank walk on Water and Meloume-sts., part of the material for which had been on the ground for a year. Referred to Board of Works.

Reports of the several standing committees were introduced by Messrs. McGeough, Begg, J. Jordan and McLean, and were adopted as read.

WILL GET REFUND.

Mayor Vrooman—"What about the cigarette licenses—have they been paid?"

Clerk Knowlson—"Yes, but the parties are asking for a refund on the amount that they had to pay for a full year while only able to do business for seven months. I think the request a fair one."

Ald. McLean—"The cigarette man thought that when they took out a license on 1st Aug. it would run until the same month in the following year, whereas all town licenses are payable in March."

THE SNOW CONTRACTS.

Moved by Dep. Reeve Jordan, seconded by Reeve Begg, that the clerk call for tenders for the removal of snow for the seasons 1907-8.

Some discussion was aroused by the motion, Ald. McLean leading off with the query, "Don't you think the snow cleaning could be done more economically by day labor?"

Reeve Begg—"Yes, if we had the right kind of an overseer."

Clerk Knowlson—"It cost \$313 to clean the walks last year."

Dep. Reeve Jordan—"I don't think day work would be as satisfactory as the contract system."

Ald. Devitt—"Why not compel property owners to clean their own walks, as in Port Hope and elsewhere?"

Ald. McLean—"Because we have a larger area and houses are far apart in some sections."

Reeve Begg—"The town team could do the north ward and west part of the south."

Mayor Vrooman—"The idea is to get the plows out as soon as possible after a fall."

Reeve Begg—"The driver and Overseer O'Neill should each take a horse and start in different wards. O'Neill should have certain men upon whom he could call to get out early, when wanted. It won't do for the

town men to wait until the 7 o'clock bell rings at a time like that."

The matter will be settled by the Finance committee.

A DEPUTATION HEARD.

Just as the members were about to adjourn and perhaps follow Ald. Weidon to the Academy, the door opened to admit of the entry of Messrs. M. Williams, W. Flavelle, J. Carow and A. L. Campbell, directors of the Madison Williams Foundry Co. They were granted permission to voice their grievance.

Mr. Williams, the first speaker, jogged the memories of the members as to the circumstances surrounding his coming to Lindsay. Council had promised to encourage him and give him a low assessment. The result was a tax bill for \$1173.72.

Mayor Vrooman—"The law is very specific on this question of taxation; we are not permitted to grant exemptions from school tax. When a man like Mr. Stewart comes here to represent a company or an industry, we assume he will not ask us to do an illegal thing. While this matter was being discussed I remember that we rang up Mr. Stewart and asked him specifically if he understood there would be no exemption as to school taxes. He replied that he so understood it, and Mr. Williams also expressed the same view."

Mr. Flavelle—"We are well aware that school taxes cannot be exempted."

Mayor Vrooman—"You're not asking for that? Of course it is the intention of Council to exempt all other taxes levied on the industry."

Mr. Carow—"It is most unfortunate that Mr. Williams should be assessed at \$40,000 for school taxes instead of the old amount paid by Mr. Dovey. It will lead to trouble and difficulty."

Mayor Vrooman—"We appoint assessors who are sworn to assess values wherever found. How can they assess a property for \$25,000 which they think is worth \$40,000? It would simply be winking at the law."

Mr. Williams—"Machinery is exempt, and you must be quite well aware of the fact that the building did not cost half of the \$25,000 placed on it."

Mayor Vrooman—"Some classes of machinery are assessable."

Mr. Carow—"The thing is right here in a nutshell—we were led to believe certain things by the Council, and so induced Mr. Williams to remove his industry to Lindsay. He has done so, and he finds things different to what he has been led to expect. It is a nasty mixup. Apparently we have been deceived by Council, and in turn we deceived Mr. Williams and his friends."

Mayor Vrooman—"If we reduce Mr. Williams' school tax now we shall have to leave the reduction as a deficit."

Reeve Begg—"You had an agreement with the town, hadn't you?"

Mr. Carow—"I know that Mr. Stewart was with us several times when the matter was talked about. The way I understood it was that the old Dovey mill was there idle, and we understood to replace it with a live industry on the understanding that the assessment was to remain at the old figure for ten years."

Messrs. Campbell and Flavelle added brief explanations. If Mr. Williams had received his tax slip the matter would have been brought to the notice of the Court of Revision.

Mayor Vrooman—"I fail to see how that would have helped to get around the corner. There is no exemption for school purposes, there is a \$40,000 property, and how can you escape the tax?"

Reeve Begg—"Mr. Chalmers and other citizens enjoy a fixed assessment—why can't we do the same in this case?"

Mayor Vrooman—"Because the new law is more specific."

Mr. Carow—"I've been through that before. Sixteen years ago, when I asked for a low assessment on my saw mill, an agreement was made and I was told to go ahead and cover the whole five acres with buildings if I wished. No record was made on the books, and I had to fight for my rights with a lot of new men. This is another case of the same kind."

Reeve Begg—"Refer the matter to the Finance committee."

Mayor Vrooman—"All right, but I fail to see where we will benefit."

Mr. Williams—"Do you think it was right for the assessors to make a lord's eye valuation? They stood on Carow's hill at the time."

Dep. Reeve Jordan—"If the assessors have not been doing their work properly, we should know it."

It was arranged that the Finance committee should meet Saturday night to deal further with the matter.

Council then adjourned.

Why She Was Angry.

Wigwag—"What is your wife angry about now?"

Henpeckle—"Her absent-mindedness. She was going to scold me about something, and she can't remember what it was."

Dundas & Flavell Limited

We Are Selling

Women's and Children's Coats

Faster Than Ever Before

THE REASON IS EASY

COME! See the Coats, examine them, try a few on, price them. We are selling garments faster than ever before, WILL BE SELF EVIDENCE.

This year we have fortunately allied ourselves with a few Coat Manufacturers who are the acknowledged peers

of their craft. Their garments 100 per cent. more of style and quality and good workmanship than the average manufacturer's.

And our policy, of more of sales and less of profit allow us to sell the very best of Coats in this vicinity at prices less than others charge for inferior sorts.

Choice is Wide---of course. A few interesting lines of the many we might print:
